In the summary of the Free-for-all trot at Vernon River on Saturday last a typographical error was made in reporting the time of one of the heats which was given as 2:20 and should have been 2:23. This correction is made in justice to Prctoria and the public.

Refuge Division No. 201 Fredericton is in a flourishing condition; the programs always being of keen interest. The following officers have been installed for the recurring quarter: W. P.—R. Hill; W. Last night the People's Theatre presented a rare treat in the form of a play, viz. the singing of the Ode to Prince Edward Island, written by Rev. Mr. Erb and set to music by Mr. Moore of Pownal. The song was rendered by Ralph Biagg, the theatre's most capable vocalist and every word was enunciated clear and distinct. The illustrations were some of the beauty spots of this beautiful Island home and were made by J. A. S. Bayer. The picture program was exquisite; the song superb, and the program throughout one of uncommon interest.

Ronald Campbell of Summerside, was in the city yesterday, on his way home from China Point, where he has a schooner Lizzie Catherine, loaded with hay and oats for Campbellton. N. B. Mr. Campbell was naturally very much interested in the fire at that place. His two sons-in-law, Jas. and A. E. Alexander, general merchants, were both burned out. His son Fred Campbell was employed in the store of the latter and his wife was on a visit to her daughter, Mrs. Jas. Alexander, Richardsville. A witness received by his son, John E. Campbell in Summerside, stated that all were safe and contradicted the uncorroborated rumor concerning a fatal explosion in one of the Alexander stores.

The Eldon District Sunday School Convention which was held in the Baptist Church, Uigg, on Monday July 11th, was very helpful and interesting. A resolution was passed to welcome Rev. Mr. Hogan, the new pastor of the church, and Rev. Mr. Ross, the new Field Secretary to the District. Reports of officers and schools were received which were very encouraging. The officers were re-elected for the coming year, and are as follows: Pres.—G. Larabee, Vice Pres.—J. A. Moore, Secy.—Treas.—Mrs. A. N. Jenkins; Executive committee—D. P. Irving, M. L. A., D. McLean, G. H. Jenkins, J. A. McQueen, James St. C. Moore. Supt. Teacher Training Dept., Rev. Ernest Styles. Supt. Temperance Dept.—A. S. Nicholson, Supt. Home Dept.—Rev. H. S. Erb, Supt. I. B. R. A.—Mrs. B. Match. Visiting committee—Rev. George Orman, Rev. D. B. McLeod, Rev. D. McKenzie, Win Judson, G. H. Jenkins. Supt. of Primary Dept. and adult Bible Class were added to the list. A chart talk on child study by the Field Secretary was most interesting and instructive. Rev. D. B. McLeod, Rev. George Orman and D. P. Irving M. L. A. gave inspiring addresses. Rev. T. F. Fullerton was present and gave an interesting account of the World's Convention in Washington. A vote of thanks was tendered to him, and to the people of Uigg for their hospitality. Convention closed with benediction by Rev. D. B. McLeod.

Postmaster J. F. Whear, has received a wire from his brother L. G. Whear who is employed with the dry goods firm of George Alexander & Co. of Campbellton, N. B. Mr. Whear states that evening is burning. There are no deaths. All are well. Alexander's store and the house occupied by Mr. and Mrs. Whear were destroyed and the latter lost their personal effects.

The People's Theatre offers great inducements these evenings. Instead of a warm, stuffy hall redolent of many odors, it presents a cool and attractive place of entertainment large enough to accommodate many people with entire comfort. The system of ventilation recently installed by Lowe Bros in the main building, for the purpose of ventilating the Theatre, is a grand success, and many have pronounced the theatre "cooler than the street by many degrees." It is learned that two large electric fans are on their way to add to the general comfort. These are not Desk Fans, but the latest, improved electric fans which keep a continual current of air in circulation and render the hottest summer night most pleasant in any theatre. The management is to be congratulated, both on the new ventilating system and the enterprise which is not content with anything but the very best to be obtained.

## Mr Horseman

What do you consider points of vital importance in the standard bred stallion? Is it not size, style, action, speed, manners, and endurance. Where are you breeding to get these points? Did you ever consider about Kinross 38,086, a horse of 16 hands high and nearly 1200 pounds in weight, a pure gaited fast trotter, with style, size and action, a road horse as well as a race horse. He will walk 5 miles an hour, and is of a kind, gentle, fearless disposition. And what about his breeding? why it's second to none. He is sired by the fastest trotting son of the great sire and race horse Kremlin) Kamars 2,101 and his Dam, where can you find a horse in this province that has a Dam half her equal? Russula, she is only 13 years old now and she has produced 3 two yr olds and 1, three yr old to enter the list (all trotters) and she has another 2 yr old, Ballson, and a grand daughter 2 yr old, in training at Readville this year, and we all know Mr. Allen, picks the best colts from the farm for training and racing, and her produce seems to be among first choice, her last two colts sold, brought \$1950.00

She produces size, speed, early and extreme speed.

What about his second Dam? Russina she is a producing Dam being the first of Unkmet 2,211 a sire, etc., and she is a full sister to the worlds champion brood mare sire, Nutwood 2,182, the only horse that ever stood at a service fee of \$1000.00. And his third Dam, Miss Russel, is the greatest brood mare of all mares, she is dam of Maud S., 2,082, etc., and is the only mare with 2,10 trotters in the first, second, third, fourth, fifth and sixth generations. Kinross 38,086. is backed up by the worlds championship brood mare, and speed and brood mare sires. And he will undoubtedly prove to be the great est brood mare sire ever brought here, and we must have the brood mares before we can raise the trotters, and there is no part of the Island needs a horse of this class as badly as Kings Co. Here is one of the best bred horses you ever had the privilege of breeding to, and is making the season at owner's stables, Montague, the old home of the Maritime Champions, Brazilian 2,19, and Ozen. D. 2,191.
