

The Red Sox Make Trade

NEWTON, June 13—Making its most important trade in a week, the Red Sox today sent Earl Browning, hard-hitting outfielder, to the Yankees in exchange for Dale Alexander, the big first baseman, and pitcher Roy Johnson. President Quinn said no cash was involved in the transaction.

According to President Quinn, the deal will give the last place Red Sox additional hitting strength in Alexander, for Alexander batted .300 last season, and a polished pitcher in Johnson, whose 1931 record was 27-5.

REMEMBERED ACTS

Best portion of a good man's life, title, nameless, unremembered acts of kindness and of love.

Down The Back Stretch

New Annapolis Matinee races will be held June 15th after all. It was found that June 22nd had been spoken for by Upton, hence the change back to the original date. With good weather now assured there should be a splendid crowd on hand Wednesday afternoon next.

Upton, so beautifully situated just a few miles from the city will be the scene of Matinee races on Wednesday afternoon June 22nd. This will be a tryout for the boys who will be competing at Summer-side and serve as a conditioner for their horses.

There were lively doings at the Charlottetown race track yesterday morning. The Willys, owned by Charles Reardon was in fine form and stepped a comfortable mile in 2:16, last quarter in 31 1/2 seconds.

King Spruce and Lucky Lindy hooked up for a couple of miles yesterday and finished the last ends heads apart. King Spruce looks real class, being much better gaited than last year and taking the turns with ease. Last year when in the Keyes stable he had a tendency to run out on the turns. We think he will be a heart as he was timed a mile better than 2:16 yesterday with the last eighth in fifteen seconds.

The piece de resistance of yesterday morning's workout was a triangular affair between King Spruce at the pole, Lucky Lindy and Volo Rico trailing in the order named. The last quarter they all set sail for home, King Spruce hav-

ing a little the better of the argument with nothing between Lindy and Volo Rico.

This morning if weather conditions are as good as yesterday there should be some more good workouts as nearly all the horses are being sharpened up a bit now that the good weather has arrived and they are well conditioned.

Dame Dillon, 2:18 1/4, has a sturdy son. The arrival occurred at the McVeagh Equine Maternity Home a few days ago. The little chap is sired by Kalmuck 2:15 1/2 and is bright and spry and has all the markings which goes with a future high class performer.

The spectators at the race track on Friday morning were surprised by the appearance on it of an old time high wheeled sulky drawn by a beautiful trotter and driven by a large gentleman in a light duster coat. As the pair drew nearer it was found to be our old friend Mr. Ma; Mahar who had pretty nearly as many trials and tribulations in the past two years as Job. He suffered severely from Arthritis and was laid up a cripple for so long that his friends despaired of ever seeing him around again. A marvelous surgical operation in Quebec City has brought renewed health and ability to get around not quite but nearly as lively as ever. He loves a good horse and no one knows better how to manner or show one. Betty Todd under his ownership looks good and showed a lot of speed even in the antiquated racing equipment.

LOOKING 'EM OVER

BY "TEC."
FINAL SHOOT

The final shoot for places on the team to represent Prince Edward Island in the Inter-Maritime match at Sussex on Thursday resulted in further spectacular scoring. Sgt. Roy McCabe, son of Q. M. Sgt. A. McCabe was the high man with 102 points out of 105, with his dad second with 101 points.

The total for highest eight was 785 out of 840 points, three points behind Saturday's record shoot. The team selected is a dandy, and will keep the other provinces busy to beat them. With Capt. Allan to captain them and Coach Kennedy, they are in good hands.

Yesterday's team scores are:
Sgt. Roy McCabe ... 102
Sgt. A. J. McCabe ... 101
Pte. Roy Coles ... 100
Lt. J. S. Moore ... 99
Sgt. P. J. Landrigan ... 98
Sgt. P. Hooper ... 98
Sgt. G. G. McLennan ... 98
Sgt. A. Gormley ... 97

Note—Capt. Jas. Coles qualified for the team, but was unable to go.

TEAM SELECTED

The team which is to represent Prince Edward Island in the Inter-Maritime rifle match at Sussex on Thursday, June 18th, has been selected and is in point of scores made the best in the history of the as-

FALCON PRACTICE

Falcons baseball team are holding practice at the Abegweit Grounds this afternoon at 2:30. Every player please be on hand.

Narrow Escape

SHIP HARBOR, N. S., June 13—(By The Canadian Press)—Trapped in a car that ran over a bank and plunged into the water at Field Cove yesterday, Jean Van Buskirk, aged 11, of Murphy's Cove, was almost drowned before she was rescued by A. B. Burgess, foreman at the R. A. Allen construction camp. Reports from here today indicated she would recover.

Three other occupants of the car were thrown clear as it swerved toward the bank. Miss Van Buskirk was pinned under the bent steering wheel shaft when M. Burgess ar-

sociation. They will have it tough however, as Nova Scotia has a very powerful team and New Brunswick a good one. They leave by train tomorrow morning. The names are as follows:

Team:—Capt. A. W. Allan, M. C. (Captain); Lt. F. G. Kennedy, (Coach); Sgt. Roy McCabe; Sgt. P. Landrigan; Sgt. G. G. McLennan, Lt. J. S. Moore; Sgt. P. Hooper; Sgt. A. Gormley; Pte. Roy Coles, Q. M. Sgt. A. McCabe.

