

THE SUMMERSIDE GUARDIAN

and PRINCE COUNTY CHRONICLE

WESTERN LOCALS

—BUY slate surfaced asphalt shingles, roofing and roof coating at Brace's. L-6577-9-14-21.

—INDIAN FINED — A case against an Indian charged with making a disturbance was heard before Mr. W. E. Darby on Monday morning. The Indian was found guilty and fined ten dollars and costs or 15 days. He paid the fine.—S.

—RETURNED TO MONTREAL — Mrs. MacKellie, who has been visiting in Summerside the guest of her brother, Dr. E. E. Sinclair and Mrs. Sinclair, has returned to her home in Montreal.—S.

—SIDE POLICE COURT — The Police Court at Summerside was quite busy yesterday morning. The town's coffers were enriched fifty dollars being the amount taken for bail from five drunks and added to this was \$6.50 fine from another drunk and incapable.—S.

—VISITING IN FREETOWN — Mr. and Mrs. I. C. Williams of Watertown, Mass., are visiting in Freetown, the guests of Mr. Williams' sister, Mrs. Wilbert Reeves; and also his brother, Mr. W. F. Williams and Mrs. Williams, Summerside.—S.

—RETURNED FROM EUROPE — Mr. and Mrs. Percy Crosby of St. Eleanor's have just returned from an interesting tour of Europe and the British Isles. During their trip they visited Paris and other places in France. They spent some time in London and saw much to interest them. Some of the beauty spots of England were also visited, their daughter, Miss Mary, accompanied them.—S.

—VISITING IN ST. ELEANOR'S — Mrs. E. Scott Eaton of Wolfville, N. S., is the guest of Mr. and Mrs. Percy Crosby of St. Eleanor's. Mrs. Eaton was accompanied by her son, Mr. George Eaton and his wife. After a brief visit Mr. and Mrs. Eaton left by motor for Toronto, Ont., where Mr. Eaton will continue post graduate work at the Toronto University.—S.

—VISITS HOME AFTER 45 YEARS — Mrs. Nettie Banton and her brother, Mr. Daniel T. Gillis, motored from Stoney Brooks, Long Island, New York, and Jamaica Plains, to visit their brother, Mr. Lambert Gillis and Mrs. Gillis of Miscouche. It is 45 years since Mr. Gillis visited his old home and he sees many changes and improvements since that time. Mrs. Banton was home five years ago. They expect to remain some weeks.—S.

—RETURNED TO LOWELL, MASS. — Mr. Ernest J. Ready, Mr. John Monaghan and Mr. Andrew Monaghan, have returned to their home in Lowell, Mass., after an extended visit to Prince Edward Island. During their visit they were guests of Mrs. J. D. Flood and other relatives in South Melville and Kelly's Cross. They also stayed with friends in Summerside and were the guests last Thursday evening at a jolly party at the summer cottage of Mr. Urban Gillis at Ives Point. They were accompanied on their return journey by Mrs. Nettie Tucker, who has been spending the summer months with friends.—S.

—OUR MINERAL OIL SPECIAL — Taylor Drug Co., Kensington. L-6577-9-14-21.

—HEAVY galvanized lath, shingle, roofing or boat nails, in stock at Brace's.

—FIVE GALLONS OF RUM SEIZED — The R. C. M. P. detachment at Summerside made a seizure of five gallons of rum on Saturday night, which they unearthed from the side of a residence, the rum being hidden in a trunk of earth. Prosecution is to be had in connection with the seizure.—S.

—Mr. P. V. Beck of Charlotteville was a visitor to Summerside over the week-end on business.—S.

—Mr. and Mrs. Ernest Walker and Mr. and Mrs. Lloyd Gorrell of Summerside are on a motor trip through Nova Scotia.—S.

—Captain Basil Kelly and Mrs. Kelly have as their guest, the captain's sister, Miss M. E. Kelly who arrived last Thursday from New York.—S.

—Mr. and Mrs. Charles McIvor and their little son Marcellus arrived home on Saturday from an enjoyable vacation in the Eastern States.—S.

—Miss Mary MacIntyre of Jamaica Plains is visiting in Spring Valley, the guest of her aunt, Mrs. Shields, Miss MacIntyre will also visit friends in New Annan.—S.

