—TEACHERS' MEETING — The Teachers' Study Group of O'Leary and vicinity held their second meeting Friday afternoon, February 8th, in O'Leary School, with Mr. Edwin MacNeill in the chair and Miss Mary Dorgan acting Secretary. The members present had a lengthy discussion on Mathematics and problems relating thereto. Mr. Lloyd Henderson gave an interesting talk on the Dental Hygiene Campaign. It was decided to exchange the books for study through the O'Leary Branch of the Carnegie Library. The next meeting is to be held in O'Leary School.

—DEATH OF MRS. DONALD DARRACH—Much sympathy is extended to Mrs. Dr. J. F. MacNeill of Summerside, in the death of her mother, Mrs. Donald Darrach, which occurred at her home in Kensington on Thursday night. She was 80 years of age and was the daughter of the late Reuben Triffin, a former merchant of Kensington. She married Dr. Darrach who practiced his profession in Kensington. He died some years ago. She leaves to her daughter, Mrs. MacNeill, and three sons, Don C. in Vancouver, B. C., and Ian and Waldron, at Kensington. The funeral takes place on Sunday at 2 p. m., from the Kensington United Church.—S

—LABOR QUESTIONS DISCUSSED—There was a very large gathering of members at the regular meeting of the Brotherhood of Labour, Summerside, at which the members of the town council and prospective members were invited. The President, Mr. T. M. Linkletter, discussed a committee of five waited upon the councillors asking that they would present to the next meeting of the Town Council a petition for a minimum rate of pay for labourers of 30 cents per hour with a minimum of \$2.50 per day. The councillors have their consent to bring the matter before the next meeting of the council.—S

—SUNGLO—Breeding Ration, and Gestation & Whelping Ration for foxes at your nearest dealer.

—DEATH OF MRS. THOMAS COMPTON—Friends will regret to learn of the death of Mrs. Thomas Compton which occurred at her home in St. Eleanor's on Wednesday evening, following a paralytic stroke. Mrs. Compton was 73 years of age and formerly belonged to Malpeque. She leaves to mourn three sons, Reginald V., Elmer and Lowell, and two daughters, Mrs. James Montgomery, Malpeque and Mrs. Lloyd Small of Summerside to whom sympathy is extended. The funeral is taking place this afternoon at St. John's Church.—S

—DEATH OF MRS. JOHN SINCLAIR—There passed away at her home in Hamilton on Thursday, Mrs. John Sinclair, at 67 years of age. Mrs. Sinclair had not been well for some time and had undergone an operation last summer, but in spite of medical skill and loving care she did not fully recover. Mrs. Sinclair was a fiery, Malpeque woman, an active member of the United Church. She was a devoted wife and mother and will be sorely missed in the home circle. Mr. Sinclair was the daughter of the late Neil Taylor of Hamilton and was well known in the community. She leaves to mourn besides her husband, five daughters, Mabel, Pearl, Lena, Bertha and Annie and four sons, Major, Clarence, Edgar and William. Also the following brothers and sisters in Hamilton: George, Major and William; Mrs. MacArthur; Mrs. Edmund Phillips and the Misses Hattie and Alice Taylor, to all of whom much sympathy is extended. The funeral takes place on Saturday from her late residence to the People's Cemetery at Malpeque.—S

—DARRACH—Suddenly at Kensington, Thursday, Feb. 21, 1935, Mrs. Tryphena Darrach, aged 80 years, wife of the late Dr. D. Darrach, died at her home in Kensington, United Church, Kensington, service starting at 2 p. m. Interment Peoples Cemetery, Kensington.

—The Prince Edward Island Government will do everything possible to co-operate in the health insurance and other reform measures which the Dominion Government is introducing in Parliament. Hon. Dr. W. J. P. MacMillan said today. He was commenting on a statement made in the House of Commons yesterday by Prime Minister R. B. Bennett who intimated that it would be some time before his health insurance scheme would be presented because of "technical difficulties" and the fact that the British North America Act stipulated it was of provincial concern.

The question of waiving provincial constitutional rights, the Prince Edward Island Premier said was "naturally one for the legislatures of the province to decide," but as far as his government was concerned, it would seek to co-operate "in the fullest extent in giving effect to all the social reform measures forecast in the Toronto speech in parliament."

Premier MacMillan will attend the conference of provincial health ministers called by Hon. D. M. Sutherland, federal health minister which will probably take place during the Easter recess.

