PARIS, Aug. 10.—The Continental Allies will resort to diplomatic measures to induce Premier Ramsay MacDonald to personally attend the Hague Conference, the United Press was informed by authorized sources today. Mr. MacDonald would be urged either to confirm the position taken by Phillip Snowden, the British Chancellor of the Exchequer, or attempt a compromise to save the Conference.

TENNIS MAKES PLAIN GIRLS

Women tennis enthusiasts have one "danger" to guard against—the tendency for good looks to be spoiled. The constant strain of looking either at the ball or your opponent the whole time does undoubtedly tend to develop a fixed hard expression which is only too apparent in the case of many women players. There are cases of first-class players who, starting as really pretty girls, have become so strained in their expression that they are now positively plain looking. —H. S. Scrivener.

TRINITY UNITED CHURCH

"Blest day of God! We hail its dawn,
To gratitude and worship drawn."

It was encourgging to see such a good attendance at both services yesterday. Rev. Mr. Brown officiated and in the morning his subject was "A Soul Restored." The scripture lesson being 1 Kings, 19. The text was verse 4. Lessons from the life of Elijah. The Holy men of the Bible were men of like passions with ourselves. They were great men, yet had their weaknesses and failures, but the last word in this world is not human weakness but the redeeming love of God. In the Psalms it is written "He restoreth my soul," so it was with Elijah. His life was not in vain. One of the heart-breaking experiences of life is to toil hard and long and look back and see no result but it is well to remember that no work well done, no word well spoken, no life well lived fails of reward. Have faith in God. He never leaves, he never forsakes, his loving kindness will be with us. "He restoreth my soul."

In the evening the subject was "Forgivness," the text being Acts 13-38, "Be it known unto you therefore, brethern that through this man is proclaimed unto you the forgivness of sins." All have sinned and all are in need of forgivness. There are sins of Passion, sins of Temperament, sins of Society, sins of the Corporate life and sins of Neglect. It is beyond the power of man to forgive sin but through the mercy of God there is one who can and will forgive sin. "He breaks the power of cancelled sin, He sets the prisoner free, His blood can make the vilest clean, His Blood availed for me."

The presence of Professor Fletcher at the organ after a seven weeks' visit to his home in England, added greatly to the service of music which included two solos splendidly rendered, one in the morning by Miss Rena Wood, "I heard the voice of Jesus say," and in the evening by Mr. P. W. Small, "The Plains of Peace."

NEW ZEALAND DEFICIT

WELLINGTON, New Zealand, Aug 10—Owing to shortage of revenue and unexpected additional interest payments, New Zealand closed the financial year of 1928-29 with a deficit of more than $2,500,000. The shortage of taxation was due to a tardy recovery of the country's trading position, notwithstanding an excess of exports over imports of $60,000,000 and a complete recovery of the credit position.

ALIENIST SAYS WOMEN SLEEP MORE THAN MEN

Dr. Bernard Hollander, famous British alienist and criminologist, in addressing the South Place Ethical Society on "Sleep and Dreams," in London, recently, declared that women not only slept longer but they slept more lightly and peacefully than men, and he added:

"They are also less troubled by disturbing dreams than the male, probably because they have less work and worry. To those who suffer from such dreams, commonly called nightmares, I would give the following tips:

"Do not eat indigestible food late at night;

"Do not allow the collar of the nightdress to be tight;

"Do not misplace the pillow so as to bring the head into a wrong angle in relation to the body; and

"Forget emotional excitement."

There were, Dr. Hollander said, men who required not more than five hours' profound sleep. Others slept nine hours and even more. In his opinion, seven hours' sleep for a vigorous adult should suffice. The habit of sleeping too little was less frequent than that of sleeping too much.

Hard brain-workers frequently could do with very little and even light sleep, and yet enjoy good health if they lived otherwise correctly. This fortunate power of rapid recuperation might be said to be one of the characteristics of greatness.

Sleep was most intense during the first two hours; hence the saying of the "golden sleep" before midnight. Others, less fortunate, had a double curve of intensity, at the commencement and at the end in the morning, at the time when they ought to get up; that was why a fatigue remained which they might feel the whole day.

TEACHERS' DEMAND

(Quebec Exchange)

Continuing the sessions of their Quebec Convention, the Canadian Teachers' Federation met in the Private Bills Committee Room of the Parliament Buildings, discussed the final reports of the various sub-committees and unanimously agreed to hold next year's meeting at Edmonton, Alberta.

Among the different resolutions submitted by the Executive Committee was one of particular importance in the question of protecting members of the Federation on occasion of differences arising between individual teachers and administrative authorities. It was resolved that the Executive Committee, in concurrence with a unanimous vote by mail of the Federation and its affiliated bodies, be given power to appeal special cases over the heads of the different Provincial Courts to a higher tribunal. The reason for adopting this resolution is that conflicting decisions have been given at times in the past regarding the rights and status of teachers and the Canadian Federation of Teachers is determined to protect and support its members to the fullest extent possible.

