IN WARM WEATHER

It's important that the bowels move freely every day.

Laxa-Liver Pills the best medicine to take.

Constipation is a serious matter at any time, but especially so in summer time. The heat makes the germs of fermentation and decay active, and soon the whole system becomes poisoned.

Most of the fevers, inflammation, pimples, blotches, eruptions, sallow complexion, sick headache and general feeling of malaise, are due to impurities circulating in the system.

People who want to keep healthy during the hot season should see to it that their bowels move regularly once a day.

If through error in diet or other causes the bowels do not act naturally, take Laxa-Liver Pills.

They aid nature in removing the effete and waste materials without causing any griping, weakening or sickening.

A trial will convince you of their easy action and efficacy. When you find they do you good don't forget to recommend them to your friends and neighbors.
