SUSSEX DEFEAT VICS 6-3 IN HARD GAME Intermediate Champs Make Visitors Go All The Way To Gain Verdict.

Playing an exceptional brand of hockey against overwhelming odds in the form of an experienced Sussex hockey aggregation...

When one considers the experience and hockey ability gleaned by these youngsters in their few short seasons, it is of exceptional merit to say that they demonstrated to a nicely just what calibre of hockey brains they possess...

Not for fourteen minutes did Sussex score on the youngsters Harold Radcliffe doing the damage on a disputed goal which was allowed. The same Radcliffe made a pass from Lutz. The remainder of this period was nip and tuck with the Victorias having the better of the argument.

In the second period Con Campbell playing a whole of a game on the Victoria defence, broke away on an intercepted pass to score in four minutes. Things looked bright for the blue and white as they bored in on Roach forcing him to work overtime, but all was in vain...

On the opening of this period the Victorias seemed to be imbued with new life and vigor; again forcing Roach to do his prettiest to keep the puck out of the net...

The line-up: Goal - Roach. Victorias - Dillon. Sussex - Minard's Liniment for sick animals.

Summerside Town Council

Regular Meeting P. E. I. Presbytery Of United Church

The last regular monthly meeting of the Summerside Town Council as presently constituted was held on Monday night, the Mayor and all the Councillors being present.

After routine, paid Town accounts amounting to \$17,216 and \$608.95 on electric light account were considered and in the latter total, \$24,441 were passed for payment.

A communication was read from Mr. J. T. Todd, who having been appointed Agent for the Children's Aid Society tendered his resignation as Special Policeman and Truant Officer. This was accepted and Mr. V. J. Harrington was appointed to the position of Truant Officer in his stead.

A letter from Mr. W. K. MacGougan requested the extension of the electric light service to his fox ranch, was on motion of Councillor Schurman, granted.

On motion of Councillor Schurman the Electric Light Committee was authorized a 10,000 gallon oil storage tank for the electric plant from the Toronto Iron Works, Toronto for the sum of \$650 f.o.b. Summerside.

On motion of Councillor Bell the Red Cross Society was granted the free use of the Police Room for one night a week.

In reports of the Chairmen of Committees, Councillor Phillips specified a good deal of work that had been done by the various committees. Satisfactory reports were submitted by Councillor Bell (Police) and Councillor Schurman (Light and Power).

Returning Officers, Poll Clerks and Doorkeepers were appointed for the three wards at the coming election.

A delegation from the Fire Department, consisting of Messrs. Willard Mutart, F. J. MacLeod and George Hogg, were in attendance at the Town Council. They requested that a pressure gauge should be placed near the fire bell pull in the Town Hall so that the firemen would know at all times the pressure of water they had to deal with.

Requests by the delegation that more attention be given to the lighting of the Fire Department's quarters and that the lanterns be replaced by electric lights were referred to the able hands of Councillor Robinson to attend to and rectify.

A request for a new sleigh for the hook and ladder equipment and other matters were promised every consideration.

This finished the business of the meeting and each Councillor in turn made a parting speech in which a great many kind words were said of the efficiency of the Mayor and the harmonious working of the Council throughout the year.

The Mayor spoke in high appreciation of the co-operation of the Councillors and congratulated them upon the year's good work, culminating with being able to put before the citizens a civic statement second to none in the town's history.

A most enjoyable bridge and dance was given by the Knights of Pythias in their hall last night. Music for the dance was furnished by Dixon's Orchestra.

The following is the prize list for the last Pythian's Dinner: Ladies' first prize—Mrs. (Dr.) Bishop; Ladies' second prize—Mrs. E. M. Dalling; Consolation prize—Mrs. W. P. Doull.

Gentlemen's first prize—Mr. J. B. Carter; Gentlemen's second prize—Chief Birwhistle; Consolation prize—F. J. Holman; The Ladies' Lucky Chair—Mrs. Birwhistle.

The celebrations were in honour of the 50th Anniversary of the order, and were the most successful in its history.

QUEEN HOTEL

Since taking over this Hotel we have spent many thousands of dollars in improvements. It is now the finest Hotel of its class in the Maritime Provinces. It appeals to those who want a comfortable Hotel and splendid table and excellent service at a moderate rate.

