

THE WIRELESS WORLD CHAIN

British Dominions to Be Connected By Marconi System East to west

LONDON, Oct. 27.—(By Wire)—An early announcement may be expected that negotiations have been concluded between the post office department and the Marconi Company for the erection of a chain of wireless telegraph stations round the world, linking up the British dominions and giving Great Britain an independent system of telegraphic communication with any part of the globe.

FAMOUS HERSEY CASE RECALLED BY RICHESONS

BOSTON, October 26 — Search of the criminal history of Massachusetts reveals a murder case, half a century ago, akin in many features to that of the Avis Linnell tragedy. In the case of George C. Hersey, executed at Dedham on August 8, 1861, there was the same motive that existed for the death of Miss Linnell. The murderer was, at the time, his victim's death, engaged to marry another woman, and he obtained the poison under an assumed name and on the statement that he wished to kill a dog. The slayer bore a good name, posed as a Christian and was completely trusted both by Miss Frances Furell of Weymouth, for whose murder he was executed, and by her entire family, with whom he lived.

ITALY'S RULE IN AFRICA

ROME, October 26—Italy has officially notified the powers of cessation of Turkish rule in north Africa. She also announces that her new possessions will extend to the Egyptian frontier on the east and the Tunisian frontier on the west, and south as far as the British and French zones of influence in Central Africa.

A CHOCOLATE STORY

One of the most conspicuous manufacturing successes of the Maritime Provinces is Moir's Ltd., confectioners of Halifax. It seems hardly possible that this firm which has only been making chocolates during the past few years should outstrip all Canadian rivals and be producing today one of the largest outputs of high grade chocolates. It is nevertheless a fact, and one which goes to prove that merit never goes unrewarded, Moir's Ltd., started with everything in their favor as regards profitable manufacturing, having cheap power freedom from taxation and Halifax being a port of call for

PEKING, Oct. 27.—(By Wire)—Gen. Li Yuan Peng, leader of the rebel forces has informed the foreign consuls at Hankow that he has been proclaimed President of the Republic of China.

RECIPROCAL TRADE WITHIN THE EMPIRE

OTTAWA, October 26—With the advent of Hon. George E. Foster, to the head of the trade and commerce department, there is every prospect for marked growth in the trade of Canada, especially within the British Empire. The department deals with the appointment of trade agents throughout the world. For the past six or seven years some negotiations have been conducted between the government of Australia, looking towards a measure of reciprocal trade between the Dominion and the Commonwealth.

The correspondence, which is quite voluminous, has been collected and is now being examined by the minister. It is likely that the negotiations will be renewed and conducted far more vigorously than hitherto by the present government.

In one of his speeches at the last sessions in opposition to the Taft-Fielding agreement he pointed out that the true reciprocity can only exist antagonistically between countries situated like Canada and the British West Indies.

Canada has many things to sell, such as floor, meats, fish and manufactured products in these islands, while our imports from the West Indies, would be mainly sugar, tropical fruits and other products which would not compete with the Canadian farmer or manufacturer in his own home market.

A PETITION FILED

TORONTO, October, 26—A petition by Robert F. Miller, defeated Liberal candidate in Haldimand, has been filed against the election of Francis R. Taylor. Mr. Miller alleges that his successful adversary was guilty, both personally and through his agents of bribery, treating, personation, undue influence and other corrupt practices and asks that he be disqualified from sitting in the house of commons and that Mr. Miller be declared elected.

BASEBALL FAN IS CHARGED WITH LIBEL

MONTREAL, Oct. 26—R. T. Bach, well-known baseball fan in under arrest today on a charge of criminal libel made by Sam E. Lichtenhein, president of the Montreal Club. The charge is based on an article appearing recently in an obscure weekly, in which Mr. Lichtenhein is criticized for the methods employed in connection with the Montreal baseball franchise, it being alleged that the club was secured by underhand methods after the original company went into liquidation. Among other things the article stated that the insolvent club was advertised for sale among the birches, deaths and marriages notices in an afternoon newspaper and that without competition the franchise was sold to Mr. Lichtenhein for \$3,000. Bach once owned stock in the Baseball Club.

SCIENTISTS PUZZLED

WELLAND, Ont., Oct. 26—About a month ago some bones belonging to a mammoth pre-historic animal were found underground on the farm of Harry Smith, near here. Many scientists from Canada and the United States have inspected the remains, but have been unable to state to what animal they belong. The horn is 8 feet long, 26 inches in circumference at the largest point and weighs 250 pounds. It is in a good state of preservation. One of the teeth weighs 6 pounds. A number of other bones were badly decomposed.

J. D. HAZEN IS RE-ELECTED BY ACCLAMATION

ST. JOHN, Oct. 27.—(By Wire)—Hon. J. D. Hazen, Minister of Marine and Fisheries, was declared elected for the city and county of St. John this afternoon by acclamation. An effort was made to nominate Fred Hyatt, as a Socialist candidate, but this failed, owing to his nomination papers being incomplete and incorrect.

READS OF BATTLE USES HIS PISTOL

NEW YORK, Oct. 26—Brooklyn's constitutional devotion to the sole purpose of boosting its census with now allowance for casualties except by trolley car, crushed the dramatic soul of Frank Lauffer, a young patriot of twelve years, who tried to give life and spirit to his public school platform reading from the Battle of Bunker Hill. Miss Emma Girard, his teacher in the school at Arlington Avenue and Linwood street, selected Lauffer for the educational pinch hit by which she hoped to divert her pupils' mind yesterday afternoon from their day's long debate on whether or not it would rain in Philadelphia today and stop the game again.

