ISLANDER'S SUDDEN DEATH.—Word has been received of the death on December 1st, of Joseph Hopkins of Arlington, Mass., which occurred under unusually sad circumstances. Mr. Hopkins had driven his wife to visit at the home of her uncle and returned home to do some work on his car, intending to call for her later. When he failed to arrive Mrs. Hopkins phoned her house, but on receiving no response she returned home to find her husband dead beneath his car in the garage, death being due to carbonmonoxide gas. Mrs. Hopkins was formerly Miss Margaret (Peg) MacKenzie of Long Creek, and the sympathy of her many friends goes out to her in her bereavement.

Have Little Home Work

MONTREAL, Que., Dec. 9.—(By The Canadian Press)—School children are much the same the world over, but it seems in Liverpool they talk more than in Montreal. Homework is rarely given, not because the pupil's do not need it, but because the parents somehow imagine it reflects on their standing, which remarks are contained in a letter from Ramona Coffey, teacher from the Montreal Roman Catholic schools, who is now teaching for one year in Great Britain.

Homework is rarely given; it is considered 'a device for keeping parents humble.' The boys go swimming once a week, cricket once and football once, and we have boxing every Friday afternoon from 3.15 to 4 o'clock. All sports are part of the curriculum and are, therefore, taken during school hours. The poor children, of whom there is a large number, receive, free bus and tram tickets and free dinners. Those who can afford to pay give fourpence a day for their lunch. They receive meat, two vegetables and dessert. The dinner is brought in huge tins from a caterer nearby, and a woman comes in 15 minutes before time to set the tables and serve out the food. Afterwards all the boys line up and wash and comb themselves while the woman superintends. Quite a job.

"There is a fine bathroom in each special school, and another woman is paid by the hour for bathing the children. The result is there is not a dirty child in the school, although some of them come from the heart of the slums. In fact, many of them enjoy it so much they ask for a bath every week.
