RADIO AMBULANCE IS LATEST PLAN

SYDNEY, N. S. W., March 9—(CP)—Taking its cue from two-way police radio cars, a new ambulance service has been started here—the first of its kind in the British Empire.

Ambulance cars are equipped with receiving sets and small transmitters. Each car is able to communicate with its headquarters where a 200-watt transmitter is installed.

Officials claim calls will be answered faster, and doctors and nurses will be warned beforehand of cases which need prompt hospital treatment.

GRANTS CONTINUE IN H.I.P. SCHEME

Sluggish Session On N. Y. Market Ends With Losses

BY FREDERICK GARDNER
Associated Press Financial Writer

NEW YORK, March 10—(AP)—Attempts to rally the stock market found little or no backing today and leaders ended a slow-going session with losses ranging from fractions to a point or more.

Proceedings were sluggish but volume expanded a bit on last-minute offerings and transfers totalled 455,440 shares compared with 561,800 yesterday. The Associated Press average of 60 issues was off .4 of a point at 43.

The railway group, while still cool to the recent freight rate decision, attracted a timid following for a brief period on hopes the forthcoming white house conference to discuss transportation problems would result in federal aid of some sort.

Canadian stocks tended down. Walkers dropped 1 1-8 points to 40 3-8 with Dominion stores, International Nickel, McIntyre, Ford and Hollinger at the fractional side of the down trend. Distillers-Seagram gained slightly as Imperial Oil, Lake Shore, Marconi, Bell Telephone and Dome held stationary.

GRAIN

CHICAGO, March 10 —(AP)— Stop loss selling that broke out in wheat late today carried the market down to a new low-price record, the lowest since last November.

May wheat fell a cent a bushel to 87 1-4 cents. Slackness of export demand for wheat from the United States was chiefly blamed for the selling flurry.

At the close, Chicago wheat futures were 1-8-7-8 under yesterday's finish, May 87 3-8-1-2, corn 1-8-1-4 down, May 58 5-8-3-4, July 60 1-2, and oats unchanged to 1-8 off

MONTREAL, March 10—(CP)—Wheat, northern, No. 1 $1.51 1-2 barley, Canadian western No. 3 .73. Oats, feed, No. 1 .53. Flour, spring wheat patents, firsts $7.70; seconds $7.30; bakers $7.20; winter wheat patents, choice $4.15-4.25; white corn $3.85-4.00; bran, ton $34.25; shorts, ton $35.25; middlings, ton $38.25; rolled oats, bag 90 pounds $3.15; hay, No. 2, per ton, carlots $10.50.

Cheese western current .15-.15 1-2.

Butter No. 1 .35 3-4-.36 1-4

Eggs in cartons: A-1 large .33; A-1 medium .31; A-large .31; A-medium .30; A-pullets .29.

Potatoes: Que whites No. 1 80's .55; N. B. mts No. 1 80's .58-.65; 50's .42; P. E. I. mts No. 1 90's .80-.85; 50's .45; B. W. I. No. 1 60's 1.60-1.75; Fla. bushel 2.50.

WINNIPEG, March 10—(CP)—The continued general liquidation that struck Winnipeg futures March 1 has carried values 9-5 1-2 cents lower since then. Prices slumped 2 7-8 cents today and were at the lowest levels since November, 1937, and in the case of the October future, July, 1936.

Lack of support and scattered selling featured today's market as it followed Liverpool and Chicago to seasonal bottom levels. May closed at $1.18 1-2, July $1.10 1-8 and October 91 5-8 cents.

Favorable winter wheat growing conditions inthe United States southwest and poor export demand for wheat to be shipped immediately were Dominating influences in North American weakness.

Oats and flax were firm in coarse grain dealings with the latter being ignored. Barley and rye followed wheat. Oats closed 1-4 lower to unchanged, Barley 1 lower. flax 1-4 lower and rye 2 3-8-2 3-4 lower.

Currencies

MONTREAL, March 10 —(CP)— The Pound Sterling advanced 5-16 of a cent to $5.01 11-32 on Montreal foreign exchanges today while the French franc held about even at 3.16 3-4 cents. The United States dollar was unchanged at 1-32 per cent premium.

Mt'l. Market Ends Firm In Dull Trading

(C. P. by Guardian's Special Wire)

MONTREAL, March 10—A late wave of minor losses failed to make much impression on the price list of the Montreal Stock Exchange today and the general tone was firm in the dull trading.

Canadian Pacific Railway shares struck a new low at 6 1-2, off 1-4 on the day. National Steel Car gained a fraction, and Canadian Car issues were unchanged.

PLAN TO SURVEY IN NEW GUINEA

SYDNEY, N. S. W., March 9—(CP)—A year-long trek to explore the last sector of unknown New Guinea will begin shortly, led by Assistant District Officer J. L. Taylor.

The expedition will survey and map about 20,000 square miles of hitherto unexplored territory. Sir Walter McNicol, administrator of New Guinea, said plans for the expedition were almost completed.

With Taylor will be two patrol officers, fifteen native policemen, and 80 porters. The area to be explored extends due west from Mount Aagen toward the Dutch border, and north to the Sepic river.

Because natives of the region are believed to be very savage, scientific and commercial expeditions previously have been refused permission to travel there. The official party will make a thorough investigation of the native races, and mineral resources of the aera.

FRONTIER LIFE PLEASES WOMAN

WINNIPEG, March 9—(CP)— She lives only 230 miles north of Winnipeg, yet Mrs. George E. Butler, a youthful Winnipeg visitor, is almost as isolated as if in the sub-Arctic.

She lives happily at Dauphin River, Lake Manitoba, in the heart of an Indian reservation where her husband is in charge of the government whitefish hatchery.

Last 56 miles of the trip to the settlement is by fish caboose, a house on a sleigh used to freight fish to the railhead at Gypsumview. Mrs. Butler, born in Grandview, Man., and a former Saskatoon primary school teacher, is one of two white women now living there.

To fill in her time she teaches Sunday school stories to the little Indians, writes children's poems, feeds the fish in the hatchery and birds in her private bird sanctuary.

AUSTRALIA PLANES SET GOOD RECORD

SYDNEY, N. S. W., March 9—(CP)—Commercial airplanes in Australia flew 9,500,000 miles last year—more than twice the distance flown in the same period by planes of Imperial Airways, Great Britain's largest commercial air line.

The Australian figure was the result of only 16 years development since the first subsidized service was started between Derby and Geraldton in West Australia, a distance of about 1,200 miles.

Ten years after the Derby-Geraldton service was founded, Australia's commercial planes were flying 1,200,000 miles yearly. Two years ago that figure had increased to 2,300,000 miles.

For pot roasts, stews, and any meats cooked in water, low temperature in cooking holds true. The meat will be more tender and juicy if the water is never allowed to boil. A simmering temperature, the temperature at which small bubbles form underneath the surface but never reach the surface, is best for meats cooked in water. As the French cooks say, "The water should smile, not laugh."
