We Guarantee to Relieve Dyspepsia. If We Fail the Medicine Costs Nothing.

To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is carefully prepared so as to develop its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid. Without it the digestion and assimilation of food are impossible.

The Carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our own personal guarantee. Three sizes, 25 cents, 50 cents, and $1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store. The McKinnon Drug Co.

"When you find women unhesitatingly selecting new cloth for new gowns the moment they are shown you may take it for granted that there is something unusually attractive about them. Such is a fact, in regard to the first exhibit of our cloth dresses for spring. They have the inimitable qualities of refinement and simplicity combined with smart ultra-fashionable features that ever capture discriminating women. Better make a tour of the cloak department tomorrow. Patons. 4-6dtf.

"You have seen the fireman's helmet, with its high front and long, sweeping lines to the rear?—that idea is in some of the new shapes. The new "Bunty" sailor is an illustration—a rough braid, with upstanding novelty trimming of flowers, at front, girdle of flowers around the crown. The "Gaby" is another new hat—of shot silk in circular draped effect, with long silk wing at back; a style that fits snugly over the head. Patons. 4-6dtf.

A Dalhousie, N. B., exchange says that word has been received there announcing the death of Mrs. John LaBillois, following that of her husband, both having died at Fort William, (Ont.), during the month of March, at advanced ages. She was a native of P. E. Island, and resided in Dalhousie, (N.B.), for many years, having been known for her hospitable and charitable disposition. They are survived by two sons and one daughter, Joseph N., of Menominee, (Mich.); Charles, at home, and Mrs. Daniel McNeil, of Fort William West.

Yesterday in the Court of Chancery at Charlottetown before Vice Chancellor Fitzgerald the case of Gordon vs. Gordon was commenced. This case is brought for the administration of the estate of the late James S. Gordon who died in August last. Mr. Gordon was one of the pioneers in the raising of black foxes in this province. About twelve or thirteen years ago he and the late Robert Tuplin started a fox ranch at Black Bank, near Alberton. Shortly before the death of Robert Tuplin he and his partner James S. Gordon dissolved partnership and the latter started a ranch at Montrose. One of the defendants in the suit Robert H. Gordon, a nephew of the late James S. Gordon claims that his uncle took him into partnership with him. This claim is disputed by the complainants in the suit. When James S. Gordon died there were 51 black foxes in the ranch and the contest arises over these foxes. James S. Gordon died intestate and unmarried leaving about forty heirs. It is not known at the present time how many offsprings there are from the foxes left by James S. Gordon. It is claimed by the complainants in the suit that if the 51 foxes and their offspring had remained in the ranch at the present prices for black foxes the estate ought to aggregate about $500,000. The matter is now before the Court and there are a great many witnesses from the western part of the province. Johnston K. C., and Inmao K. C., are counsel for the complainants. McQuarrie K. C. Saunders, Aeneas A. McDonald and George Tweedy for several of the defendants. ...

A St. John despatch says: Rev. Dr. Flanders, pastor of Centenary church, said this morning that he had decided to accept the call tendered him by the First Methodist church of London Ontario, but that the acceptance did not call for his leavinghere until June of next year. He has been released by the board of the First Methodist church in Charlottetown from his promise given to become pastor there, and this allowed him to accept the other offer.

Fred J. Cameron, trainer for the last two years at the Hooper Stock of the world's champion sire Aller-Farm at Indianola, Iowa, the home ton, and Expedition and Rediac, is to open a training stable at Woosepath Park early in May. Mr. Cameron was very successful when with the Hopper Farm and gave standard records to fifteen of the farm colts. He also raced a stable through the provinces for four seasons, during which time he handled Geo. Cresceus, Bonita and Mabel T.—St. John exc. (Cameroni is a native of Charlottetown.)

Rev. Geo. E. Ross, a native of Newport, had the honor when at Charlottetown of organizing The Order of Recruits for the ministry. Since its birth at Charlottetown Mr. Ross has removed to Goderich, Ont, where he has organised a second order with an enlistment of eleven! As a result of this appeal for men for the ministry one hundred students of theology are now in sight in the Maritime Provinces. The enlargement of Pine Hill College, Halifax, is called for as the residence has become too small to accommodate candidates for the ministry.—Exc. (Rev. Mr. Ross was formerly pastor of Zion Church, Charlottetown.)
