

TOOT YOUR OWN HORN
 A hen is not supposed to have much common sense or tact, yet every time she lays an egg she cackles forth the fact.
 A rooster hasn't got a lot of in-

tellect to show, but none the less most roosters have enough good sense to crow.
 The mule, the most despised of beasts, has a persistent way of letting people know he's around by his insistent bray.

The busy little bees they buzz, bulls bellow and cows moo, and waddling ducks and geese quack and coo.
 The peacock spreads his tail and squawks; pigs squeal and rebins sing, and even serpents know enough to hiss before they sting.
 But man, the greatest masterpiece that nature could devise, will often stop and hesitate before he'll advertise!—The Practical Printer.

You Should Tremble And Shudder
 When an unscrupulous druggist offers you a substitute for **DR. FOWLER'S Extract of Wild Strawberry.**
 If you are suddenly attacked by DIARRHOEA, DYSENTERY, COLIC, CRAMPS OR PAINS IN THE STOMACH, CHOLERA MORBUS, SUMMER COMPLAINT, OR ANY LOOSENESS OF THE BOWELS, do not experiment with some new and untried remedy, but get one that has stood the test of time.
 For 65 years this wonderful medicine has been used in thousands of homes in Canada, and has given universal satisfaction. When you want a bottle of "Dr. Fowler's," insist on being given what you ask for, as these no-name, no-reputation preparations may be dangerous to your health.
 Mr. J. Castle, Totonka, Man., writes: "Just a word in favor of Dr. Fowler's Extract of Wild Strawberry, which I used last summer for Cramps in the Stomach and Diarrhoea. I was very sick for a week and not able to do anything until I purchased a bottle of the above remedy, and after three or four doses I was as well as ever."
 The price is 35 cents per bottle. See that the name, The T. Milburn Co., Limited, Toronto, Ont., appears on the label, as we are the manufacturers and sole proprietors of this remedy.

RIVER FLOWS UNDERGROUND.
 That the Colorado river is flowing into a great hole in the channel and practically disappearing at a point two miles north of Volcano lake, below Yuma, is the statement of William Cranston, who returned from the desert today. The immense lake at Volcano made by the river is practically dry. It is believed that the water is flowing through an underground passage either into the Gulf of California or into Salton sea. In the latter event much agricultural land in the Imperial valley will be menaced.—San Bernardino correspondence San Francisco Call.

APPEARANCE AGAINST HIM
 "Is he a square man?"
 "I doubt it."
 "Why?"
 of enterprising young America, it was in some other and beautiful respects unique, just as the boy himself is and always was and always will be. I'm so much prouder of what he's done than I ever could be of anything I could do myself. His sleeves have overtaken his wrists, but he's the same brown kid to me.