A Message From The President Canadian Teachers Federation

E. A. Hardy, B. A., D. Paed.

As 1928 opens before us, we are all conscious of a feeling of pride in 1927 as one of the great years in Canada's history. In addition to our general pride as Canadians, we have a special pride as teachers in the fact that with the entrance of the Nova Scotia Teachers' Union, the Canadian Teachers' Federation became a completed circle embracing all our provincial teachers' organizations.

The 1927 C.T.F. meeting at Toronto following the great World Conference is a happy memory which we shall all treasure. Another very happy memory is the visit of the Canadian Conference of the C.T.F. in 1926. Those of us who were privileged to be there, both official and unofficial delegates, will never forget the cordial and generous hospitality of the teachers and the people of Prince Edward Island. It was a delightful experience and we all came back to our homes resolved to say the kindest words for the Island at every opportunity, and to know we have not been unkindful of our resolve.

We are planning now, as an Executive Committee, for the Annual Meeting of the Canadian Teachers' Federation. Winnipeg is to be our aim, and that speaks of hospitality. We should welcome any suggestion as to the programme of the greatest possible service. May I call your attention to the fact that while the C.T.F. is a strictly delegated body of 30 members, its interests are open to all teachers. May we not see a considerable delegation, then, from your province at the Winnipeg Conference?

One of the policies of the C.T.F. is to ask each provincial association to contribute to the programme a study of some one phase of our professional problems. This intensive study by one Association develops a high value in our annual programme, and makes it worth the while of any teacher to be present at the Annual Conference. The personal contacts lead an added interest and value, so that all who have had the privilege of being with us have felt it to be an unusual privilege.

Looking ahead to 1929, you will be glad to keep in mind the Third Biennial Conference of the World Federation of Education Associations to be held in Geneva that year. Canada's contingent is likely to be very large. Already a good many teachers have begun to plan for it and some important travel arrangements are expected shortly. We expect to have teachers from every province in Canada. Won't you plan to be among them? It is to be a great Conference and scores of people are even now at work preparing its programme and local arrangements.

On behalf of the Canadian Teachers' Federation, I wish every member of your provincial association a year of happiness and progress. May I add, if I may as an outsider, that it would cheer the hearts of all Canadian teachers to learn that Prince Edward Island has decided to recognize the services of her fine body of teachers with more adequate remuneration. Like the other provinces, we urge that you come to the Island and it seems only fair that the teachers should have some share of that prosperity.

One Hurt As Plane Crashes

MIAMI, Florida, Feb. 16.—A Cuban-American air line seaplane, carrying 19 persons, fell into Biscayne Bay, two miles from shore late today, seriously injuring Ray Jackson, 38, of Miami. Members of the crew, a government inspector and 12 other passengers suffered only minor bruises and shock when the plane fell to the water from an altitude of 200 feet.

WHITE.—At Souris, Feb. 7, 1928, to Mr. and Mrs. Ernest White, a son.

DEATHS McINNIS—At Souris Line Road, on Feb. 9th, Tessie, dearly beloved daughter of Andrew and Mrs. McINNIS in the 21st year of her age.

McINNIS—At Cambridge, Mass., on Feb. 14th, 1928, Mrs. Sarah A. McINNIS in her 67th year. Funeral notice later.

Llewellyn.—At Murray Harbor North, Mrs. James Llewellyn, P. m. on Saturday, Feb. 18th at 2 p. m. to Murray Harbor North Church.

MacCALLUM.—At Harrington, Thursday, Feb. 16th, 1928, Mrs. Katherine MacCallum, widow of the late John MacCallum, aged 86 years. Funeral on Saturday at 2.30 p. m. Interment Brackley Point Cemetery.

MacDONALD.—In the city on Feb. 15th, 1928, Mary MacDONALD, aged 18 years. Funeral from her late residence, 69 Cumberland Street, Saturday morning at 8.45 to St. Dunstan's Cathedral, thence to the Roman Catholic Cemetery.

