Home Made Bread

Home made bread is without doubt the cheapest and most healthful food that can be produced for human consumption. It is the most completely digested solid food in the world, over 90% of it being transformed into health and strength.

ROYAL YEAST CAKES

It was known many years ago that yeast is an excellent thing for constipation, anemia, boils and pimples. Lately eminent scientists have been investigating the matter thoroughly and their conclusions point to the fact that the beneficial effect of yeast has not been overrated.

Before each meal eat a Royal Yeast Cake, or take a cake dissolved in water or fruit juices. The scientific investigators say that the curative elements in yeast are the vitamins and nuclein which it contains.

NEARLY ACHIEVED PATHOS

The mystery that surrounds the disappearance of Charley Brown was practically duplicated on Sunday last when one of Summerside's most popular young men disappeared from a while from the town of his kin.

It was obvious for Mr. Lloyd George's letters, he declared, that the Northern Parliament was being used as an excuse to keep the North and South asunder, but the Orangemen, who had been used as tools, might find out that they stood in the way of an agreement which was in Britain's interest, and then they would be thrown aside.

Freedom for Ireland is coming, nobody can stop it, he exclaimed. "Is Ulster, with her tottering Parliament, going to stay out? We say to our people there: 'We won't desert you.'"

The Commander of the Irish Republican Army had a great reception and when he appeared before the audience of 5,000 rose and sang the "Soldiers' Song," referring to Mr. Lloyd George's "sneer" that more Welsh was talked in Wales than Irish in Ireland.

Why does it never occur to a boy that he will some day know as little as his father? The average man is always wondering what others think of him and his chances are the others never give him a thought.

has set about doing something that we are doing badly or not at all. "Considering that Canada was in the war for four years, it is very great in Canada, that relatively Canada has had a far larger number of men to care for, there is something reassuring in a prompt extension of credit of more than \$80,000,000 to the boys who fought to get them property cared for as farmers. This is in perfect keeping with the general Canadian policy."