Will Probe Collision Of Cruisers

(C. P. By Guardian's Special Wire) PORTSMOUTH, Eng., Feb. 22.—(O. P. Cable.) The courts-martial in connection with the collision between the British battle cruisers Hood and Renown will begin here on Feb. 26, it was learned today. Hood, which was under command of Vice-Admiral E. A. Astley-Rushton will preside at the first court; Rear-Admiral Charles Ramsay at the second and Rear-Admiral Francis Tottenham at the third. Nearly 30 rear-admirals and captains have been summoned to attend to form the courts.

Rear-Admiral Bailey, in command of the battle cruiser Squadron, Capt. F. T. B. Tower, Flag Captain of the Hood and Capt. H. R. Sawbridge, commanding officer of the Renown, are the three who will be court-martialed as a result of the collision.

Convicted Of Murder

(A. P. By Guardian's Special Wire) OLYMPIA, Wash., Feb. 22.—Meritt Hunter, Jr., 20, was convicted today of the murder of his attractive Japanese-American sweetheart, Lillian Kanda, 19, and the jury recommended a death sentence.

Miss Kanda, an employee of the state department of public instruction and daughter of a Japanese father and an American mother, was shot and killed by Hunter while the youth was aflame over her refusal to continue a high school romance.

MEETING OF PROVINCIAL HORSEMEN

Provincial Association Formed At Meeting Yesterday.

At a meeting of Prince Edward Island horsemen held yesterday in Queen Square School Hall it was decided to form a Provincial Horse Breeders Association.

The following officers were elected: President, Mr. Willard Kelly, Southport; Vice President, Keith Boswell, Victoria; Second Vice President, Mr. Robert Campbell, York; Directors, Mr. C. J. Stewart, Hampshire; Mr. W. H. Townsend, Mr. Chester Pratt, St. Peter's; Mr. Myron McArthur, Kensington; Secretary, Mr. W. R. Shaw.

Mr. W. R. Shaw, who presided, outlined reasons why an Association should be established. He referred to the scarcity of horses in this province and in Canada generally, and to the fact that increased breeding operations are just beginning. It is necessary, he said, to have an organization that will be able to advise and give direction to policies aimed at extension and improvement.

Some discussion followed, participated in by Mr. H. J. Kennedy, Windsor; Mr. W. W. Crosby, Cornwall; Mr. Campbell, Windsor; Mr. Gordon Newson, Kensington; Mr. Keith Boswell, Victoria, and Dr. J. A. Clark, Charlottetown.

Dr. Sinclair, called on by the chairman, told which diseases in horses were hereditary.

Horse Breeding Policy

Dr. Sinclair referring to the Government's horse breeding policy said, "In view of the increasing demand for good commercial draft horses, and of the pressing need for more high-class stallions, of the draft breeds in the Dominion, the Honourable Robert Weir, Minister of Agriculture and Colonization, has inaugurated a breeding program to produce a supply of good stallions for the use of the horse industry. Under this policy his Department has purchased a number of high-class, draft breeds which will stand for service at Dominion Experimental Farms and Stations in Canada. Free service of these stallions will be given to such pure bred mares of the same breeds, including Department owned mares, as shall be selected on inspection and approval by the Department's inspectors."

"All mares proposed to be bred to these stallions," Dr. Sinclair said, "must be nominated in writing by the owners not later than March 31st. The registered mares so nominated will be the first to be considered and service of a stallion will be arranged for approved mares in the order in which their nominations are received by the Department. Free service of a stallion, and one-half the mare's transportation on the first breeding, will be given to such mares as qualify as Premium mares. Sound, high-class, registered mares of good breed type, possessing acceptable lineage, conformation, quality and action, and whose owners when nominating their mares, shall agree to sell at public auction between the ages of 12 and 24 months such sound, well developed stallion progeny as shall be approved by the Department, shall be known as Premium mares."

Explaining further the Doctor said that, "Should the number of Premium mares offered for service on these terms not reach the breeding capacity of the stallion, service at \$15.00 per mare (50.00 at time of service, and \$10.00 additional when mare proves in foal) will be given to the approved registered mares which do not qualify as Premium mares, and sound grade mares in healthy breeding age condition, and of the same breed type of the stallion, until the total number of mares to be bred in one season reaches the following:

- 2 year old stallion, 25 mares;
- 3 year old stallion 50 mares;
- 4 year old stallion, 75 mares.

Mature stallion, 5 years or over, 100 mares. The Department shall arrange for annual sales at selected centres of the sound, well developed young stallions from Premium mares and free service, and shall bear the cost of transporting the stallions to the places of sale, and of conducting the sales. The terms of such sales shall be set out by the Department, and it shall be a condition of sale that the stallions must be retained in Canada for breeding purposes."

