

MAXIMS OF A MERCHANT

Go to your manifold duties today—with faith and a song and you'll clear them away—for toil is but play to the toiler who hums—he's won in the fray when evening comes.

MAXIMS OF A MERCHANT

Kindness is continually cropping out in the most unexpected places—taking new hearts and making them stout-placed smiles once more upon tear stained faces!

IS IMPRESSED WITH CANADA

Viscount Peel, With Delegates of the Empire Parliamentary Association, Speaks of Trip Across Canada Men, Money and Markets are Chief Needs, He Declares.

TORONTO, Sept. 25.—"Men, money, markets."—In this order, Viscount Peel, quoting a phrase used by Premier Bruce of Australia, on another occasion, sums up the needs of Canada in a statement made today.

Will Build Up Great Country

"Canada is clearly determined to build up a many-sided civilization Canada, like Australia, to quote the words of Mr. Bruce needs men, money and markets. Men of the best type are certainly available in Great Britain. They are vigorous, determined and willing to work if the initial difficulties of migration are overcome. I have learned much as to the direction in which methods of migration are overcome. I have learned much as to the direction in which methods of migration can be improved and the supply of men can be accommodated to the requirements of Canada.

"Money can also be supplied by Great Britain now that she has once again a growing surplus for investment overseas. But these who seek British capital must be prepared to give full and accurate information with respect to the enterprise for which it is required.

"Finally Great Britain can absorb increasing quantities of Canadian primary products and will have, in exchange, to find an increasing market in Canada for its manufactures. On all hands, I have learned that British goods rightly retain their reputation for quality but I have also learned that Canadians would like to see greater marketing activities on the part of British firms.

"Great is the confidence of Canadians in their future. Great is the energy with which they are addressing themselves to the problems of development. Great is their confidence that their future lies in their own hands and that they have the brains and the character which nature has vouchsafed to them. Every where have I been enormously impressed by the determination of Canadians to build up a great country, to forget their own future within the widespread orbit of the British Empire."

"What is true of wheat-growing is still more true of the latent mineral resources and of the great forest wealth. With progress of these primary industries, it is inevitable that there must be a great expansion of manufacturing activities.

"Great as the wheat crop of the present year has proven to be, it is relatively small in comparison with what may be reached in the future when a sufficient supply of manpower is available to the millions of acres as yet untouched by the plough.

"The surplus of wheat-growing is still more true of the latent mineral resources and of the great forest wealth. With progress of these primary industries, it is inevitable that there must be a great expansion of manufacturing activities.

CANADA'S LARGE APPLE CROP

(Special to the Guardian) TORONTO, Sept. 25.—The commercial apple crop of Canada this year is estimated at 3,157,360 barrels, the largest in any year since 1923. The increase is in British Columbia, where the crop is some 37 percent bigger than in 1927. The crop is smaller in Nova Scotia by 4 percent, New Brunswick 20 percent, Quebec 2.2 percent and Ontario 1.3 percent. According to the Canadian Government bureau of statistics the 1923-27 average crop is 3,105,845 barrels which places the 1928 crop 51,515 barrels above the five year average. The potato acreage of 581,300 acres indicates a 2 percent increase over 1927.

To Oppose Miss Agnes MacPhail

(Special to the Guardian) DURHAM, Ont., Sept. 25.—Southwest Grey Conservatives today selected Dr. L. G. Campbell of Markdale to oppose Miss Agnes MacPhail in the next dominion election. Eight were nominated, including Mrs. A. E. Ball of Hanover and seven withdrew. Another convention within a month will choose a candidate to oppose Farquhar Oliver in the next provincial election.

Weather Cold in Western Canada

(Special to the Guardian) WINNIPEG, Sept. 25.—Threshing in the West is fifty percent completed, according to reports, while fall plowing is continuing on the biggest scale in the history of the country. Freezing weather is prevailing in many parts but it remains dry and field work has not been interfered with. Light snow falls are reported in some parts of Saskatchewan and Alberta.

Native of P. E. I. Drowned in Saint John River

(Canadian Press) FREDERICTON, N. B., Sept. 25.—No evidence of drowning was discovered in the course of a post mortem examination of the body of James W. Pendleton, native of P. E. I., lately resident in Halifax. His body was taken from the Saint John River shortly before noon today. The post mortem, completed this afternoon, did not disclose the cause of death. A number of persons have been summoned as witnesses for a coroner's inquest.

Ground Pulp Carried In Pipe Line

(Canadian Press) PORT ARTHUR, Ont., Sept. 25.—An engineering project unique in Canadian history was declared a success today when tests were made of a pipe line by which ground pulp in flush form is carried from a grinding mill of the Thunder Bay Paper Company at Current River to the paper mill two miles north. The tests were highly satisfactory, states the Thunder Bay management. The pipe is of cast iron, ten inches in diameter and two miles long.

Butter Shortage In Canada

(Special to the Guardian) TORONTO, Sept. 25.—While there is a shortage of butter in Canada of approximately 5,120,000 lbs. compared with this time last year there is not likely to be any material increase in price owing to very large importations of New Zealand butter on which there is but one cent a pound duty. Causes of the shortage, given by makers and commission men here are the exodus of about 103,000 milk cattle to the United States within the last year. Increase in exportation of cream and milk and the high price of cheese.

