MELHORN LOSES
GLEN EAGLES, Scotland, July 22.—Bill Melhorn, the only United States golfer left in the 1,000 guineas prize money competition was eliminated from the tournament in the first round of match play today by C. Saylor, of Birkdale, five and four.

Joe Kirkwood, one of the 32 qualifiers in the tournament withdrew so that he could keep a prior engagement to play with Bobby Jones in an exhibition match, a charity event in aid of the Prince of Wales Hospital.

Sport Notes
The summer is gradually passing and to date Charlottetown has not figured in any extent in any premier sporting event, either indoor or outdoor. Other cities and towns throughout the Maritimes and eastward Canada are showing great partiality towards marathons and swimming events, horse racing too is much the rage and large crowds at the races testify to the popularity of the sport of kings.

However, during the month of August things will stir up a bit when two interesting events are scheduled to take place. Some time during the first week John Anderson, heavyweight wrestling champion of Canada will defend his title here in a match with the "Masked Marvel". The latter is coming here from New York City via New Brunswick where he will vacation a few days before proceeding to the Island. He will arrive here early in the week to taper off training preparatory to his match with Anderson. This bout will mark the first championship affair of this kind ever held on Prince Edward Island. In connection with the title match two boxing bouts will be staged.

The Arena Rink has been secured and it is understood that bleachers will be built to handle the large crowd anticipated.

Anderson is at present in training in the city and expects to be in tip-top shape on the night of the match. The Masked Marvel has been wrestling in all the leading American cities, and to date has lost only two starts, one to Joe Stetcher and the other to "Strangler" Lewis.

On August 21st the Commercial Travellers Association of the Maritime field day in this city. A great list of events is on the card and a fine day's sport is looked forward to. It may be mentioned here that a number of the best athletes in Lower Canada will compete on this day. Charlottetown is indeed fortunate in being selected as the "mecca" city this year.

The Guardian telephones were given a merry ring Thursday night on the occasion of the big fight between Jack Dempsey and Gene Tunney. The interest manifested throughout the city and Island in general in this match aroused as much talk and gossip as a championship affair. In fact, the gate receipts went over the million dollar mark with an attendance of 82,000 fans.

Jack Dempsey is the biggest "money fighter" the ring has ever known. He has drawn down the largest crowds and "gates" on record.

Before Thursday night's affair only three battles in pugilistic annals have gone over the million dollar mark in receipts, and Dempsey has figured in all of them—his fights with Georges Carpentier, Louis Firpo and Gene Tunney. Two of these drew over \$1,500,000.

Thursday night's purse is another big mellow the erstwhile Manassa Mauler has figured in. From Willard to Tunney, Dempsey fought 20 big ones, collecting more than \$2,000,000 as his share of "gates" that appropriated over \$7,500,000.

"Color," the indelible something in athletic prowess that acts as a magnet to the fans, has made Dempsey the greatest drawing card in ring history, in the opinion of Tex Rickard, who knows better than anyone else how profitable Dempsey's fight appearances have been. It is the sort of color that has made Babe Ruth the biggest attraction in baseball.

Here are the "gates" for Jack Dempsey's seven championship fights; and his approximate share of the purse in each.

Opponent	Receipts	Dempsey
Willard, 1919	\$452,522	\$100,000
Brennan, 1920	250,000	100,000
Miske, 1920	150,000	50,000
Carpentier, 1921	1,626,580	300,000
Gibbons, 1923	1,201,822	250,000
Firpo, 1923	1,188,822	250,000
Tunney, 1926	1,895,723	750,000
Totals	\$5,766,132	\$2,025,000

"Promoters lost money raising Dempsey's purse."

His recent fight with Sharkey and the coming return bout with Tunney will net him another \$500,000. "Socking" seems to be a good business—if you know how to "sock."

Jack Sharkey, the loquacious Lithuanian, has a mean eye—an eye of steel—gray, so the newspaper report, a steel gray hue that penetrates clean through a man to his very backbone, which it sometimes weakens. Jack has been "putting the eye on" quite a few of his opponents of late with great success, particularly Mr. Maloney, who apparently wilted under the glare.

Sharkey had his eyes sharpened up for Jack Dempsey when the latter first arrived in New York from his siege of sunburning in the Ojai Valley, but the old lamps didn't glue on so well. Dempsey was too good-natured and moved about so fast that the Boston boy couldn't quite get the focus. Thursday night he lost the focus altogether.

However the eyes have it—sometimes. Old John L. stared them out of countenance and courage. He stood in his corner and glared 'em into submission.

THE STARS WIN FROM ROVERS IN BEST GAME OF THE LEAGUE
Good ball all around featured last evening's game. Lots of hitting with great support makes the game most interesting. Score 3 to 1.

Last evening at the Abegweit grounds the Rovers and Stars met in the fourth game of the City League Baseball schedule, the Stars winning out by the close margin of 3 to 1.

The game had everything packed in what could be claimed the best game of either action, frequent hitting, giving the fielders a chance to do their stuff, which they did in almost airtight fashion and gave a fairly large gathering of customers a real ball game to watch.

The Rovers erred on two occasions that meant runs which gave the snappy Stars the verdict. McKenzie of the Rovers was the only man to get a free ride to the initial sack.

Both twirlers broke even on the strike out end, having seven each.

On two occasions the Rovers had sufficient runners on base to tie up the score but each time a spectacular play robbed them of the opportunity.

Both teams did excellent work, the Stars have every reason to feel proud of their win and the Rovers have as much reason to be proud of the game turned in by their team and no doubt the next game between these teams will be looked forward to with much interest.