—Miss Irene Enman, who has been visiting friends in New Annan last week on return to her home in Boston.

—Mrs. Margaret Wagner left on return to her home in Dorchester, Mass., after visiting her mother, Mrs. John Hagen of Hope River, who is ninety-four years old. Her many friends were glad to see her back after an absence of ten years.

—Mrs. (Dr.) Walter Davies (nee Pearl Wilkinson, R. N.) and young son of Somerville, Mass., are visiting relatives and friends in Prince County, P. E. Island.—S.

—Mr. Ted Weeks of Dartmouth, N. S., is visiting friends in Summerside. Mr. Weeks was for some time advertising manager for R. T. Holman, Ltd. Mr. Weeks is receiving a cordial welcome from his many friends.—S.

—P. L. Bowness & Son FUNERAL DIRECTORS AND EMBALMERS Prince County Hospital Ambulance in Charge Summerside, Hedeque and Kensington Phone 33-1.

Desirable Property For Sale at Kensington

Property of the late W. A. Pidgeon consisting of eight room house with modern conveniences, hardwood floors throughout and hot water heating. This property is centrally located on the Margate Road. If not sold privately will be offered by public auction on the premises Saturday, September 26th at 2 P. M. together with household effects.

For further particulars apply to the undersigned.

LILLIAN PIDGEON.

FOXMEN!!

SUNGLO

FALL-FURRING RATION is now available thru your Sunglo Dealers. A SPECIAL RATION FOR DEVELOPING GOOD COLORED PELTS. MADE WITH AND WITHOUT BEEF MEAL.

J. L. DAVISON & CO. Funeral Directors and Embalmers KENSINGTON

beg to announce that they have taken over Mr. Compton's complete stock of Funeral Supplies and have arranged for Mr. Compton's personal assistance and the use of his modern motor Hearse and Ambulance equipment. Mr. Compton's long and thorough experience coupled with my ambition to give entire satisfaction at reasonable prices should merit the public patronage in this line.

Success Story!

CIGARETTE TOBACCO 10¢ Also in Lock-top Tins 55¢

—LOBSTER FISHING GOOD—

The lobster season on the South Shore is reported as being better than it has been for some years. Last week was poor as the lobster was shelling but from now until the end of the season it is expected to be good. With fishermen averaging 50 to 60 lbs. a catch and the price from 11 to 20 cents a pound, the fishermen are well pleased. The fishermen on the South Shore are beginning to realize that they must protect the young lobsters if they are to reap a harvest.—S.

Little Used Vegetables Pep Up the Menu

Some of my best culinary discoveries have come from both men and women selling vegetables at the stalls in market houses, for they are familiar with the preparation of foods that often are new to one.

Americans seldom use leeks and sweet fennel, for instance; yet both are prized by foreign cooks.

Leeks belong to the onion family but are very delicately flavored. They are splendid for seasoning soups and salads, and the lower white part can be trimmed and boiled and served with butter or white sauce.

The topeppo is a new vegetable rapidly gaining popularity. Its rise has not equalled broccoli because it is a more difficult vegetable to grow and isn't as plentiful. Topeppos are a waxy yellow color and resemble tomatoes in shape and sweet peppers in texture and flavor. The flesh is thicker than that of the pepper but has raw in salads or stuffed and baked the same crisp firmness. It is used just as the ancestors are used.

Kohl-rabi is a turnip-rooted member of the cabbage tribe. It is more delicately flavored than turnips and is of a finer grain and smoother texture. The thick outer covering is removed before cooking. Serve as you would turnips in a cream sauce with grated cheese or parboil and cut in slices about 1-4 inch thick and saute in butter with a sprinkling of sugar.

If you cannot find new vegetables, try new ways of serving the old ones. A vegetable pie is quite unusual but very easy to make. Serve it with a jellied fruit salad and floating island for dessert.

A vegetable loaf is another good dish. Use bread crumbs or rice combination of vegetables you have at hand. Serve it with a well seasoned tomato sauce.

VEGETABLE PIE

One cup of baby lima beans, 1 cup corn cut from cob, 1-2 cup of sliced okra, 1-2 cup diced kohlrabi, 4 tablespoons diced celery, few drops onion juice, 1 cup milk, 4 tablespoons butter, 2 tablespoons flour, 1-2 teaspoon salt, 1-4 teaspoon pepper.

