**TUESDAY**

**HYMENEAL**—One of the season's most interesting events in the social life of East Point occurred at the home of Mr. and Mrs. Stephen Rose, Lakeville on the evening of February 17th. The occasion was the marriage of their daughter Edna Gladys to Mr. William Baker. The bridal couple entered the parlor as the wedding march was being played by Mr. Aeneas Bailey, and took their place under a floral arch. The ceremony was performed by Rev. W. R. MacWalter. Good wishes and congratulations were tendered the young couple after which the guests partook of a wedding supper. The remainder of the evening was given over to a musical programme. Tangible assurances of the place both bride and groom occupy in the hearts of their friends were to be seen in the beautiful display of useful and valuable gifts among them a goodly number of cheques. "Many years of happy wedded life" is the wish that sprang spontaneously from the hearts of many friends.

**WEDDING BELLS**—St. Augustine's Church, Rustico, was the scene of a happy event on Wednesday morning, February 11th when the pastor, Rev. Dr. Chaisson united in the holy bonds of matrimony Miss Mary A. Blacquire one of North Rustico's most popular young ladies to Mr. Laurence Peters, one of the most estimable returned heroes of Hope River. The bride looked charming in a becoming dress of blue silk with white trimmings and wore a hat to match with white ostrich plumes. She was attended by her sister, Miss Rostie Blacquire while Mr. James Doolan ably supported the groom. After the ceremony the bridal party drove to the home of the bride's father, Mr. Peter Blacquire, where the bride and groom were received by the groom's relatives and friends. In the evening the happy young couple, attended by a large number of friends, drove to the home of the bride where everything was in readiness to receive them and a real good night of enjoyment was spent, after which the guests departed for their homes with many good wishes to Mr. and Mrs. Peters for a prosperous career. The many valuable presents received by the young couple testify to their wide popularity. The Guardian joins their many friends in wishing Mr. and Mrs. Peters many happy years of wedded life.—Patriot and Examiner please copy.

At a meeting of the Retail Merchants Association and Board of Trade members held yesterday morning in the Board of Trade room at which Mr. S. A. McDonald presided the matter of an improved fire alarm system for Charlottetown, was discussed.

Mr. H. M. VanBuskirk, Manager of the Telephone Company being called upon, described the present system, consisting of 4 or 5 miles of iron wire, controlled from the Telephone Office and having about 40 bells—one in each fireman's residence or place of business. There is a lack on the switchboard by which the operator first rings in the firemen and city hall. Then the operator calls the police station and waterworks giving definite location of the fire.

The weakness of the system he said consisted in (1) The iron wire is subject to rapid deterioration. (2) The fact of one connection going out of order makes the whole system inoperative. He stated that the Dominion of Canada has the worst fire loss record in the world and that the Island has the worst fire record in Canada. He pointed out very clearly the fact that an efficient alarm system is vital to proper protection, pointing out that with an immediate alarm a bucket of water might be sufficient whereas if a fire has been given an uninterrupted run of ten minutes a quarter of a million dollars worth of equipment might find it difficult to cope with the fire.

He read letters from Truro and

The COWAN CO., Limited  
Toronto

If you want healthy, sturdy children, you must provide them with the right kind of food. At the same time it must be food that they enjoy.

The value of Cocoa as a beverage for children cannot be too strongly emphasized. It is both food and drink. It not only provides the hot drink which children crave, particularly in the winter, but it is rich in concentrated nourishment.

Often a child will refuse milk when it is essential to his health. Give him Cocoa and he loves it, and gets far more of the requisite nourishment than he would in a glass of milk.

Cowan's Cocoa, made in Canada, is prepared with an understanding of the requirements of Canadian children, and the mother who gives it to her children every day, is helping them to develop strong, healthy bodies and to withstand cold and illness.
