Conacher's First Period Counter Gives Toronto Team 1-0 Win Over Bruins

(A. P. By Guardian's Special Wire) BOSTON, Mass., Dec. 4.—The Toronto Maple Leafs regained their winning stride by shutting out the Boston Bruins, 1-0, before 13,000, the largest crowd of the season, at the Boston Garden. Among the spectators was Irvin "Ace" Bailey, the Toronto winger whose hockey career ended here almost a year ago when he collided with Eddie Shore of the Bruins.

The Leafs, who lost their first game of the season in Detroit Sunday night, gained their winning tally in the opening period. Happy Day carried on a four-man rush and batted the puck over the Boston line. AMERICAN LEAGUE FIELDING CHAMPS

Kamm Shatters All Records in Holding Down Third Base Position.

(A. P. By Guardian's Special Wire) CHICAGO, Dec. 4.—For the eighth time since he came up from the Pacific Coast League, Willie Kamm of Cleveland has won the third-base fielding championship of the American League to shatter all major league records.

Kamm, never a great hitter but the owner of a prize pair of hands and an uncanny fielding sense, won the third-base defensive championship in 1934 with an average of .978, official figures revealed today.

Despite the inroads of injuries which blasted his pennant hopes in 1934, Washington Senators' Willie Kamm led fielding with an official mark of .974.

The Senators, so weakened that not one of its regulars was able to play within 20 games of its complete schedule, led the circuit in double play with 197.

Individual fielding champions of the league for 1934 and their official records:

First-base: Zek Bonura, Chicago, .966 in 127 games.

Second-base: Oscar Melillo, St. Louis, .981 in 149 games.

Third-base: Willie Kamm, Cleveland, .978 in 115 games.

Shortstop: Lynn Larry, Boston, .965 in 129 games.

Catcher: Rick Ferrell, Boston, .990, in 126 games.

Outfielder: Sammy Byrd, New York, .988 in 104 games.

Sixteen pitchers, who participated in 10 or more games, had perfect fielding records with Schoolboy Rowe of the championship Detroit Tigers leading the field by accepting 53 in 45 games. Willis Hudlin of Cleveland participated in 36 games, but handled 62 in chances with only one error. Murray of New York had the most putouts—19.

Former Maritimer Plays Major Part In Canadiens Second Victory Of Season

(C. P. By Guardian's Special Wire) MONTREAL, Dec. 4.—Canadiens struck a scoring stride at last here tonight and scored a 5-3 win over Lester Patrick's New York Rangers. It was the second win Canadiens have scored in the National Hockey League schedule and both have been at the expense of Rangers.

Joe Lamb, whose sale for cash to Boston who then traded him to St. Louis was announced by the Bruins management tonight, gave a magnificent display in his swan-song appearance as a Canadian. He assisted in two goals and added two assists to garner four points to fatten his average.

Armand Mondou put Canadiens in the lead in the first period when his blazing "slap shot" scored from the penalty spot after Alex Levisky had tripped Roger Jenkins who was in a scoring position.

Lamb put on a scoring burst in the second period when his high stick cut through the Bruins defence and scored a goal while between them was sandwiched a counter by Lynn Patrick, Lester's son, on a double assist from Levisky and Bert Conolly, last year with the Montreal Canadiens. Conolly then edged Rangers closer when he scored six minutes after the third period and Bun Cook tied the count at 3-3 after Earl Seltzer had made a play for him.

Canadiens wound up in a blaze of speed and power after Rangers had expended themselves in their two-way attack. Neil Christie scored in the winning goal on a pass from Lamb. Then Lamb and Mondou teamed up to make the play for Pete Lepine who put the game on ice.

Conolly was given a major in the third period when his high stick cut Carson slightly. Blood was drawn, this making a major compulsory under the rules.

The lineup follow:
Rangers—Goal, Atkinson; defence, Siebert and Johnson; centre, Boucher; wings, B. Cook, F. Cook; subs, Dillon, Murdoch, Keating, Levisky, Somers, Heller, Conolly, Mason, Patrick.

Canadiens—Goal, Cude; defence, Carson and Jenkins; centre, Lepine; wings, Laroche and Jollis; subs, S. Mantha, Crutchfield, Riley, Raymond, McGill, Mondou, Savage, Lamb.

Officials—Goodman and McQuerry.

Along The Sidelines

ANOTHER THRILLING GAME EXPECTED TONIGHT

THE BIGGEST crowd of the season is expected at the Forum tonight when Moncton Hawks make their third local appearance of the season. Victors in their last two starts and to all appearances on the way to another winning streak, the visitors are once again that same dangerous crew that swept everything before them the last two seasons. Beaten decisively in their last appearance here by a sensational Abegweit team the Hawks showed their mettle on Monday night last when they edged out the locals in what mainland papers termed a blazing thrill-packed encounter.