Continuing, Dr. Sinclair pointed out that further details as to the availability of these horses to pure bred mare owners in the various parts of Canada, may be had upon application to the Live Stock Commissioner, Ottawa; the Dominion Animal Husbandman, Central Experimental Farm, Ottawa; or the Superintendent of the Experimental Farm at which the stallion is located.

The following figures quoted by Dr. Sinclair show the decrease in the horse population since 1923. In 1923 there were 32,314 horses in Prince Edward Island. In 1934 there were 27,430. In Canada in 1923 there were 3,530,641 horses and in 1934 there were 2,933,492.

After some discussion in regard to grade stallions a motion was passed to the effect that a resolution be drawn up and presented to the Provincial Government that no

Urges Reserve Civil Service Corps For U.S.

(A. P. by Guardian's Special Wire) WASHINGTON, Feb. 22.—A call was sounded today by Daniel Roper, United States Secretary of Commerce, for the creation of a "citizens' civil service reserve corps," designed to bring better future government and to resist subversive movements.

The Secretary disclosed plans now being worked out whereby citizens would participate in the civil arm of the government just as the army and navy reserve corps brings them into the military arm. "I make this proposal," said Roper, "with several objectives in mind. First, we should provide an intellectual reservoir for the government's use in times of emergency. Second, by inculcation of the citizenry as a whole we can resist the development of subversive movements. Third, we can develop a class of citizens peculiarly fitted for the increasingly complex job of governing."

APPEALS FOR SUPPORT OF BOY SCOUTS

(C. P. By Guardian's Special Wire) TORONTO, Feb. 22.—Because the boys of today are going to be the Canadian citizens of tomorrow, His Excellency the Governor-General tonight appealed for support for the Boy Scout movement in the Dominion.

Speaking at a banquet of Boy Scout leaders, Earl Bessborough said he had been "astonished, even amazed" at the response from those to whom he had already appealed in all parts of Canada; that after he had answered "with some trepidation" the call to sponsor the campaign for support.

The Governor-General spoke as a "profound believer in the Boy Scout movement" rather than as a "profound believer in the Boy Scout movement." His personal belief was that in teaching a boy to love and admire his own country, the scout movement "teaches also that wider patriotism whose surest basis is just such a feeling for one's homeland."

It provided unsurpassed training for good citizenship. If its principles had obtained more general acceptance in recent times, "we might have avoided many of the troubles that have been so constantly besetting us."

Canada-U.S. Friendship

(C. P. By Guardian's Special Wire) PARIS, Feb. 22.—The long-standing friendship between Canada and the United States was stressed today by Hon. Philippe Roy, Canadian Minister to France, one of the speakers at the traditional luncheon tendered by the United States embassy here on the anniversary of George Washington's birthday.

FOXMEN!!

After the Mating Season feed

SUNGLO GESTATION & WHELPING RATION to those Vixens. This insures proper development of the foetus during pregnancy, and strong healthy pups at birth. HALF THE BATTLE is won by proper feeding during this period and the lactation period following.

AFTER THE PUPPIES ARE 10 days old, start the Vixen on our SUNGLO VIXEN & PUPPY RATION to insure the maximum of rich milk supply. Proper feed during this period is especially essential to prevent drain on the Vixen's skeleton and entire system. A PUPS FUTURE is practically sealed during this period.

REMEMBER SUNGLO FEEDS ARE ISLAND MADE FEEDS, MADE FROM THE BEST INGREDIENTS OBTAINABLE. MADE ACCORDING TO THE BEST FORMULAE OBTAINABLE. MADE UNDER SUPERVISION OF PRACTICAL FOXMEN. FED TO THE BEST FOXES OBTAINABLE AS PROVEN IN THE LIVE FOX SHOW RING.

Figures prove that SUNGLO Fox Feeds are the most economical over the full year period. PROFITS are higher.

—Write for—our SUNGLO SERVICE SLANTS, published for each season of the year. We offer our services free with every bag of feed.

International Fox & Animal-Foods

LIGHT HORSE IMPROVEMENT SOCIETY

Light Horse Improvement Discussed At Meeting Last Night.

A Provincial branch of the Canadian Hunter, Saddle and Light Horse Improvement Society was formed last night by local horse enthusiasts. They were addressed by Dr. J. A. Sinclair of Cannington, Ont. Ray Raymond of Southport was chosen chairman.

The new society plan "an immediate programme of work in the interest of saddle horse production in Prince Edward Island."

Dr. A. F. Seaman was elected Vice-President and C. N. Bissett became Secretary-Treasurer.