A resolution that the present conference reiterate the request to the Research Council of Canada that a grant be allocated by the Council for the purpose of Educational research was moved and adopted. The assembly unanimously approved the extension of the exchange of teachers between the provinces of the Dominion and also with different countries of the British Empire, recommending further that the principle of exchange teachers be extended to foreign countries as well. The provincial secretaries of the Association are requested to forward to the secretaries of other provinces the notice of any exchange positions open and to give as wide publicity as possible to such vacancies when they occur.

The following members were elected to the executive committee of the Federation: British Columbia; Mr. D. S. Ford, Alberta; Mr. A. J. H. Power, Saskatchewan; Mr. J. R. MacKay, Manitoba; Mr. A. E. Hearn, Ontario; Mr. J. C. Robertson; Quebec; Miss L. E. Brittain, New Brunswick; Mr. H. C. Rickard, Nova Scotia; Mr. J. A. D. Good, and Prince Edward Island, Mr. C. Braden Jelly.

It was moved by Mr. Barnett, seconded by Miss Fry that the Teaching bodies of Newfoundland and the Roman Catholic teaching bodies of the Province of Quebec be extended the right hand of fellowship and that they be invited to comply with the pre-requisites for their affiliation with the Canadian Teachers' Federation.

NEW PRESIDENT CHOSEN

At the recent session of the Association of Federated Teachers of Canada it was decided to have the Association represented at the International Educational Conference at Geneva by seven delegates. The Canadian delegation is so chosen to give representation to both Eastern and Western Canada and Dr. E. A. Hardy, of Toronto, Ont., was selected to head the party. Dr. Hardy will be accompanied by Mr. H. H. Hagerman of Fredericton, N. B. Miss M. C. Huett, Lunenburg, N. S., Mr. H. A. Shaw of Charlottetown, P. E. I., Dr. Donald McDonald of Toronto, Ont., Miss M. S. Straith of Toronto and Mr. A. M. Shields of Vernon, B. C.

Mr. C. N. Crutchfield of Shawinigan Falls, P. Q., was elected by acclamation to the presidency of the Association of Federated Teachers to succeed Mr. C. W. Laidlaw of Winnipeg, retiring president, J. W. Burnett of Edmonton chosen as vice-president, and M. J. Coldwell of Regina as secretary-treasurer.

After the business of the noon's session had been completed the visiting teachers were taken for an automobile drive around the environs of the city as guests of the Provincial Department of Education, visiting many points of beauty and historic interest.

At 7.15 special cars left the Chateau Frontenac for Montmorency Falls taking the educational delegates to Kent House where an official banquet was given by Mr. Cyrille F. Delage, Superintent of Public Instruction of the Province of Quebec. Mr. Delage renewed his cordial welcome to the visiting teachers and expressed his pleasure at greeting personally the representatives of their all-important profession who had come to the Quebec Convention from all parts of the Dominion. The Superintendent made an eloquent plea for greater mutual understanding and co-operation between the various races and religions throughout Canada, asserting that the school is the most solid and lasting base for such inter-racial harmony.

Mr. J. C. Sutherland following Mr Delage tendered a warm welcome to the delegates and expressed the hope that they would carry back to their respective provinces the most pleas-

ant memories of their visit to Quebec, and his satisfaction that they were in a position to explain to their friends in their different towns the outlook of the Quebecers.

Mr. M. J. Charbonneau, inspector of schools of Montreal paid a gracious tribute to the members of the Convention, saying that during the four days which he spent with the party he felt that he was among real friends.

Mr. Charles McBurney of the Department of Education emphasized the necessity of all Canadians to learn and speak the two official languages, and pointed out the measures taken in the High Schools to achieve this objective.

In reply to the speeches of welcome tendered their members, Mr. Crutchfield of Shawinigan Falls president of the Federated Teachers' and other delegates expressed their cordial thanks for the hospitality shown them by the Quebec Department of Education. Great pleasure and satisfaction was expressed at the interest and success of the conference and highest tributes paid to the beauty and industry of the Province of Quebec.

SPECTACULAR

By W. H. Gocher.

McGregor and Mable Trask.

The most spectacular performance among the trotters last week was seen at Elmira, N. Y., when Dewey McKinney won from Guy Ozark and Doane in 2.04 1-2. This six year old gelding has had an unusual career. He was bred at Lexington, Ky., by R. L. Nash and sold at auction as a yearling to a country boy for $90. He trained him as a two year old and George Goddard started him at Louisville where he finished third to Bert H., in 2.20 1-4. Dewey McKinney was then returned to his owner. He kept him on the move and after three trials gave him a record of 2.09 3-4 late in October.