Action, Thrills And Laughter In New Capitol Show

Thrills and spills, love and laughter, are the ingredients that have been mixed together to make "The Rawhide Kid," the Universal Western production starring Hoot Gibson which opened at the Capitol theatre yesterday. The combination has resulted in a picture play of merit with high-powered action from start to finish.

Into this latest Universal success the irrepressible Hoot brings his engaging personality, superb riding and realistic acting. It is safe to say he once more demonstrates his right to the title of being the screen's greatest Western rough rider. His stellar performance in a cross country horse race which was filmed for this picture is a show in itself.

"The Rawhide Kid" gives us the best all-around Western ever filmed with tense and dramatic action included so as to carry out the plot of a well written photoplay. With a group of fun-loving cowpunchers, who intend to beat the star at his own game, Hoot is carried into one of the swiftest pictures of his career.

As Dennis O'Hara, Hoot again shows his ability to stick to a galloping horse and some of the greatest action pictures ever filmed of a horse race were photographed for this picture. Everything from fast gun play to fast horse racing makes this picture of unusual interest.

Georgia Hale, the dainty and sweet little miss who may be remembered as Charlie Chaplin's leading lady, portrays the role of Jessica Silverburg, the heroine, and she is sure enough low-interest. Harry Todd, as usual, injects his bag of tricks as a comedian, with Frank Hagney, William H. Strauss, Tom Lingham and others in prominent, well-played roles.

Chapter four of "Hawk of the Hills" and "Duck Soup," a side-splitting comedy are the added features of this big week-end bill.

With revenues now buoyant there is a tendency to have the dominion embark on many new ventures, as well as a tendency towards indiscriminate private speculations. We should not, however, forget our national debt. Work and thrift are the only sure roads to success. The new generation that spends the money should not shirk its responsibilities. Further taxation reductions will become possible as Canada progresses, that national progress is dependent on the wholesome goodwill we practice, towards one another.

Scientists have succeeded in freezing water in such a small fraction of a second that it immediately explodes.

Do you get a sensation of pressure on the heart? Don't fret. It's not your heart. It's the indignation. Seeget's Syrup will do it. Any drug store.

PROCEEDINGS

(Continued from page 1)

treasury bonds for \$45,000,000. The annual saving of interest resulting had been \$3,607,000 and additional advantages would accrue. Canadian national requirements were met by \$5,000,000 of 30 year bonds, \$16,600,000 of which will be applied to constructional work and betterments. Guaranteed securities to the extent of \$8,000,000 has been executed for the construction of steamers for West India service.

In the former it was pointed out the adverse balance in 1913, was \$222,000,000 the highest in our history. In that year only three nations had favorable balances, the United States, Argentina, and British India. Thirteen years later there were six countries favored of which Canada was the highest, at \$29.34 per head. The United States \$3.22 and so on down to 0.02 cents.

Our imports in 1926 were \$766,100,000 and in 1927, \$823,054,094 and exports for the same years \$998,738,874 and \$970,154,998 respectively. The decrease in exports and increase in imports were attributable to greater domestic demand owing to conditions of prosperity. With treaty nations we had sold \$157,000,000 and bought back \$78,000,000. In regard to trade with Canada we had sold \$542,900,000 of goods and purchased \$214,000,000.

Duties to the extent of \$36,598,000 of which \$25,711,000 was for duties on alcoholic imports had been collected. In a broad way the duties on British dominions and possessions were non-competitive and the advantage for working for closer trade relations is apparent.

Among the things Mr. Robb said in conclusion was—A general tone of optimism exists throughout Canada. Nevertheless may I be permitted a word of friendly caution as to the future.

"Today we are widening inhabited frontiers, penetrating and developing our great Northern domains. Federal and provincial governments, transaction companies, commercial corporation and individuals share in the work. It is a national undertaking of importance, for it only develops Canada in a material way but in addition, gives a better balance to our geographical groupings of population. Should we not benefit by experiences of past and keep this expansion within proper economic bounds, so that at no time will undue strain be placed either on the resources of governments or of the investors."

"Thus by policies beneficial to all parts of Canada, national development both in industry and population, has been encouraged. Canadians are returning home (laughter from the Opposition), desirable types of immigrants are attracted and Canada is once more building solidly for the future."

A spirit of hopefulness has been