Mr. W. R. Shaw, Deputy Minister of Agriculture, outlined the advantage of the organization. He read communications which he had with Mr. Palmer Wright, Toronto, in connection with the organization.

Dr. J. A. Sinclair who was present also addressed the meeting and gave some expert advice on the development of the horse industry throughout Canada.

Other speakers were C. N. Bissett, Ray Raymond, J. W. Jones, Major Andrew Judge Palmer, Dr. Lantz and others. On motion of Mr. Bissett, seconded by Dr. Lantz it was decided unanimously to form a branch of the above named society. A very considerable number signed up and application is to be made immediately to the head organization at Toronto.

An immediate program of work in the interest of saddle horse production in this province is to be considered and every encouragement is to be given in the interest of this branch of horse production.

H. J. Kennedy, Southport, W. W. Crosby, Cornwall, O. Campbell, Windsor, Gordon Newson, Kensington, and others took part in the discussion and expressed their approval of the proposed efforts of the new organization. The thanks of the meeting were extended to Mr. Shaw for the assistance he had rendered.

Relief Has Deteriorating Effect, Claim

(C. P. By Guardian's Special Wire) OTTAWA, Feb. 22.—An "unfortunate tendency" of war pensioners and others receiving unemployment relief to be content with the assistance and not to seek jobs is in evidence, the House of Commons was told today. Hon. D. M. Sutherland, Minister of Pensions and National Health, said he had many reports of growing inclination in this direction.

The House was discussing estimates for the pensions department which include an item of \$2,100,000 for unemployment relief. The minister explained the sum was used to bring receipts of pensioners up to the standard of relief provided by municipalities.

No relief was provided for unemployed veterans but an unemployed veteran receiving a pension of \$15 a month in a municipality when his pension was \$25 a month would get the difference from the department and bring him up to that level.

The House approved two large items in the department's estimates, \$3,200,000 for medical examination and care of patients and \$2,375,000 for departmental salaries.

Maritimers On Agricultural Committee

(C. P. by Guardian's Special Wire) OTTAWA, Feb. 22.—Representatives of Canadian agriculture, selling agencies and canners today named a committee to lay the groundwork of a Canadian Chamber of Agriculture, functioning in much the same way as the Canadian Manufacturers Association. Its members will meet in Toronto at the next Royal Winter Fair.

Prince Edward Island members are: Prince Edward Island: J. J. Trainor, Charlottetown; Nova Scotia: Harry Foote, President of the Nova Scotia Fruit Growers Association, Woodville, N. S.; O. D. Pickett, Nova Scotia College of Agriculture, Truro.

New Brunswick: A. G. Turney, Fredericton.

RIOT ENDS STRIKE PARADE

(A. P. By Guardian's Special Wire) DAISSY, Tenn., Feb. 22.—A strikers parade today ended in a riot that sent four persons, including two women, to a hospital with bullet wounds. None was seriously hurt, however, and all were released after treatment.

Robert Dale, clerk of the sheriff's office, Wednesday afternoon, had been able to learn how the rioting started, but that it began after a crowd of about 300, including many women and children, had marched around the Daisy branch of the Richmond hosier mill.

The crowd was standing in front of the main entrance singing when the gunfire broke out, he said. One officer said that he was unable to ascertain whether it was begun by the strikers or by workers in the mill.

WILL WIDEN

(Continued from Page 1)

our which has been given earnest consideration since the Russian office, Wednesday afternoon, had been able to learn how the rioting started, but that it began after a crowd of about 300, including many women and children, had marched around the Daisy branch of the Richmond hosier mill.

The trustees have certain definite duties, they were appointed by the court and answerable to the court in an effort to gain full parental control over the babies and a share of money the trust fund has received from testimonials.

"The trustees have certain definite duties, they were appointed by the court and answerable to the court and answerable to the court in an effort to gain full parental control over the babies and a share of money the trust fund has received from testimonials."

One Dead 11 Injured In Accident

(A. P. By Guardian's Special Wire) BOSTON, Feb. 22.—The names of three men, injured today in an automobile accident, which claimed the life of a woman, remained on the danger list tonight at City Hospital. Eight others were less seriously injured in a collision between an automobile and a taxi cab.

Futurity Stakes 1935

FOUR YEAR OLD STAKE RACE

Entry and first payment—\$5.00 due March 1st.

Send entries and payments immediately to F. J. E. Wright, Secretary, Prince Edward Island Harness Racing Club, Summerside, P.E.I.