Pastery: One and one-half cups of flour, 1-4 teaspoon baking powder, 1 teaspoon salt, 4 tablespoons lard or other shortening, 4 tablespoons butter, 4 tablespoons grated cheese, ice water (about 1-4 cup.)

Cook vegetables separately in boiling salted water. Melt butter, stir in flour and slowly add milk, stirring constantly. Cook and stir until sauce boils. Season with salt and pepper and add cooked and drained vegetables.

To make pastry, mix and sift flour, salt and baking powder. Cut in lard and butter and add grated cheese. Add water just as you would for ordinary pie crust. Roll half of dough on a lightly floured molding board and line a deep pie dish. Fill with vegetables in their sauce dot with bits of butter and cover with top crust. Bake for 20 minutes in a hot oven (425 degrees F.)

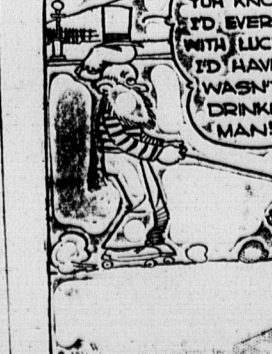

WELL DRILLING

We would be pleased if any parties who are contemplating on having a Well constructed this year would get in touch with us as soon as possible before the Fall rush.

Call, phone, or write.

COUNCIL PLANS TO COMPLETE STREET WORK

The most important matter to come before the Summerside Town Council last night at their regular meeting was a resolution to have all the street that has been finished with curbing and gutters completed this fall if possible.

Councillor Nicholson for the Finance Committee reported an increase in the towns receipts over last year of \$8741.78 up to August.

The 1936 receipts to August are \$29116.78. 1935 corresponding month 22375.00. \$7000.00 in assessment had been received in advance of last year. The 1935 outstanding taxes have been coming in well and the collections are expected to be completed this week.

Councillor Schurman, chairman of the Electric Light Committee, reported that the Electric Light plant is running to its full capacity now and if anything happened to one of the engines part of the current would have to be cut off.

The engineer advocated additional power be purchased. Councillor Schurman considered that the matter should be given consideration by the council. Mayor Robinson thought that this was a big question and should be carefully considered by the Light Committee, they should obtain all the information possible and present to the Council as soon as possible.

The Police Report showed thirty convictions for drunkenness during the month. Bills passed were, town paid bills \$24777.23. Unpaid bills \$18728.29. Electric Light paid bills \$774.46. Unpaid bills \$2036.52.

A resolution was passed moved by Councillor MacKay and seconded by Councillor Nicholson that the proportion of the cost of the concrete side walk on the south side of Convent St. Chargeable to St. Mary's Convent be remitted in lieu of land given by said convent to widen the corner of Summer Street.

Several communications were received and laid over for consideration.

HONEY RESTORES ENERGY AND HAS TONIC VALUE

Since honey is a pre-digested food, and contains so many valuable elements, it is of great value to invalids, as it can be assimilated by the weakest digestion, and is unsurpassed as a tonic. It has given remarkable results in building up stamina in athletes taking part in the Olympic Games; by members of the University boat race crews; and, in fact, in many cases requiring intense physical exertion.

Honey is a restorer of energy. "My son, eat thou honey because it is good."

boiling salted water. Melt butter, stir in flour and slowly add milk, stirring constantly. Cook and stir until sauce boils. Season with salt and pepper and add cooked and drained vegetables.

To make pastry, mix and sift flour, salt and baking powder. Cut in lard and butter and add grated cheese. Add water just as you would for ordinary pie crust. Council Adopts

(Continued from Page 1)

extreme west end and the eastern city limits from the main highway. Queen St. between Water and Euston, all traffic should stop before entering with exception of traffic from Euston St.

(e) Where angle parking is permitted, white lines should be altered to facilitate operation of a vehicle. Parking should be restricted to sixty minutes on north side of Grafton St. between Great George and Queen, also on west side of Queen between Grafton and Richmond.