Scoff At Titles

Whether Lady Cynthia Mosley and her husband, Sir Oswald Mosley Labor M.P. for Smethwick, England, will accept the baronetcy made vacant by the death of Sir Oswald Mosley is a matter of conjecture. Both scoff at titles. Lady Cynthia is the second daughter of the late Marquis Curzon.

Ontario Loan Floated In England

(Special to the Guardian) TORONTO, Sept. 25.—The province of Ontario has just completed negotiations with the Bank of Montreal whereby the sale of \$10,000,000 of one year treasury bills at a net cost to the province of 5.118 percent has been arranged in London, England. This loan is the first placed in the English market since 1925. Proceeds of the issue will be used to meet maturing treasury bills and bank credits made necessary by expenditures on capital account.

DELIGHTFUL ORGAN RECITAL I. O. D. E. Award Bursaries For 1928

(Canadian Press) TORONTO, Sept. 25.—Annual award of Bursaries in Canadian universities for 1928 by the Imperial Order Daughters of the Empire, for the benefit of children of Canadians who died or were disabled in defense of the empire during the Great War.

CHICAGO MURDERERS ELIGIBLE FOR PAROLE

(Special to the Guardian) CHICAGO, Sept. 25.—An error in the commitment papers under which Richard Loeb and Nathan Leopold, Jr. were sent to the Joliet Penitentiary four years ago makes these two slayers of little Bobbie Franks eligible for parole in six years or more, Hinton Clabaugh, chairman of the state board of pardons and paroles said today. Clabaugh spoke of Loeb and Leopold as "sons of wealth who are pampered pets in Joliet." These men, each under life sentence for murder and 99 years sentences for kidnaping, are building up fine records," Clabaugh said, "with a view to seeking parole when, because of the error in the commitment papers, they become eligible within six years."

Epidemic is on the Wane

(Canadian Press) WINNIPEG, Sept. 25.—With the report that only three cases of infantile paralysis have been discovered in the city of Winnipeg during the past 24 hours, and with a clean slate on the provincial health department books since Saturday a gradual waning of the infantile paralysis epidemic in the province of Manitoba is seen. No fatalities from the malady have been reported today.

Prof. Thompson and Assisting Artists Heard in Enjoyable Concert in Zion Church Last Night.

A delightful organ recital, which was listened to with interest by a most appreciative audience, was given last night in Zion Church by Prof. Louis D. Thompson, the organist of the church, assisted by Miss Barbara MacNeill, Mr. Charles Earle, Mr. Horace McEwen and Miss Lillian Earle. The programme, which was a splendidly balanced one, was as follows: PART I. Organ Solos (a) "Musette" from Arcadian Idylls, (b) Lemare (c) Praeludium, (d) Jarnfelt Pion Solo, Romance, Op. 24, No. 9, (e) Sibelius Horace McEwen Sacred Song, "I Know That My Redeemer Liveth", (f) Handel Organ Solo, "Finlandia", (g) Sibelius Song, "Thanks be to God", (h) Dickson Organ Solo, Fragments from "Stibell's Scotch Scenes", (i) David Clegg Recitation, "Bobby Shaftoe's" Halman (j) Miss Barbara MacNeill Piano and Organ Duets—(a) Adagio from Sonata Pathetique, (b) Beethoven (c) War March of the Priests Mendelssohn Horace McEwen and Prof. Thompson Song, "The Last Chord", (d) Sullivan Organ Solo, "A Desert Song" (by request), (e) Shepherd Sacred Song "The Ninety and Nine" (by request), (f) Campion Miss Barbara MacNeill Organ Solo, "Overture to William Tell", (g) Rossini "Sullivan Organ Solo, "The Last Chord" and Risch Piano Solo, "The Last Chord" being particularly fine.

Mountain Lake is said by critics to be one of the finest passages of storm music ever written.

It may safely be said of Mr. Horace McEwen that he is one of the most promising of the younger musicians of Charlottetown. Indeed it may be predicted that he will yet go far. His rendering of Sullivan's old favorite "The Last Chord" being particularly fine. 100 DEAD IN MADRID FIRE

One Hundred Bodies Recovered From the Ruins and Less Than Half of Them Have Been Identified—Searchers Stumble on Many Tragedies.

MADRID, Sept. 25.—Approximately 100 dead had been recovered tonight from the ruins of the Novedades theatre which a Sunday performance had seen suddenly turned into a raging inferno which made a holocaust of the panic-stricken audience. The fire chief directing his men in probing the smouldering wreckage which had been the stairways and balconies, said tonight that he believed forty more bodies might be found and that the total death toll could be conservatively estimated at 120.

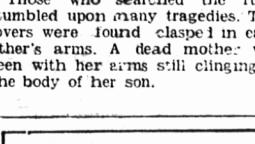

Australian Banks Change Policy

(Special to the Guardian) OTTAWA, Sept. 25.—The Dept. of Trade and Commerce has received the following cable from D. H. Ross, Canadian Trade Commissioner in Melbourne, Australia: "Australian banks, including Commonwealth Bank, after resisting proposal for years have agreed to open accounts for all overseas banks as from September 29."

MORMON MISSIONS INCREASE

PARIS, Sept. 25.—Paris is interested in the presence in the beautiful country of the heads of eight Mormon missionaries, the heads of the Mormon organizations of Europe, who have opened a convention under the presidency of Dr. John A. Widsoe of Liverpool, the British head of the following European countries. The missionaries have taken a villa at Meudon-val-Fleury, on the edge of the forest, eight miles from Paris. Their wives, one each, accompany them.