CZAR OF RUSSIA RUMORED DEAD

LONDON, Oct. 26—Indefinite rumors became current this morning in Vienna and Berlin that Emperor Nicholas of Russia had been assassinated. Careful inquiries made here and in the above mentioned cities as well as in Russia, have failed to elicit the slightest confirmation of the report. The Emperor has been travelling recently in Southern Russia, and he is now stopping at the palace at Vaita, in the Crimea.

MINERS' STRIKE NOW SETTLED

ANOTHER FRENCH BATTLESHIP IS IN DANGER

TOULON, Oct. 26—An alarming outbreak of fire occurred today on board the French battleship Justice, a sister ship of the Liberte, which was blown up on Sept. 25. The fire is believed to have been due to a short circuit. A shower of sparks fell in dangerous proximity to the magazines, and the commander of the battleship immediately ordered the forward magazine flooded. The fire was put under control and no great damage resulted. Only a few days ago a repetition of the Liberte disaster was probably averted by the flooding of the magazines of the french battleship Suffren. Escaping steam had overhauled the partitions between the coal bunkers and the magazines, causing an outbreak of fire. On Oct. 23 a fire occurred on the German armored cruiser Von Der Tann, in the harbor of Kiel. The fire started in the stow room, and is supposed to have been due to spontaneous combustion.

Hon. Robert Rogers Brings About Agreement to Resume Work.

WINNIPEG, Oct. 27.—(By Wire)—The miners' strike in Alberta and British Columbia, after continuing eight months, almost paralyzing the southern part of these two Provinces, was ended last night as the result of a conference between Hon. Robert Rogers, the new Minister of the Interior, the miners and owners. The agreement, to cover a period of three years, is to be submitted to a vote of the miners' union, but the settlement will be satisfactory to all. The basis is said to be a ten per cent in wages increase, recognition of the check-off system and slight changes in the wages schedule, particularly regarding contract work.

CLARK HELD BY NEW YORK COURT

NEW YORK, Oct. 26—Harry B. Clark, a former resident of St. John (N. B.), for whom the police there have looking ever since Aug. 1 on a charge of stealing from the Bank of New Brunswick, was held for extradition today by Magistrate Butts. Clark was arrested in Harlem on Oct. 23, after two Pinkerton agents had located him. He was arraigned the next day in the Harlem police court and his case was put off two days until some one from St. John could appear to make a complaint against him. Charles S. Sanford, attorney at St. John for the Bank of New Brunswick, came to town with Detective Kellen, having in their possession certified charges against Clark. There were two counts against him for "unlawful stealing," one for taking \$2,752.27 from the Charlotte street branch of the Bank of New Brunswick, where he was manager, and the other for taking a certificate for 100 shares of Amalgamated Copper, valued at \$7,300, which had been deposited with the bank. Clark waived extradition and even refused to answer the routine questions as to his birth and business. Upon the two charges preferred against Clark by the Canadian authorities, Magistrate Butts ordered him committed to the city prison for thirty days or until his extradition has been arranged. The requisition papers, which the Duke of Connaught will be asked to sign, will probably be the first ones to come before him as governor-general of Canada. It will take at least ten days before they reach President Taft, and before he issues a warrant of extradition. It is understood that Clark will not fight extradition. Frank M. Patterson, who is counsel here for the Bank of New Brunswick, said tonight that the charges against Clark represented only a small part of the transactions. The total he said, would amount to \$25,000. He said that \$10,000 more was involved through the confidence method of a group of American crooks, of which Clark was supposed by some to have been the victim. Clark left St. John about June 1, for being manager of the branch bank for about eight years, and he shortly after that he is alleged to have sent to the bank authorities a letter confessing in detail to the taking of \$7,000 in cash and \$10,000 in negotiable securities from the bank.

ORDERS ALL JEWS EXPELLED FROM YEKATERINOSLAV

YUZOVKA, Russia, Oct. 26—By an order of the governor, all Jews in the province of Yekaterinoslav are subject to expulsion with the exception of first, those living in the province since May 16, 1882. Second, artisans and others having permits of residence from the governor's chancery. Third, those resident since August 14, 1906, if an order of expulsion against them has already been set aside by the governor's chancery. Fourth, those who have changed to a rural residence between May 16, 1882 and January 11, 1888. Many of those thus subject to expulsions are in a critical position as the sudden expulsion prevents a liquidation of their affairs, and to avoid financial ruin, some are adopting the Russian faith. Special officials will be sent through the province to control the registration, and all laxity in this matter will be punished by the dismissal of the guilty ones.

HAIRSPINS FOR THE CANADIAN MILITIA

OTTAWA, Oct. 26—On instructions from Col. the Hon. Sam Hughes, Minister of Militia, Col. Fiset, Deputy Minister of the Department, and Lieut. Col. Mansell, Director of Engineering may be made shortly by the Atlantic City to witness the aviation flights there during the next few days under the auspices of the United States War Department. The Canadian Militia Department has as yet taken no definite steps to keep pace with the times in preparing to utilize aerial craft for defence purposes, but the question has been under consideration by the Militia Council for some time. It is possible that a helmet may be made shortly by the purchase of an airship by the Militia Department. The report of Col. Fiset and Col. Mansell on their return will be considered by the Militia Council with this in view.

COUNT YOUR BLESSINGS

On Monday next, (in common with has never been a year when the far-off Dominion) Prince Edward Islanders of Canada had not reason to give thanks. Thanksgiving Day with rejoicing. There never has been a year since the Confederation of Canada when the harvest was so bad as to cause general suffering or deprivation. There have been years when the harvest was poor, compared with other years, but never a year of famine. Individual farmers have often been so unfortunate as to have had crops, but the farming community as a whole has never suffered severe loss. There works to the children of men.