"A Triple Play"

The death of Harry Ertle, at New Jersey, recalls the bout between Stribling and McTigue, in which he gave three decisions. Henry LeMare, the United Press expert, describing the incident says: "As the bout ended, the crowd let loose a mighty shout as they felt sure Stribling had won, but Ertle called it a draw. Certain their man had been robbed, the crowd threatened to hang, shoot and quarter not only Ertle, but McTigue and Jacobs, his manager. While the Georgians celebrated, Ertle, McTigue and Jacobs, with all speed, caught the train which was about to leave. Once safe in the Pullman, Ertle decided to check his score card when to his dismay he found that McTigue had won by six rounds to Stribling's four. So he changed his decision for the third time and called McTigue the winner. This, so far as is known, says LeMare, is the only triple-play known to boxing."

BUENOS AIRES, June 13—(A.P.)—Twenty-five Argentine boxers, marksmen and track and field athletes today sailed for the Olympic Games at Los Angeles. They were accompanied by Uruguay's lone entrant Douglas, a sculler. The remainder of the Argentine team of about 50, including the fencers, swimmers, and weight lifters, will sail Saturday.

Off To The Olympics

SAINT JOHN, N. B., June 13—(By The Canadian Press)—The biennial convention of the Canadian Nurses' Association here during the week of June 20 promises to draw a large attendance. Already eighty-two reservations have been made for delegates outside of New Brunswick. The outstanding speaker will be Hon. Vincent Massey, P. C.

Big Attendance Is Anticipated

With the introduction of glow-grammes, translucent programs which may be read by transmitted light from the stage or screen, managers of London motion picture theatres say that the habit of striking matches or lighting cigarette lighters in the theatre has been suppressed. The glowgramme is made of celluloid with the text stenciled on by means of a special process.

Ten Mile Bike Record Broken

Harry Lewis New Champion Of Course Covers Distance In 28 Minutes, 14 Seconds. Finished Second In Handicap Event To Lloyd Matheson, A Great Little Rider.

Harry Lewis, 19 year old stellar athlete, pedaling a heady and courageous race throughout established a new ten mile record for the annual Holman-Pickard bicycle event staged last evening. Lewis, who finished second at one minute from scratch in this handicap event crossed the finish line in 28 minutes and 14 seconds to break Ed Hornby's record of 29 minutes made last year in the same race.

Youthful Lloyd Matheson, who had a four minute handicap on Lewis remained out in front from the get-away and lead the latter over the line by a margin of 19 seconds. Lewis tried mightily hard to overtake this tough young rider but the best he could do—and that was plenty—was to gain three minutes and forty one seconds of the four minute handicap.

Frank MacIntyre, who had a one-minute handicap on Lewis gave the latter plenty of battle throughout the race. In fact Lewis did not overtake him until the six mile mark was reached and from then on both riders waged a see-saw fight for the remaining four miles, while the flying Matheson fairly well out in front, was pedaling for his life to keep ahead of this battling duo.

Lloyd made the grade 19 seconds to the good but within hearing of the whizzing wheels of Lewis and MacIntyre, the former nosing "Mac" out by a quarter of a second.

It was a great race but not without its mishaps. Byron Burns, riding in sixth place near the finish, was run into by a car and was forced out of the race. A few miles out another accident put Roland MacDonald out of the running when he tangled on a corner with a rider, breaking his wheel, and then again Mattland Owen, who was battling with Hornby for 6th position broke the chain of his wheel fifty yards from the finish. Weeks who started from scratch with Hornby was forced out of the race with leg cramps.

All in all the event this year which had thirteen starters and ten to finish, was even more successful than last season. Thousands turned out to witness the event and

were thrilled at the spectacular riding of the boys and the many close finishes.

Messrs Holmans Ltd., and Fred Pickard of the Bike Shop are to be commended for their enterprise and all around good sportsmanship in promoting such a splendid annual event.

The above mentioned firms are grateful to the Firemen, City and Mounted Police, the officials and all others who helped to make the race the success that it was.

Eddie Hornby, one of P. E. Island's foremost bike riders and former champion of the event, rode another great race last night. In actual time, Hornby placed second, just three seconds slower than his record breaking time of last year. Hornby is a credit to the bike game and is no doubt proud to have his 10 mile record smashed by such a great little rider as Lewis.

HOW THEY STARTED

The following is the name, position, and starting time of the riders:

Edward Hornby, scratch, 7.05.
Abbie Weeks, scratch, 7.06.
Mattland Owen, 1 minute, 7.04.
Harry Lewis, 1 minute, 7.04.
Frank MacIntyre, 2 minutes, 7.03.
Barton Crabbe, 2 minutes, 7.03.
William Warren, 2 minutes, 7.03.
Byron Burns, 3 minutes, 7.02.
Jack Saunders, 3 minutes, 7.02.
Gordon Lafferty, 3 minutes, 7.02.
Roland McDonald, 5 minutes, 7.00.
John McAleer, 5 minutes, 7.00.
Lloyd Matheson, 5 minutes, 7.00.

