## WAR DEBT PROBLEM

### Debtor Nations Due To Pay U. S. \$123,000,000 — British Gov't. Silent.

(Canadian Press)  
WASHINGTON, Nov. 11—Early consideration by Congress of the war debt problem was expected in Washington yesterday as a result of the debt note received from Great Britain.

December 15, ten days after Congress meets, the debtor nations are due to pay the United States \$123,000,000. In Paris it was learned that diplomatic negotiations about the debt question had been opened with Washington by the French Government. But officials declined to discuss the move publicly. In London it was understood that the British Government would remain silent until President Hoover has had full opportunity to consider the British note. The communication already has been sent to the President from Washington.

Payments from Great Britain due the United States on December 15 total \$95,650,000. France has more than \$19,000,000 due. Poland's obligations at that time total \$3,302,980. Belgium and Italy are scheduled to pay \$2,125,000 and \$1,245,437, respectively.

## NATIONS OBSERVE ARMISTICE DAY

(Canadian Press)  
OTTAWA, Ont., Nov. 11—Rain falling without cessation from overcast skies and a damp mist curling around the Peace Tower furnished the setting today on Parliament Hill for the National Armistice Day ceremonies. But the unhospitable elements did not deter many thousands of Ottawa's citizens from offering their tribute to the memory of Canada's dead, nor did they dampen the ardour of thousands of war veterans and soldiers of the Ottawa garrison who turned out in homage to their fallen comrades.

## 12 Killed And Seventy Wounded When Soldiers Attack Geneva Rioters

GENEVA, Nov. 11—The tragedy of a fatal riot echoed throughout this "City of Peace" yesterday after a company of young recruits had turned machine guns on a hissing crowd, killing 11 men and wounding 70 persons. The angry mob killed one soldier.

The disturbance came last night as the climax of weeks of bitter political agitation between Socialists and the local Geneva Government.

It began in front of Community Hall where an anti-Socialist political meeting was being held. When the hall became full, the Gendarmes closed the doors, but the crowd broke through.

## ONE THOUSAND DEAD HUNDREDS INJURED IN TROPICAL GALE

### Eastern Cuba Swept By Storm Unprecedented In History. Horrible Scene Depicted By Eye Witnesses

(Canadian Press)  
CAMAGUEY, Cuba, Nov. 11—More than 1,000 dazed and suffering refugees from hurricane stricken Santa Cruz Del Sur were brought to Camaguey today in crowded box car trains. Ambulances sped through the streets, taking them to improvised hospitals. There were not ambulances enough, and taxi cabs, private automobiles and busses were pressed into service. The refugees were weary, hungry and burned by the sun. Many of them were frantic with worry. With pitiable anxiety they inquired about missing relatives and friends.

### GRAVE DIGGERS BUSY

Back in Santa Cruz grave diggers worked to dispose of at least 1,000 bodies, victims of the destroying wind which swept the little city built on a point jutting into the sea, and of the 20 foot wall of water which that wind piled up and rushed inland. Meanwhile medical supplies and clothing were brought here by train, aeroplane and steamer.

### DEATH TOLL 1,000

Secretary of Public Works Onetti said after a plane trip to Santa Cruz that not a single house was standing. He was sure the death toll would mount above 1,000, and he placed the total injured at 700.

"I have never seen such a tragedy in all my life," the Secretary said. "Damages are incalculable since the entire city—which had 3,500 inhabitants was wiped out. I lifted boards and planks and found corpses of children underneath. It was horrible." "Most of the victims were women and children since the men were stronger and fought the waves more successfully."

HAVANA, Cuba, Nov. 11—A tropical hurricane scourged the three easternmost provinces of Cuba and passed on yesterday, leaving behind hundreds of casualties—among them 10 known dead, and great property damage.

LONDON, Nov. 11—The House of Lords gave second reading last night to the government's bill implementing its Ottawa Economic Conference agreement with the Dominions. The vote: 139-34, gave the government a majority of 105.

The Marquis of Crewe, announcing his intention of voting against the bill, said he feared British representatives before the forthcoming World Economic Conference in London would fail to convince other delegates that the Ottawa agreements constituted a "shadow of argument" in favor of general tariff reductions. He was

## SAD ENDING TO LIFE OF WAR VETERAN

### Suicides By Drowning On Anniversary Of Armistice.

(Canadian Press)  
HALIFAX, Nov. 11—While thousands bowed their heads today in tribute to Canada's war dead, private Thomas Joseph Farrelly, ragged and hungry shuffled quietly to a waterfront wharf. A few minutes later, before the Citadel gun boomed out its salute, he joined the army of fallen heroes. Tonight his body lay in a local undertaking parlor, unclaimed.

Farrelly returned from Flanders 14 years ago, a few months before armistice was signed. According to his discharge papers he was unfit for further service. Life was not kind to him during the years that followed. He was not fit for much work but had made a living somehow. Some months ago he became despondent, jumped into Bedford Basin. Somebody who thought he was being kind dragged the veteran to shore, and his troubles began all over again. He wandered about the city, occasionally begging a night's lodging at the police station, until today when he slipped away from the crowd.

## Maritime Members Unite In Plea For Maritime Ports

### Case For Maritime Ports Strongly Presented In Parliament. Mr. J. H. Myers Among Speakers.

OTTAWA, Nov. 11—East clashed with West in the House of Commons yesterday over routing Prairie grain through Maritime ports.

"We have the facilities, use our ports," cried the Maritimes. "Wheat reaches world markets through the cheapest channels," returned Western members and its routing was a business proposition.

For three and a half hours the House discussed the six-cent wheat preference secured in the Anglo-Canadian trade pact and its effect on the routing of Prairie grain. Tempers became frayed in the evening. Prime Minister Bennett protesting against "constant reiteration" and "useless arguments" when Parliament met the taxpayers \$15,000 a day.

## Export Of Western Poultry To Great Britain Will Have Beneficial Effect In Canada.

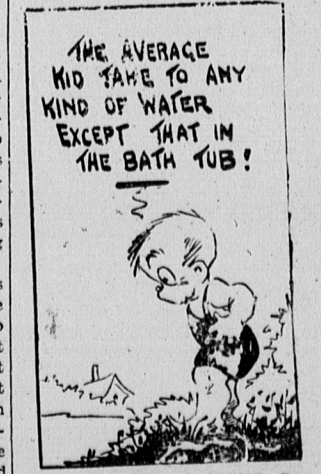

The proposed shipping of turkeys from Winnipeg to Great Britain will relieve the Canadian market of a large surplus of poultry, and will have a stabilizing effect on prices in the opinion of Mr. F. M. Nash, of the live stock branch of the Dominion Department of Agriculture.

## SHIPMENTS TO STABILIZE MARKET

Export Of Western Poultry To Great Britain Will Have Beneficial Effect In Canada.

At the present time there are prospects of developing for the future a market in Great Britain for Canadian poultry by acquainting British people with the superiority of the product, it was stated. Canadian producers must be satisfied to accept world prices until the reputation of their poultry is established as being superior. Once established in the British market, Canadian poultry will command a premium, it was believed. In order