(f) On Kent Street, between Great George and Prince, parallel parking only should be permitted, with exception of space directly in front of Old Spain restaurant where angle parking can be tolerated.

(g) Pedestrian crosswalk at intersection of Queen and Grafton Streets should be enlarged.

Emphasis is placed in the report on thorough instruction of police officers in enforcing all sections of traffic bylaws.

Coun. McIntyre, in moving the adoption of the report, explained that he had discussed with Capt. Leggett the question of traffic lights, and was assured such lights were quite unnecessary for the amount of traffic here. Their cost, moreover, would be practically prohibitive.

He gave notice that amendments to the traffic law in accord with the foregoing suggestions would be submitted at the Council meeting. It was the intention to introduce the changes gradually.

Votes of thanks to the City of Montreal and Captain Leggett for his valuable services, and to the Mayor and Coun. McIntyre for their efforts in bringing Capt. Leggett here, were passed.

TENDERS ACCEPTED

The following tenders for street work, being the lowest in each case, were accepted by the Council: 570 tons thoroughly washed sand, J. Peter McDonald; 780 tons Belle River sand, Michael Conway; 1390 tons once washed gravel, P. E. I. Construction Co.

The City Engineer was authorized to place the necessary storm water sewer on Greenfield Ave. from Brighton Road to Green St.

Purchases of river-bed sand will be divided among the seven tenders at \$1.00 per ton delivered to City Plant.

ELECTRIC PLANT

Reporting on behalf of the Light Committee, Coun. Chandler stated he had reason to anticipate certain developments in the very near future which may require the Council to take very prompt and decisive action to preserve for the city the possibility of securing the Electric Plant for municipal operation. He urged that every Councillor give earnest consideration to the desirability of the City making this purchase, and be ready to vote on this question in the event of a decision being required "with rather less notice than we have been up to the present led to expect."

The appraisal of the city property of the present electric company, he understood, has now been completed.

Coun. Hennessey, for the street committee, reported a good deal of necessary work done on sidewalk repairs.

Coun. Foster reported the stone-work on Government Pond as progressing satisfactorily. The need of re-pointing the City Building is being considered with a view to starting repairs as soon as possible.

The Council approved action in the matter of inspecting the boiler — now thirty-five years old — in the market Building; also the installation of a clock in that building to be donated by Mr. Isaac Carter.

RICHMAN—MERRILL

(Continued from Page 1)

the "Lady Peace" had landed near Musgrave Harbor, eased the tension.

BUSH RESCUE

On hearing the fliers were down immediately plans were made in New York to fly gasoline and supplies to Richman and Merrill marooned in the desolate district, inaccessible by road or railway.

The monoplane, decorated with United States and British flags, carried a message from the Mayor of Liverpool to Mayor Leguardia of New York. Richman and Merrill made their successful west-to-east crossing on Sept. 3 when they landed in South Wales.

By Charles E. Harner Associated Press Staff Writer (C. P. By Guardian's Special Wire) NEW YORK, Sept. 14—Harry Richman and Dick Merrill tonight reported the completion of their round-trip trans-Atlantic flight in a forced landing near Musgrave Harbor, Nfld.

A telegram to Eddie Rickenbacker, airline official signed by the fliers, said they were marooned and in need of supplies.

An earlier, unsigned message to Rickenbacker. Read: "Made forced landing account of gas stop damaged propeller."

The second message read: "Marooned Musgrave Harbor 150 miles from Harbor Grace. Need mechanic and battery. Small ship can land on beach where we are, signed, Richman and Merrill."

The Richman-Merrill flight was the first round-trip flight over the Atlantic ever achieved by man, although it did not reach its objective — Floyd Bennett field, New York.

At the Newark, N. J., airport, where the second message was received, Rickenbacker announced plans for an immediate rescue flight to Musgrave Harbor.

He said he would leave "shortly" as a passenger in a transport plane flying pilots and mechanics to the fliers' aid.

Warning that the city did not intend to tolerate persons receiving civic payments appearing on "drunk" charges in the Police Court, was given by Mayor Turner in commenting favorably on the Police report.

He also referred to the intention of preparing a master list on which the names of all applicants for civic work would be kept, together with an index card system showing the amount of work received by applicant. This would insure every applicant receiving an equitable proportion.

