ISLAND ROADS BETTER FOR MOTORING THAN THE N. S.

Mr. and Mrs. J. Leslie McDuff, of Halifax, are leaving for home this morning, after having spent a fortnight touring the island in their Cadillac Eight.

Mr. McDuff, formerly of Brookfield, was engaged in the teaching profession for six years in P.E.I. He is now manager for Nova Scotia for the Mutual Life of Canada.

Mr. A. M. Johnstone, of Murray River, P. E. I., is visiting in Sydney the guest of his daughter, Mrs. Hugh McPhee, Charlotte street.

Mrs. L. M. J. Orr, French River, will be at home to her friends Wednesday, July 18th, from three to five, and seven till nine.

Among the recent arrivals from Boston, Mass., is Mrs. James Kilgore, of Hartford, Conn., who has been visiting her sister, Mrs. E. L. Buzzell, and is now spending a month with her parents, Mr. and Mrs. John C. Durant, of Margate.

SIR THOMAS WILL GO TO WASHINGTON.

OTTAWA.—It is probable that Sir Thomas White will in the near future pay a visit to Washington to discuss with the secretary of the treasury the general question of exchange between Canada and the United States.

AN ATLANTIC PORT.—Eleven neutral steamers loaded with grain and other cargoes which could not be exported except under license of the President Wilson's embargo proclamation become effective Monday have cleared from this port for European ports without British letters of assurance and will attempt to run the Atlantic blockade.

WASHINGTON.—An embargo, effective immediately against all shipments intended for export of commodities named in President Wilson's recent export proclamation, except when bill of lading is presented by a Federal License, Number 748, issued at Washington, was ordered today by the American railway association's commission on car service. The notice to all railroads follows:

Pursuant to the proclamation of the president of the United States July 9, barring certain exports under Federal license, railroads are directed to place telegraphic embargo immediately against all shipments of coal, coke, feed grain, flour and meal therefrom; Fodder, meat, and fats, fuel oils, kerosene, gasoline, pig iron, steel billets, ship plates (structural shaped) scrap iron and steel, ferro manganese, fertilizers, arms, ammunition, explosives, consigned, re-consigned to be re-exported, or intended for export, except when bill of lading presented with Federal license number furnished, or authorized by export council at Washington and according to announcements of department of commerce, together with permit number authorized by the port delivery road.

Arrangements have been made under which all shipments consigned to points in Canada can go forward as heretofore, special licenses covering same having been issued through the customs service. It is suggested that port lines protect against accumulations at ports by placing such embargo as necessary against cars in transit.

All port lines should immediately inaugurate permit systems covering all export traffic.

ST. JOHN.—A recruiting party from the 236th New Brunswick, Kilties will leave Monday night on a recruiting mission to New York and Chicago. Colonel P. A. ROUGH ON I.W.W. AGITATORS IN U.S.

Eleven Hundred of Them Shipped Out of Arizona in Cattle Cars.

BISBEE, Ariz. More than eleven hundred Industrial Workers of the World were deported from Bisbee Thursday, about twenty-four cattle cars. Their announced destination was Columbus, N. M.

The train carrying them left Warren four miles from Bisbee, at noon. When the train arrived in Columbus at 9:10 o'clock Thursday evening, according to a despatch received here, the military authorities there refused to have anything to do with the matter and turned the men loose. The guards who accompanied the train expect to return to Bisbee, and may be accompanied by many of those who were deported.

The men were driven from the city by Deputy Sheriffs and about 2,000 armed men, members of an organization known as the Citizens Protective League. Two men were killed during the work of deportation.

RAW WOOL QUIETER ADVANCE CHECKED

General Let-up in Trading Following Advice of Control of Wool by President.

BOSTON.—Some hesitation has developed in the local wool market during the week, total sales for the week being estimated at not over 3,000,000 to 4,000,000 pounds.

This hesitation has not only been shown in a falling off in the volume of wool changing hands, but also in the slackening of the strong upward tendency of values which has been so prominent a feature on the market in recent weeks.

Possibly the report from Washington to the effect that wool had been added to the list of articles that were to be placed under the direct control of the President, may have been the prime cause of the change, but evidently the time was ripe for a let-up in the speculative tendency of the market.

Canvass of various wool houses developed the fact that there is a more noticeable feeling of pessimism than at any time since the beginning of the year, some members of the trade even going so far as to question as to whether "twelve o'clock had struck" in wool prices.

Another Boston Wool report has the following to say:—

LOCAL TRADE AWAITS GOVERNMENT ACTION.

Heavy Arrivals of Foreign Staple Noted.

Leading wool dealers report the trade to be awaiting Washington developments. Pending something definite from there, the local market has become more quiet.

Probably less wool has changed hands the past week than in any similar period for some time.

NEW YORK. Persons in a position to speak with authority, who have returned recently from Constantinople, say General Von Falkenhayn, a German army, recently passed through the Turkish capital on his way to the Mesopotamian front.

above Bagdad, to reorganize the Turkish forces in that region and launch a new offensive, whose design is to recapture the city of Har-look in March 11th.

Falkenhayn, one of the greatest strategists in the German army, he succeeded Von Moltke as chief of staff early in the war—the position later assumed by Hindenburg.

Many critics attribute the success of the Rumanian offensive to his leadership. Although Mackensen got most of the credit, Constantinople circles expect his arrival on the Mesopotamian front to change the whole situation there.

It was reported Monday that the Turks had driven the Russians above Bagdad back across the Persian border.

"BLUNDERS MADE BY KAISER PUT WORLD AGAINST US." THE HAGUE.—Why the Frankfurter was placed under the ban of the censorship is explained on reading an incriminating article, by Professor Weber on June 23. The article includes a sharp attack on publicity given the Kaiser's utterances from the day of the Kruger telegram and through the Boxer utterances to the Agadir trouble. Weber says "Thanks to the publicity given the Kaiser's speeches and telegrams before the war practical agreements with England and France, etc., were made impossible, and adds further: "This unnatural condition of the world as it given the Kaiser's utterances from the day of the Kruger telegram and through the Boxer utterances to the Agadir trouble.