Election Act Amendment Rejected

(C. P. By Guardian's Special Wire) OTTAWA, Feb. 22.—By a vote of 37 to 19 the House of Commons tonight rejected an amendment to the election Act designed to permit men in unemployment relief camps to vote by absentee ballot in their home constituencies at Dominion elections. The proposal was sponsored by Angus MacInnis (Labor, Vancouver South) and was generally supported by Liberal, Labor and Farmer members and opposed by Conservatives. William Duff, of Antigonish-Chuysborough, was the only Liberal to vote against it.

Mr. MacInnis was the only speaker on the bill tonight.

SEEK PARENTAL CONTROL OF QUINTUPLETS

(C. P. By Guardian's Special Wire) WINDSOR, Ont., Feb. 22.—Irrked by what they claim is brusque treatment accorded them, the Dafoe Hospital where their quintuplet daughters are being cared for, Mr. and Mrs. Olive Dionne have taken definite steps to obtain parental control of their babies and also a share of the money held in trust for them.

It was learned here today the parents had engaged the services of Paul Martin, prominent Liberal lawyer of Windsor, to petition the Ontario Government to remove the guardians of the babies and at the same time release to them a portion of the fund accumulated through movie, newspaper and testimonial rights to help support their other five children.

Mr. Martin refused to deny or confirm the fact he has been retained, containing himself with the remark: "I would prefer not to say anything at all about it." It is understood, however, he has arranged an interview with Premier Mitchell Hepburn in Toronto next Thursday to discuss the case.

BENNETT POLICIES

(Continued from Page 1)

This section provided that the weekly day of rest for those engaged in occupations necessitating Sunday work would not apply if the regular hours of labor did not exceed eight in a day.

Penalties provided in both acts are fines not less than \$20 and not more than \$100 for each violation.

The Limitation of Hours Act will not apply to persons holding positions of supervision or management, nor to persons employed in a confidential capacity.

May Be Exceeded

Where the daily hours of work on one or more days of the week are less than eight, the limit may be exceeded on other days of the same week but not by more than one hour in a day. Where persons are employed in shifts the eight hour limit may be exceeded provided that over a period of three weeks the average does not exceed eight hours in a day and 48 in the week.

OMITTED—An omission in the prize list of the poultry show, a shirt donated by Kelly & McInnis, for best Jersey yearling male was won by J. W. Douglas.

POLICE COURT—At the Police Court yesterday a vagrant was sentenced to 30 days in jail. An unlawful possession of liquor case was adjourned for a week. The defendant in an unlawful possession of liquor case was fined \$200 and costs or three months. The defendant in a breach of the Customs Act was dismissed. In another Customs case the defendant was fined \$50 and costs or two months in jail, and for a breach of the Prohibition Act \$500 and costs or six months in jail.

FINAL PLAY OFF GAME IN CLARK LEAGUE

BEDEQUE RINK
MONDAY, FEBRUARY 25th.
ALBANY vs. BEDEQUE
Referee, Frank MacFarlane
Winner will be presented with trophy.
ADMISSION 20c

STRAWBERRY GROWERS ORGANIZE

Strawberry growers of central Prince Edward Island became organized yesterday under the name of the Queen's County Strawberry Growers' Association. They elected officers and formulated a policy to assist them in more orderly marketing of their products.

Mr. W. R. Shaw, Deputy Minister of Agriculture, presided at the meeting. He referred to the lack of uniformity of quality and price in marketing strawberries.

He suggested that the strawberry growers organize an association similar to the Milk Vendors and Producers Association recently organized.

Others present discussed the strawberry trade and pointed out defects in marketing and grading and suggested remedies.

A directors' meeting was held in the afternoon and officers elected. It was decided to hold a meeting at some date in the near future when by-laws of the Association would be considered.

Election of officers resulted as follows: President, George W. Dewar, Charlottetown; Vice President, Fulton Warren, North River; Secretary, F. S. Reeves, Southport; Directors, Percy Smallwood, Charlottetown; John McLeod, North River Road; William Prowse, East Royalty.

MAY BE EXCEEDED

Where the daily hours of work on one or more days of the week are less than eight, the limit may be exceeded on other days of the same week but not by more than one hour in a day. Where persons are employed in shifts the eight hour limit may be exceeded provided that over a period of three weeks the average does not exceed eight hours in a day and 48 in the week.

Exceptions to meet emergency cases such as accident, actual or threatened, or urgency of work being done to machinery or plant, may be permissible to the extent that serious interference with ordinary working of the undertaking may be avoided.

Similar exceptions are permitted on work of a nature requiring longer periods of continuous work than eight hours, providing that the average hours do not exceed 58 a week. Other exceptions may be granted by the government-in-council, after consultation with recognized associations of workers and employers.

ADMISSION 20c

ADMISSION 20c