The closing was authorized of a house, 17 Cumberland Street, for health reasons.

FOOD INSPECTOR'S REPORT

Dr. Croken, Food Inspector reported 93 portions of carcasses condemned and destroyed as unfit for food during the month of August: 34 samples of milk and 6 samples of cream were tested. Butter fat content was satisfactory. All samples were clean, eleven had a fairly high bacterial content.

Health Report

The Health officer's report for August was read, showing: chest examinations 112; communicable diseases reported 1, (Tuberculosis); venereal Patients treated, 36; new venereal cases reported, 10; total venereal treatments given during month, 183. Public health nurse visitations 30, Smallpox Vaccinations, 37. Births in the City during the month were 29, deaths 20, Marriages 16.

The sanitary officers report showed \$213 collected in dog taxes \$14 in prosecutions for non payment of dog tax, and \$381.50 on executions for city taxes in arrears.

POLICE REPORT

The City Police report for the month ending August 31

Arrests within the City during August amounted to sixty one, under the following classified offences: Drunk in charge of motor vehicle 1, Drunk and disorderly 5, Drunk and incapable 34, Insanity 2, Juvenile delinquency 3, Theft of motor vehicle 1, Vagrancy 15.

In addition there were three prosecutions and convictions under the Prohibition Act on charges of unlawful possession of intoxicating liquor. Two of these offenders were each fined \$600, and costs or six months imprisonment, a fine of \$50, and costs being imposed in the other case. There were two convictions for harboring smuggled rum and one for the unlawful sale of beer, a fine of \$50 and costs being imposed in each case. There was one conviction under the Traffic By-Law for sidewalk obstruction. one

Teachers Urge Provision Of Free Textbooks

The supplying of free text books to schools of Prince Edward Island and the raising of the school age of a child to the seventh year, were requested in resolutions adopted at a largely attended teachers' convention held at Tignish on Friday Sept. 4. The convention met in the Dalton School with the president Mr. John Gillis, B.A., presiding.

The following committees were appointed: Resolution — Eulak Chaisson, Bernadine Morrassey, Margaret Broderick; Nominations — Lois O'Brien, Beatrice O'Brien, Viola Hanrahan.

During the morning session instructive addresses were given by Miss Clements on the Teachers' Federation; Miss MacLeod on the work of the Junior Red Cross; Inspector Arsenault on the teaching of the primary subjects in the schools; Inspector Callaghan on the improvement of Rural Schools.

Mr. Chandler gave an instructive talk on the Carnegie Library. Rev. J. A. MacDonald gave a very interesting address in which he stressed the importance of Study Groups. Mr. J. A. Bernard spoke on the prices of text books.

In the afternoon Serg. Major Irlam, Physical Instructor at Prince of Wales College, led the teachers in a sing-song. Serg. Major Irlam strongly advised the teachers to teach singing in the public schools.

Some very interesting questions were submitted by the teachers. These were fully explained by Inspector Arsenault.

The officers elected for the ensuing year are: President—Bertha O'Brien; Vice-Pres.—Arthur Malley; Secretary—Bertha Doyle.

Resolutions:

1. Resolved that the thanks of this convention be extended to the Board of Trustees, Tignish, for the use of their school, also to Rev. J. A. MacDonald for assisting at our convention;

2. Resolved that a vote of thanks be extended to our Supervisor Mr. Arsenault and Mr. Callaghan for their helpful suggestions also to Miss MacLeod, Miss Clements, Mr. Irlam, Mr. Chandler and Mr. Bernard for their instructive talks;

3. Resolved that the school age of a child be raised to the seventh year;

4. Resolved that the local Government be asked to supply free text books to the schools of P. E. I. The above resolutions were brought forward by the committee and adopted. Meeting was then adjourned.

FRIENDS

Friends follow the laws of divine necessity; they gravitate to each other.

TRUTH

Truth is as impossible to be solved by any outward touch as the sunbeam — Milton.

FRUIT SALAD

Fruit salad is delicious if spiced sugar is added to it. Take 1-4 lb. of castor sugar and 1-4 oz. of mixed spice or cinnamon put into a shaker and shake well. Serve with the fruit.

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of fluid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas blows up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks pink.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

—By Ad Carter
