"Handy Andy" Is Hailed As Rogers' Best

HILARIOUS SITUATIONS KEEP AUDIENCE IN STITCHES AT WILL'S LATEST AT PRINCE EDWARD

Will Rogers keeps the laughs rolling right along in his latest picture, "Handy Andy," which opened last night at the Prince Edward Theatre. Without doubt, it's his funniest picture. Dialogue and situations combine to maintain a steadily mounting crescendo of mirth—just a whirlwind of belly laughs. He keeps the audience in stitches most of the time.

Rogers portrays a druggist who wants to work in peace. But his wife, expertly played by Peggy Wood, nags him to set out and learn to play. And he does!

First he becomes a pigeon fancier, and lets his pets fly all over the house. Then he takes up golf with exorbitantly funny results.

The climax comes, however, when his wife persuades him to take a trip to the Mardi Gras in New Orleans. There Rogers rebels violently when his wife tries to make him dress in a fancy costume to attend the Comus ball. She attends with a gigolo and leaves Rogers at home. Lonesome, he meets a druggist and the latter's girl friend, Conchita Montenegro. After a few cocktails with his new friends, Rogers is persuaded to attend the ball after all.

Rogers appears in a Tarzan costume and causes a sensation with his rough and tumble dance with Conchita. The dance ends in a free-for-all fight that lands Rogers in jail. Of course his wife is completely cured and pleads with him to return home to his old quiet life.

There is a clever surprise finish involving Rogers, Miss Wood and the culmination of the diverting romance running through the picture between Rogers' daughter, Mary Carlisle, and Robert Taylor.

Telephone slot machines in the homes is a subject receiving consideration by the London General Post Office. The idea is to introduce into houses the system now operating in call boxes and kiosks.

Predicts Steady Business Uptrend

Mr. John J. McHale, President of Scott-Mohale Limited, Toronto, Ontario, and one of the Dominion's outstanding manufacturers paid a visit to Charlottetown yesterday, leaving for Summerside and the mainland this morning.

Mr. McHale's visit included a call on the Wright Shoe Company here, who sell his product.

In conversation with Mr. Wright, Mr. McHale stated that while from observation he in P. E. Island, have not as yet felt the quickening of the accelerated trade that has recently affected the central provinces, yet the industrial towns and cities visited by Mr. McHale all the way down from London to the Sydneys are at the present experiencing a renewal of business that is very gratifying to manufacturers and retailers alike.

He quoted in particular the city of Sydney where the rail mills and blast furnaces are going full blast and whose weekly pay-rolls are not far behind the peak year of 1929. Merchants there are now ordering once again the higher quality merchandise that for three years back went begging, wage earners both at steel plants and collieries feeling the benefit of steady work at good wages and the promise of a full winter employment are again buying freely and with confidence.

Mr. McHale was in attendance at the recently held Kiwanis convention at Halifax, this being his first visit to the Maritimes and speaks in glowing terms of the scenic beauties of these provinces.

Incidentally, Mr. McHale stated that he personally subscribes to a private statistical report of the Roger Babson agency of New York at a cost of \$125.00 yearly and latest information forecasted therein places Canada on the verge of an artificial era such as is hardly realized elsewhere in the world.

Mr. McHale also stated that the conclusions arrived at after a year's trial by the U.S.A. of artificial stimulation to speed up the country's business are that they would have been further along the road to recovery today had they (as in Canada) allowed the natural process of recovery already setting in to have uninterrupted sway.

He gazed deep into her big blue eyes... and saw a million dollar price tag!

DOUGLAS FAIRBANKS JR.

With GENEVIEVE TOBIN FRANK MORGAN Colleen Moore, Edward Everett Horton

CAPITOL—Today

"SUCCESS AT ANY PRICE"

Douglas Fairbanks Jr. At Capitol

A triumph of characterization is seen in a film of unusual power, chock-full of entertaining qualities, this being "Success At Any Price," the new RKO-Radio Picture which opened at the Capitol Theatre last night with Douglas Fairbanks, Jr., Genevieve Tobin, Frank Morgan and Colleen Moore.

