Are Your Foxes Troubled by Worms?

One of the most devastating maladies that effects your foxes is worms and intestinal parasites. Hundreds of young pups have died this year—thousands of dollars have been lost on the price of breeders that have been affected by this disorder—and hundreds of valuable pelts have depreciated in value through the presence of worms in the foxes from which they were taken.

MAC'S FOX WORM CAPSULES Are the result of over a year's testing, analysing and experimenting to produce a positive cure for this disorder and are now offered after they have been used with great success in many of the most prominent fox ranches in the province. Mac's Fox Worm Capsules are made in two strengths, one for matured foxes and the other for young pups. Box, sufficient for treating several foxes, postpaid \$1.00

Olive Oil As A Medicine

Pure Olive Oil is being more generally used for indigestion, rheumatic and kidney troubles, gall stones etc.

Olive Oil is not only a mild laxative, but it seems to exert a soothing, healing and nourishing function throughout the entire system.

For medicinal purposes a pure oil should be used. We recommend

Our Pure Olive Oil

It is a pure, high grade, tested olive oil and the equal of any imported oil. It's color, density and flavour are just right.