For the Stars, Ryan lead off with a three bagger, a double and a single, having one catch and a total of three put outs, and five assists. McCarey followed with a two bagger, a nice running catch for a foul ball with eleven put outs. McCarey had a single, a nice catch on behind the plate and one assist. W. Ryan one single, Martin, two put outs and two assists. Bolger two nice catches for put outs. Howatt seven put outs and one assist. Squarebriggs one put out and two assists.

The runs were scored by McCarey two and S. Ryan one. For the Rovers, P. McInnis, lead off with a two bagger and two assists. Stewart a two bagger, Williams a two bagger and a single and three assists and one put out. Whalen a two bagger, two catches and two assists. Carboneil, seven put outs and three assists. D. Diamond a single, a catch of a foul for a put out and one assist. Doyle three nice catches in the out garden. Blanchard ten put outs, the run being scored by Stewart, 1. The line up.

BOWLERS ARRIVE

OTTAWA, July 22.—The bowlers from Great Britain and Ireland were given an enthusiastic welcome when they arrived here today from Montreal. They met the local bowlers in a series of matches beginning this afternoon.

that the terrible one often scared his opponents stiff with his wild-eyed anxiety to get going. Carpenter had the Europeans thinking for a while that he had Deschamps were hypnotists. Joe Beckett was afraid to look at him when they fought. (so Gorgeous Georges knocked him out when he wasn't looking.) Fight fright is a disease. Take the case of Benny Leonard and the lightweights. Benny had his opponents so terrified that instead of doing their utmost, they rarely offered formidable opposition. They were usually licked before they entered the ring, and, as a result, failed to put up a fight of which they were capable.

Jeffries was an example of fight at Reno. When the fellow fully realized that defeat was sure to come to him he seemed to fall into a trance and stood open-mouthed, with legs apart, as he was introduced to the crowd. Jeffries had completely lost his nerve, and the result was that he acted so stupid and passive that some thought he was doped. However, nothing of the kind had happened. He was simply suffering from fight fright.

Exception is always the rule nevertheless and Thursday night last was a good example. Sharkey with twenty pairs of optics could not frighten or stem the tide of confidence that flowed through the veins of Jack Dempsey. It takes more than wicked looks and leering remarks to knock out the once greatest champion of them all.

DEMPEY'S EARLY STYLE

Coming out of his corner with the double-barreled "kayo" cocked and ready, the Dempsey of old floored 25 of his opponents with first-round knockouts in the course of his brilliant career.

That savage offence at the start of his fight with Sharkey was the best because of the former's superior stamina in a long drawn battle. Dempsey surely lugged back to 1919. Not since that great year has he fought so savagely.

Both have been knocked out. Once in each career the mighty has fallen. Dempsey's conqueror was Fireman Jim Flynn, who downed him for the first time in one round in 1917. Sharkey's was Remero Rojas, who knocked the sailor helpless on the night in 1924.

Analysis of the evolution of Sharkey's punch shows a startling increase in its power in the years that have dampened the dynamite in Dempsey's fists.

From a "fighter without a punch" Sharkey became this year a dangerous hitter who slashed Mike McGuire so severely the referee stopped the bout, and who knocked out Jim Maloney in the fifth round. These were his last two fights. In them Sharkey seemed to find and use, almost for the first time, the devastating power of his punch. While Sharkey's victory over Willis last fall was won on a foul, the Lithuanian had all the better of it, and that battle served to rank him high among the logical contenders for the title.

Outstanding among Dempsey's great fights is his three-round knockout of Jess Willard in Toledo in 1919 for the championship. In its defence he knocked out Billy Miske in three rounds. Bill Brennan in 12, Georges Carpentier, in four, Luis Firpo in two and won from Tom Gibbons in 15, before Gene Tunney came on so well. Dempsey was too good-natured and moved about so fast that the Boston boy couldn't quite get the focus. Thursday night he lost the focus altogether.

However the eyes have it—sometimes. Old John L. stared them out of countenance and courage. He stood in his corner and glared 'em into submission.

BOXING AND WRESTLING MATCHES HERE August 5th

Mr. John Patterson, Canadian Wrestling champion has completed arrangements for Boxing and Wrestling Matches to be staged in the Arena Rink on August 5th.

The main boxing attraction will be between Bobby Smith of Boston former Amateur Welterweight Champion of New England States and Jack McDonald of Montreal to ten rounds.

Another card of six rounds is being arranged between two local battlers and a challenge match between the famous fistful fighter Joe O'Brien and Joe McLeod.

The big attraction of the evening will be a Wrestling Match between John Patterson, Champion wrestler of Canada and Young Ziebrisko of New York City, former World's Champion.

Both the above gentlemen should certainly be a big drawing card, more especially as this is the first opportunity the fans of Charlottetown have had the pleasure of seeing such good mat artists in action.

This line of sport in Charlottetown has been sadly neglected in the past, but if things turn out any way promising there is every reason to believe that the Charlottetown fans will be treated to many good performances by leading boxers and wrestlers of the world in the future.

Japs Pile Up Big Score In Baseball Game

GENEVA, July 22.—Japan's pickup baseball team fairly slaughtered a United States nine on the Municipal field at Kaux-Vives by a score of 28 to 8 yesterday, in the presence of such distinguished naval delegates as Admiral Hilary P. Jones and Admiral Andrew T. Long.

"What's the ratio now?" queried Viscount Ishii with a chuckle when the last man was out in the eighth and as the game was called on account of weakness.

"Don't cheer boys, the poor devils were trying," retorted Hugh S. Gibson.

Japan's score is sufficient indication of the excellence of the Japanese nine, which was composed of naval officers—experts of the tripartite conference, newspapermen and Japanese members of the League of Nations Secretariat.
