HARD, RACKING, COUGHS

Barring accidents, the person who gets along with the least amount of cough will live the longest. Of course the right time to attack a cough is the commencement when it is a simple thing for the right treatment to drive the cough quickly away. As a general thing, however, people spend too much time experimenting with various remedies that the cough is well under way before they know it. Then comes the long siege. You feel the hard, racking all through your system, and get relief for nothing. You fill your stomach with nauseating mixtures to no purpose. Then you use compounds containing narcotic, which deceive temporarily and leave you slightly worse. Some coughs of this kind hang on for weeks, or even months, and, of course, they frequently develop into serious lung trouble. A true specific for all coughs is Jameson's Botanic Cough Balsam and should be kept in the house against any emergency. With a cough that has become chronic the first effect of this remedy is a lessening of the dull sensation of pain which usually is felt with such a cough. Then you are conscious that the soreness is leaving you and presently the desire to cough grows less frequent. All this process is brought about by the healing properties of the Balsam. It is a compound of barks and gums. You can test it 25 cents at any druggist's. Get the genuine with "F. W. Kinsman & Co.'s" blown in the bottle.

FORTUNE HARBOR, Nfld, Oct. 7. (Special).—However this Island and the Dominion stand on political questions, there is only one theme on which they are unanimous, and that is their opinion of Dodd's Kidney Pills. On all sides they are spoken of as a really wonderful medicine by those that have tried them, whose number increases every day.