The following winter Charley Mabrey purchased Dewey McKinney for Ralph Keeler of Auburn, N. Y., after a number of speed hunters had turned him down on account of his size and a few imaginary defects. A fall while being taken from a car at Auburn put Dewey McKinney out of commission in his three year old form. The following year he won a number of races, one of them being at Syracuse at a mile and a sixteenth in 2.11 which was at the rate of 2.03 1-2 for the mile. That race was trotted during the meeting at which his half brother Guy McKinney won the first Hambletonian Stake.

Early in the summer of 1927 Claude Ludington of Rochester, N Y., purchased Dewey McKinney for $15,000. He placed him in Thomas W. Murphy's stable. The big gelding failed to make the grade on the mile tracks, a first at Indianapolis being all that he had to show for his trip through the Grand Circuit.

After Murphy went over to the gallopers, Ludington shipped the horse to Walter Cox at Goshen, N. Y He gave Dewey McKinney a slow preparation for the 1928 campaign and put him over the top in the fastest company. The first start was made at Cleveland where he finished second to Peter Poem after winning a heat in 2.04 1-4. The following week he won at Toledo in 2.04 3-4. Kalamazoo was the next stop. At that point Dewey McKinney won the $10,000 trot from High Noon in 2.04 1-4.

Dewey McKinney was then sent to the Orange County Circuit where he won over the half mile tracks at Elmira and Goshen from Czarworthy and was defeated by Cinema at Middletown. He was then switched to the mile tracks. At the Goshen Grand Circuit meeting he won the $10,000 trot from Doane and Trumpet in the mud. The following week he finished third to Benelwyn and Fullworthy at Syracuse being timed separately in one heat in 2.00 1-2. After defeating Clara Bascom in a $5,000 event at Indianapolis, Dewey McKinney appeared at Lexington where he won the Walnut Hall Cup in 2.02 1-2 and the Castleton Purse and finished second to Doane in the Transylvania.

This year Dewey McKinney made his first start at Kalamazoo where he defeated Sam Williams and Donald A. in 2.03 3-4. His next appearance was at Elmira where he cut the half mile track record for trotters from 2.05 1-4 to 2.04 1-2.

All the speed marvels were on parade at Grand Rapids last week. Walter Cox displayed a fast three year old when he won from Contender with the Laurel Hall colt Walter Dear in 2.03. This showing will make him and his stable companion Volomite which won the Matron stake at Ta-

ledo in 2.05 favorites for the Champion Stallion Stake which will be trotted at Cleveland next week as the Kentucky Futurity and Hambletonian Stake both of which will be decided at Lexington.

The showing made by the pacers at Grand Rapids was the best to date Winnipeg in a trip against time reduced the track record to 1.58 1-4, while Kinney Direct won in 2.01 1-4 from Bonnie M., and Volo Rico and the California bred mare Bernice Logan defeated Riley in 2.02 1-2. A number of the trotters also raced close to the speed limit. The two year old Peter Volo filly Hanover Bertha won in 2.04 1-4, which is within a quarter of a second of the record for the age held by Fireglow and Mr. McElwyn. Her two winning heats in 2.05 1-2 2.04 1-4, are also the fastest ever made by a two year old trotter. In the $5,000 trot, San Guy won a heat in 2.02 1-4 and Lullawat, one in 2.03 3-4 before Gaylworthy landed the event in 2.04. Chester Stout won in 2.04 1-2 and Hollyrood Harrod in 2.04 1-4. The grandly bred colts Crusader and Nedworth also put their names in the 2.10 list. The first named is by Arion Guy. He won in 2.08. Nedworth made a record of 2.09 1-4. He is by Guy Axworthy and out of the Atlantic Express mare Nedda 1.58.

The William Penn Circuit closed at Reading, Pa., after a run of seven weeks. The most of the horses that made the trip are now racing in the Delmarvia Circuit which opened at Harrington, Del. At that point Skeeter W., defeated Hal Bee in the fast pace in 2.07 1-4, which is swift for these old pacers. Tyson also won with Ann Forbes in 2.10 1-4 and Theodore Gentry finally made good by defeating a large field in 2.09.

YACHT RACE AT HALIFAX

HALIFAX, N. S., Aug 10—(By W. J. Foley, Canadian Press Sports Writer)—Four new yachts, three of them thirty-footers, all owned by members of the Royal Nova Scotia Yacht Squadron, will swing into competition late this week over Halifax waters. Two new boats from Chester, High Tide and Atlanta, are also slated to be at the starting line.

The four new Halifax boats, Swallow, owned by Lieut. Governor Tory, Blue Heron and Albratross, all thirty-footers, and the Highlander, W. R. MacAskill's new 20-rater, were all designed by W. J. Roue, designer of the famous racing schooner, Bluenose, and also of the Acadia, owned by the Royal Canadian Yacht Club of Toronto.

The four newcomers to the Halifax fleet have added a filip of interest to Harbor racing this season and yachting is booming daily. Interest in the game is picking up throughout the Province, especially in Chester, where new boats are being built to compete with the new Halifax sloops.

Chester has two new boats this season to date, both of which are entered for the Halifax races. They are Grove's High Tide and the Atlanta.