An expertly selected and perfectly balanced cast makes the story intensely human and credible. Fairbanks is magnificent in his transition from the poor boy of the slums who rises to power. Colleen Moore shows all of her old charm and a new depth of personality, and the screen is richer for her return. Genevieve Tobin is a bewitching luxury-loving ringer is exquisite. Frank Morgan gives a sincere, finished performance in a sympathetic role; and Edward Everett Horton lightens the drama with his inimitable comedy. Other roles are capably handled by Nydia Westman, Allen Vincent and Henry Kolker.

"Success At Any Price" concerns Joe Martin's false standards of success in the advertising agency where his fiancée, Sarah Griswold, is employed. In his march to wealth and might he forgets Sarah and becomes involved with the gorgeous Agnes Carter.

In a great emotional climax Joe's first love returns to him as a savior. A story of real human beings, "Success At Any Price" is intensely absorbing. It never relaxes its grip upon the attention nor its hold upon the heart.

PRESBYTERIAN CHURCH YOUNG PEOPLE'S RALLY will be held in Zion Church at half-past seven o'clock on Friday evening for the purpose of organizing a union and electing officers for the same. Earlier, at 4 p.m. the two delegates appointed by each society will meet with the Presbytery Committee in Zion Church to arrange the programme for the evening meeting.

BIG POTATOES—we are pleased to display in our show windows two large potatoes given to us for that purpose, and when we say big, we mean stupendous. Both were grown from P. E. Island seed. One is white, and weighs 1-3-4 pounds, and the other, an old-fashioned blue, weighs 1 pound 3 ozs. They were grown in the garden of Mrs. Catherine Nichols, Trenton, and both are beauties of their type.—New Glasgow News.

Death removed from this sphere of activity all that was mortal of Daniel Macdonald. Deceased was the last of a family of fourteen, and had actively taken part in the affairs of life, until about a week before his death. He was 78 years of age, and a life long resident of Seven Mile Bay Parish, as was also his ancestors, his grandfather having obtained a grant of some hundreds of acres of land, and emigrated here from Scotland.

His funeral took place to Seven Mile Bay Cemetery on September 30th. Always so kind and generous he will be sorely missed in the home and elsewhere. Left to mourn are his widow, and one daughter, Mrs. O'Connell Noonan, Albany. (Pioneer Please Copy)

Col. H. DesRosiers, D. S. O., President of the B. Houde Company, Limited, Quebec, and director of Imperial Tobacco Company of Canada, Limited, has been appointed Vice President of this latter company.

Col. H. DesRosiers, D. S. O., of Quebec City has been appointed vice president of Imperial Tobacco Company of Canada, Limited, and will move to Montreal to take up his new duties in the very near future, according to an announcement from the Executive Offices of the Company to-day.

Col. DesRosiers has been associated with the company since 1901. He worked at the head office in connection with the Sales Department, and later took over branch offices in St. John, N. B., Ottawa and Toronto. Later again he was appointed secretary to the board, a position he occupied until the outbreak of the Great War, and which he again assumed on his return from overseas in 1919.

In 1920 Colonel DesRosiers was appointed general manager of the B. Houde Company, Limited, Quebec, subsidiary of Imperial Tobacco Company of Canada, Limited, and in 1929 he was appointed president of this company. In 1928 he was elected director of Imperial Tobacco Company of Canada, Limited. He is also president of the Quebec Leaf Tobacco Company, Limited.

Born in Vaudreuil in 1880, Colonel DesRosiers was educated at Vaudreuil, and finished his education at the University of Ottawa.

When war was declared in 1914, Colonel DesRosiers immediately joined the 14th Battalion as lieutenant. Winning his captaincy at the Battle of Ypres, he was recalled to Canada in 1916 to raise the 168th Battalion. This unit became, in England, a part of the 10th reserve. Crossing to France in 1918, Colonel DesRosiers took command of the 22nd Battalion which he brought home at the conclusion of hostilities. Colonel DesRosiers was mentioned in

their great menace is their system of reproducing. Each unmated mother beetle has hundreds of daughters. The young burrow from one to two feet underground, following fully grown, these sly bug amazons continue to live for a year underground still destroying roots unseen. Then in their second year they emerge to lay eggs.

They cannot fly. Their wings are both under-sized, and tightly sealed together. But they have wonderful crawling apparatus, with feet equipped with both claws and sticky pads.

The spread threatens several million dollars damage even in its present small stage. It is believed the beetles were introduced to this country in packing materials from Europe. Russia is the scene of some of their worst ravages.