Now it is the Abbies' turn to show that they have just as much fighting spirit and judging by the attitude taken by the team with the start of their recent setback fresh in their minds, Island followers will once more see the Gross team perched at the top of the heap—providing Beavers can take the Wolverines into camp. And with this game at Saint John it is not at all unlikely.

But viewed from all angles the customers are in for another of those thrill-packed encounters that have marked the two previous appearances here of the Allan Cup champions.

26 FATALITIES IN FOOTBALL IN STATES

(A. P. By Guardian's Special Wire) NEW YORK, Dec. 4.—An auto that doing a four to six year sentence in a Connecticut prison, a nine-year-old boy and 16 high school students were among the 26 players who lost their lives playing football in the United States this season, a compilation by the Associated Press today shows.

The death of John Davolde, 24, a result of injuries received in a game inside the walls of Hartford State Prison was the first among prison players since Warren Lewis, a member of Sing Sing first made football a part of prison routine several years ago. William McCreighton, nine, of Darlington, Wis., was the youngest player to die, receiving an infection in a sandlot game.

The death list, although still high in the high school classification, is below the totals for 1931, 1932 and 1933, the three previous years in which the Associated Press kept records. The high point of all time was reached in 1931 when 90 died. Safe colleges and high school play out the total down to 36 in 1932 and 36 last year, 10 of those in 1933 being listed in the "doubtful" class.

Prepare For Cricket Tournay

(C. P. Cable By Guardian's Special Wire) BRIDGETOWN, Barbados, Dec. 4.—A selection committee have asked 28 players to practice for the coming cricket tournament with the Marylebone Cricket Club, famous touring British sportsmen. The first trial match is scheduled for Thursday, Friday and Saturday.

The Empire Cricket Club players are winners of this year's division cup practice.

Say Men's Hats May Be Colored

MANCHESTER, England, Dec. 4.—(By The Canadian Press)—The forecast of the president of the Merchant Tailors' Association of America that brightly colored bowler hats are to be fashionable would have been welcomed by one of the first wearers of that style of headwear, a former Earl of Harrington. According to Henry Melton, a well-known London hatter of 90 years ago, the Earl always wore a sage-green bowler when out of doors in order, as he explained, not to frighten the birds.

There was another peculiarity about his Lordship's hats, however, that might be less likely to find favor with modern wearers, says the Guardian. On getting a new hat he always applied the test of sitting it on the ground and putting his foot on it. If it showed the slightest sign of collapse under that treatment he at once returned it to the maker. Consequently his hatter wisely built for strength disregard of weight.

In Montreal records show the city has an alarming accident rate, one of every 13 automobiles figuring in accidents during the year. Out of 6,000 motor vehicles registered, 5,000 were involved in accidents.

Build Marriage Professor Says

NEW YORK, Dec. 4.—(By The Canadian Press)—Professor Earl N. Llewellyn of the Columbia Law School told a group of Columbia students and faculty members that marriages remaining unbroken at the present time are better because they are understanding the growing popularity of divorce. Now, he said, "we have to build a marriage instead of growing into it as we formerly did."

"If divorce means starting off afresh, let's have more divorces," added Professor Llewellyn, who urged changes in the New York State divorce laws. "If both parties in this state want a divorce, or if the judge finds that both have been unfaithful, neither one can be granted a divorce. The first is called collusion, the other restraint."

Chalfont Parish Council, London, treasures the elm tree beneath which sat John Milton, English poet, author of "Paradise Lost." The council has refused to have it destroyed.

tion, and both are utter nonsense. "You are making 'garbage men' of New York's lawyers. You tell them to go ahead and connive with their clients to hoodwink the court, but when they are caught, they are discharged."

St. Louis Wins From Americans

(A. P. By Guardian's Special Wire) ST. LOUIS, Dec. 4.—The down-trodden St. Louis Eagles, defeated by the Loup Aces, rallied tonight to break a four-game string of New York American victories and decisively defeated the visitors 2-0.

Bill Beveridge, Eagle goalie started for the winners, making one sensational stop after another, especially in the last period when the New Yorkers rallied desperately.

Vio Ripley, former New York Ranger forward, worked nicely and added strength to the St. Louis defence which has given coach Eddie Gerard much worry.

The first score came after nine minutes of play in the second period when Wasmie sped down centre ice, picked up a pass from Bill Cowley and flicked the puck through Roy Worters' legs.

Carl Voss scored the final St. Louis counter six minutes after the face-off in the third period. It was a freak shot from the side, garnered after Syd Howe slid along the ice on his chest; carrying the puck with him as he coasted.

Lineups:—
Americans: Worters, goal; Murray, Smith, defence; McVeigh, Gracie, Oliver forwards.
American subs: Brydges, Dutton, Conn, Klein, Chapman, Schriener, Burke, Carr.