HOW THEY FINISHED

The following is the name, finish, and actual time of the riders:

L. Matheson, —31.55, —31.55
H. Lewis —32.14—28.14
F. MacIntyre—32.14 1/4—29.14 1/2
J. Saunders—32.48—33.20
W. Warren—33.05—29.05
E. Hornby—34.03—29.03
M. Owen—34.03 1/2—30.03 1/2
G. Lafferty—34.20—32.20
B. Crabbe—36.20—33.20
J. McAleer—36.22—37.00

OPENING GAME BIG LEAGUE CITY LEAGUE TO-NIGHT

The following is the line-up for tonight's Rover-All Star game, the opening clash of the City League. Game starts at 5:45.

N. S. Premier Returns Home

QUEBEC, Que., June 13—(By The Canadian Press)—Tanned by the sun during his sea voyage and looking much improved in health as a result of his short vacation abroad, Hon. G. S. Harrington, Premier of Nova Scotia, returned to Canada today aboard the liner Empress of Britain.

Col. Harrington had no further details to disclose in connection with the floating of a new loan by his Province, as intimated when he embarked at Southampton last Wednesday.

"The details of this loan have not been fully arranged and it will be impossible to make any further statement until after I have returned to Halifax," Premier Harrington said today on arrival.

Repeal Of The 18th Amendment Strongly Urged

CHICAGO, June 13. (By Ken Clark, Canadian Press Staff Writer.)—The Republican National Convention became the battle ground today for wets and dries. Never in the history of conventions have such powerful lobbies operated to sway delegates for or against any matter. For volume of sound, for color, for general whooping it up, the wets had it. Today society women stood on all the hotel corners and offered buttons "vote wet" to delegates and citizens regardless.

Tonight Mayor Cermak, Dr. Murray Butler, President of Columbia University, Mrs. Charles H. Sabin, society leader of the anti-prohibition women, and others addressed a monster mass meeting urging repeal of the 18th amendment. There was a parade with floats.

The Chicago press announced the doom of complete prohibition, basing its conclusion upon the entire probability of the Republican convention going for a resubmission plank and the Democrats going wetter.

However, Simeon D. Fess, a noteworthy dry, and chairman of the Republican National committee said tonight a plan on prohibition would be found which would be satisfactory to everybody. Senator Fess is admittedly an optimist, but the history of Republican conventions indicates that when a committee chairman makes such a statement it will be found to be moderately corroborated.

This means a compromise plank will be produced, something asserting that the law should be enforced, but the people should be permitted to say whether or not they want to keep the law, which obviously does not mean the immediate demise of prohibition.

The sound and fury of this convention continues to be the alcoholic issue. For the rest there is some unorganized sentiment for displacing Charles H. Curtis as President Hoover's running mate. General Charles Gates Dawes of the underslung pipe and extraordinary oath "Hell and Maria" was prominently mentioned but said in Washington tonight he was not a candidate.

Conventions usually choose a Vice President at the tail end of things. When everybody is all tired out and wants to go and play golf, somebody says, "hurray for Pat Hurley, our Secretary of War, or Charlie Dawes, or Charlie Curtis," whereupon everybody else says "hurray" and it's all over.

CATS IN FORUM PUZZLING

Behavior of the many cats in the Forum of Trajan, in Rome, Italy, is being investigated. At times as many as 60 felines may be seen perched on the various columns, and why they stay in the ancient ruins is a puzzle. One observer believes that the Romans, at one time, venerated a Cat deity, and the twentieth-century tabbies are carrying on the cult.

BLOOD FOR INDIAN PATIENT

Forty ounces of his blood has been given by Major Coldstream, a surgeon at Pesawar, India, to an Indian patient, whose critical condition necessitated an immediate transfusion. It has been revealed that several years ago Gandhi's life was saved by a western medical man at a time when there was much opposition to British drugs among Indians.

Members May Question U. S. Officers Conduct

LONDON, June 13—(Canadian Press Cable)—It is expected the government will be asked by opposition members in the House of Commons to make representations to the United States Government concerning the suicide of Violet Sharpe, English Maid in the home of Mrs. Dwight Morrow at Englewood, N. J.

London morning newspapers today expressed indignation against the police of the state of New Jersey, some of them accusing the police of driving the girl to suicide under questioning in their investigation of the kidnapping and murder of the Lindbergh baby.

Income Tax Is Suggested

MONTREAL, June 14—(Tuesday)—(By The Canadian Press)—The Gazette today says that prospects of an income tax for provincial and municipal purposes are "looming on the horizon and with a session of the Quebec Legislature quite possible next September the matter may take concrete form by that time."

Oscar Morin, Deputy Minister of Municipal Affairs and chairman of the Quebec Municipal Commission, brought up the matter, the paper says, by suggesting that the union of Quebec Municipalities discuss it at its annual convention in July.
