Misses Harper, Donahue, Irving and Green arrived Monday evening to assume their duties in Eglinton Rollo Bay W., and Fortune Bridge Schools.

The weather man appears to be in a very undecided frame of mind—Sunday and Monday being real fall days, while Wednesday and Thursday were surely "scorchers."

A large number of visitors attended the Bay Fortune Tea Wednesday including several cars from Charlottetown and Souris as well as a number of people who are home from U. S.

On Wednesday a delightful dance was put on in the B. I. S. Hall, Souris. The music was furnished by Wagner's Orchestra and the selections were very pleasing indeed. The affair was quite a success.

Other week-end visitors included Mr. and Mrs. Thomas Cameron, Hampton, Mr. and Mrs. Joseph Trowsdale and children, Miss Amy Trowsdale, Miss Louise Cameron and Mr. and Mrs. Lowther of Cra-paud.

The "Blood Ship" was shown on the screen to a large audience in Souris Hall Tuesday evening. Some of the scenes depicted (being mostly water scenes) were very beautiful indeed. The comedy was very amusing.

Mr. Walter Richards formerly of Poplar Point but of Boston for the last few years, is on a visit to his home. He motored down and intends to go back for a short time, eventually to return to P. E. Island. He says there is no place like the Island.

Mr. and Mrs. Sweeney of U. S. are visiting friends in Charlottetown and Kings County. Mrs. Sweeney was formerly Miss Maud O'Hanley of Bear River. They are motoring and are accompanied by their two children and Mr. John O'Hanley.

We regret very much to report that Miss Belle Townshend of Rollo Bay West daughter of W. H. Townshend, C. N. R., was taken to the P. E. I. Hospital Tuesday, suffering from appendicitis. She was operated on Tuesday night and according to latest reports is still in a very critical condition, the case being a very serious one.

Bay Fortune Tea was held on Wednesday, August 15th and was a very pleasant affair, despite the extreme heat of the day. The tea was held in a pretty spot overlooking Fortune River and was largely attended. The attractions included bowling alley, African Dodger and fishing pond, as well as the usual well stocked refreshment booths and tea table. The Ladies Aid also had a bazaar on the grounds. Quite a number of former residents who are home from abroad attended and a jolly good time was spent renewing acquaintances, indeed it was "hand-shaking" all the time. About three hundred and sixty dollars were realized which amount goes towards the Church Fund.

The schools in Eastern Kings have all re-opened. We trust that parents will all strive to have their children begin to school as that is one great draw back in rural schools—many children waiting for two or three more weeks before getting started. Then when they do start they are behind with their work and of course discouraged at having so much to do to try to "catch up." This is not fair to either teacher or child. We all know regular attendance is absolutely necessary for advancement and as the vacations are regulated so as to allow the children two weeks at home during the harvesting of the potato crop, the attendance might be much better than it usually is. If the parents would just consider that there are only two hundred (200) days in the school year, they would realize that almost perfect attendance is required in order to get an education.

Mrs. Fred Worth, City, is visiting friends in this section.

Rev. Edwin Aitken and wife are summering in Fortune Bridge.

Mr. and Mrs. Dan Jenkins were recent visitors to Fortune, the guests of Mr. and Mrs. H. W. Burke.

Mr. and Mrs. Reginald Dingwell and daughters, Frances, June and Dell were visitors to the City this week.

We regret to hear that Mr. W. J. Brennan efficient book-keeper of the J. J. Hughes Co., Souris is not enjoying his usual good health.

A large number from the surrounding country attended the Bennett meeting in Souris, Friday evening.

"He's a popular poet."
"Why, I thought he hadn't written anything for years."
"He hasn't. That's why!"

A man sent a small boy to deliver a note to a young lady who lived a few streets away. He gave the boy twopence so that he would hurry. After a short time the messenger came back, and, returning the money, said: "Miss Jones says she will be glad to see you tonight, but she didn't want the twopence!"

THE shipping room of the Goodyear factory at New Toronto is a veritable world travel bureau for tires.

August 13th shipments were sent to Angola, Guatemala, East London, Cape Town, Durban, San Juan, Port Elizabeth, Bulawayo, Famagusta, Lourenco Marquez, Beira.

On August 14th included were Buenos Aires, Valparaiso, Stockholm, London, Helsingfors, Paris, Calcutta, and 16 other foreign ports.

On August 15th—the list is 23—including Rosario, Santos, Antwerp, Demerara, The Hague, Zurich, Samarang, Singapore.

And so it goes, day after day, the whole year round. The world comes to New Toronto for tires.

Comes, because in every country in the world, as in Canada, Goodyear is acclaimed as the world's greatest tire.

And throughout the world, as in Canada, more people ride on Goodyear Tires than on any other kind.

This world-wide dominance has been gained on all kinds of cars, in all kinds of climates, over all kinds of roads, against all kinds of competition. It is the greatest endorsement which any tire has ever received.

You can quickly and easily get these good tires, for in every town in Canada large enough to support a good tire dealer there is a Goodyear Selected Dealer.