Rink For Curlers Only

(C. P. By Guardian's Special Wire) YARMOUTH, N. S., Dec. 4.—Hockey followers of Yarmouth were crestfallen tonight on learning that the Yarmouth Curling Club bondholders had decided their rink would be used for the "roaring game" only this season. It is the only indoor ice surface available in the town.

The directors of the rink felt that last year's arrangement whereby the ice was used for skating and hockey during three days of the week had proved unsatisfactory and decided to discontinue the policy.

New Wingman For Beavers

(C. P. By Guardian's Special Wire) WINNIPEG, Dec. 4.—Alex Archer, flashy winger with the Selkirk Fishermen hockey team here last year, left tonight for Saint John, N. B., to join the Beavers of the Maritime Mercantile League. He will join Walter Monson, another former Selkirk player who is playing centre this season with the Beavers.

Rugged Hockey To-night For Big Four Supremacy

Tonight at the Forum two of the greatest teams in Canada, Moncton Hawks and Abbies will skate out on the ice to battle for Big Four supremacy, and if ever a game promised to be a standout, this one does.

The game in Moncton Monday night between those two teams, according to the Moncton reports, was a wide open, flashing, dazzling affair with lots of give and take and packed with thrills throughout.

Moncton won 5 goals to 4, and again according to the scribes, on the play, either team might have won.

The Abbies described as red demons are determined to show those Canadian champions the way to tonight. Those who are privileged to see the game should enjoy most.

WOULD FORM CLUB TO STAGE PRO FIGHTS

(C. P. By Guardian's Special Wire) ALBERTA, N. S., Dec. 4.—Plans to form a boxing club that would stage a series of professional bouts during the winter months, bringing numerous Cumberland County boxers to the fore, were under consideration today by local promoters.

Several amateur scrappers have expressed their intention of turning professional and have agreed to fight for small purses.

Among those who are reported to be preparing for the series are: Wilbur Harper, Maritime amateur welterweight champion, Gerald Lee, Will Gere, Osborne Lee, Harry Burns, of Amherst; Arthur Jardine, Maritime lightweight amateur champion, Guss Hurley, Maccan; Gus Vananberg, Eric Gibbons, Dave Gibbons, George Vansneck, Joggins; Babe Ackles, North Port.

Promoters are considering Jardine for a bout with Bobby Orr, Maritime professional welterweight champion, or Bobby Allan, in Springfield. Possibly Gus Vananberg may go in training for the middleweight crowd with Harry Burns, Hurley or Babe Ackles, contenders for the featherweight title now held by Kid Hart, of Moncton.

There are 10 or 12 other boxers in the district who have had professional experience and who would appear on the proposed club's cards.

Favors Boys Rules In Basketball

(C. P. By Guardian's Special Wire) HALIFAX, Dec. 4.—"I have never seen nor heard of any girl in organized sport in Halifax in the last five years suffering any harmful effects physically from basketball under boys' rules," Dr. S. E. Keenan, president of the Canadian Amateur Basketball Association, said in a statement tonight regarding rules for the girls' teams.

Mrs. Elizabeth Stirling, president of the Women's Amateur Athletic Federation of Canada, said the Federation was in favor of boys' rules for the girls but most Halifax physical instructors opposed the statement, declaring the boys' game was far too strenuous for girls and detrimental to their health.

"Rather than being harmful," said Dr. Keenan, who is also a member of the Canadian Amateur Athletic Union, "basketball is a splendid means of strengthening one's physique and mental alertness. The game, with proper officials and due regard to proper preparation and training, I feel, is a good, wholesome form of play for girls to take part in. The exercise is not too strenuous and the girl is the better in every way for having played the game."

Breaks Limit On Cat Quota

BALTIMORE, Md., Dec. 4.—(By The Canadian Press)—William A. Smith, general solicitor of the Santa Fe Railroad and former justice of the Supreme Court of Kansas, must be a determined man—or excessively fond of his wife's cats or, as the saying is, something. He has just upped an ordinance of the city of Topeka which set five as the number of felines that could be kept in a home.

The Sun's comment is: "We should say that the ordinance was fairly liberal in the matter of cats. But Mrs. Smith did not think so and Mr. Smith took off his coat and went after the ordinance like nobody's business. The city police judge said the ordinance was all right and that five cats were a plenty. The district court also turned thumbs down on Mr. Smith and said that the ordinance was valid. But Mr. Smith had just begun to fight. He carried the case to the Supreme Court, which had the last say. The court's ruling was to the effect that cats are cats, entitled to protection of the law, and that if they were well-behaved cats, the city has nothing to do with the number kept in one household."

"While applauding Mr. Smith's never-say-die spirit and his talents as a pleader, one may say that unless he likes cats all over the place, he has won a costly victory."
