INSPIRING MEETING AT CHERRY VALLEY

Women's Auxiliary, C. of E. Hold Enthusiastic Semi-annual Meeting.

The semi-annual meeting of the Women's Auxiliary of the Church of England in Prince Edward Island was held yesterday at Cherry Valley in Christ Church, old and historic, dating back to Loyalist times. The church was packed to the doors. On a glorious summer morning delegates gathered from far and near to join in divine service, followed by the Holy Communion. The Rev. Mr. Phillips of Alberton gave an inspiring sermon, the theme being living and doing what one believes. The Rev. Canon Malone was the celebrant.

An invitation that is hard to resist...
Listen! get hungry

IN MAKING Rice Krispies, the Kellogg Company produced a ready-to-eat cereal that has won millions of friends.

Those crunchy bubbles of rice look so inviting when you heap them in a bowl. As you pour on milk or cream the way they snap, crackle, and pop is an appeal that seems to say—"Listen!... get hungry." And every spoonful you eat is a thrill in flavor.

Countless mothers depend upon Kellogg's Rice Krispies because their flavor and crispness are always welcomed by children. And since Rice Krispies are nourishing and easy to digest, they are a fine food for any meal.

Grown-ups, too, delight in their crunchy goodness. Fine for breakfast, luncheon, or light snacks. Economical. Quality guaranteed. Made by Kellogg in London, Ontario.

H.K. Kellogg

Speakers Voice Confidence In Party Leaders
 Inspiring Addresses Delivered At Annual Meeting Of East Prince Conservative Association In Summerside.

The annual meeting of the East Prince Liberal Conservative Association held in Summerside on Tuesday, was from every standpoint a great success.

Mr. D. B. McDonald who was re-elected unanimously as President, presided and opened the meeting by welcoming the members of the Federal and Provincial Governments who were present and the delegates from the different polls.

He gave a very inspiring address stating that he looked with confidence on the future, Canada being in very capable hands with Hon. R. B. Bennett at the helm. He looked for a rise in prices to the farmers in the very near future and had every confidence in the Conservative party.

He expressed the sentiments of the meeting in the hope that Hon. J. D. Stewart would soon be restored to health and spoke with feeling of the loss to Prince County and the Province generally in the death of Mr. H. M. Downing. He assured the Government of the loyal support of the electors of East Prince and commended the splendid way in which they had financed the Prince County Hospital and their efforts in arranging for the comfort of the patients at Falconwood Hospital.

Mr. J. P. McInnis then read the minutes of the previous annual meeting which were adopted and passed.

A resolution committee was then appointed as follows: Major F. F. May, A. G. MacCaull and Joseph A. Gallant, who brought in the following resolutions:

RESOLUTIONS

The East Prince Conservative Association in Annual Meeting assembled learn with satisfaction of the steady improvement in the health of our Premier Hon. James D. Stewart and hope for his rapid recovery.

We congratulate the Hon. G. Shelton Sharp on his appointment to the important portfolio of Minister of Public Works and also congratulate Hon. Thomas MacNutt on his elevation to the high office of Minister of Agriculture.

We commend the able manner in which Hon. W. J. P. MacMillan, Minister of Health and Education and Acting Premier, conducted the public business during the last session of the House and his zealous and untiring efforts in the public service notably in the interest of Education in Prince of Wales College and Summerside High School.

We commend the Government on the excellent condition of the public roads and their practice of strict economy in the different Departments of the Public Service.

The East Prince Conservative Association in annual meeting convened express our high appreciation of the valuable service rendered Canada by our Premier Hon. R. B. Bennett during this difficult period in the history of our country and commend the efforts of the Conservative Government in providing better markets for the people of Canada through the trade treaties negotiated and we look forward with great confidence to the results which will accrue to Canada from the present conference now being held in London.

Moved by Major May, seconded by Edwin Dawson and carried unanimously.

ELECTION OF OFFICERS

President, D. B. McDonald; Vice President, Major F. F. May; Secretary Treasurer, J. P. McInnis; Conveners Third District John J. Arsenault, Frank Simpson; Fourth District, Dr. MacBride, Murdock Dawson; Fifth District, Gordon Dawson, Arsene Poirier.

AMALGAMATION OF EAST AND WEST PRINCE LIBERAL CONSERVATIVE ASSOCIATIONS

Mr. D. B. McDonald then proposed the amalgamation of East and West Prince Associations, and asked for opinions on the subject. Several spoke on the question and it

was the general opinion that a delegation should be sent to the West Prince Association to confer with them.

Major May after first thanking the delegates for his nomination as Vice President, said he was very much in favour of the amalgamation of the two associations. In a very able address he stressed the point that no party can succeed without a united front. Loyalty to one's Party was the key note of success. Self interests should be submerged for the interests of the Party and Province and it rested chiefly on the attitude of the ordinary electors towards their chosen party, not only during a campaign but all the time whether that Party was a success or failure. In closing he supported the motion of Mr. James Pendergast that a committee be appointed to meet the West Prince Association on the subject of amalgamation.

Mr. John H. Myers, M.P.

Mr. Myers, one of the Federal members for Queen's County, was greeted with enthusiasm when he rose to address the meeting.

He referred to the loyal support that the Conservatives of East Prince had given to their party leaders in the past and heartily supported Major May in his views on amalgamation.

Only recently returned from Ottawa Mr. Myers dealt ably with the various important matters which had occupied the attention of the House of Commons during the last session.

He spoke in glowing terms of the leadership of Rt. Hon. R. B. Bennett, and his achievements not only in Canadian politics but as a world statesman.

He expressed his sincere regret at the continued illness of Hon. J. D. Stewart, and also of the death of Mr. H. M. Downing and Mr. Colum Bruce, M. L. A.

Mr. Myers spoke on the question of tariffs, which is occupying the attention of every country in the world today.

Tariffs are very necessary but must be kept within bounds. The trouble in the past has been that tariff arrangements have had no reasonable security as to time and have been broken off without warning. To enable business houses to build up trade lines between Canada and the United States there must be statutory laws which will protect the tariffs for a term of years. A reasonable tariff would be beneficial to both Canada and the United States and Mr. Myers has great confidence that President Roosevelt would co-operate with the Canadian Government for better trade relations with the two countries.

The speaker spoke briefly on the effect on Canadian trade with Great Britain when the latter country went off the gold standard last year. Stabilization of the world's currency, he said, would further help in establishing a profitable market for Canadian products in Great Britain. Mr. Myers referred to the Stabilization Fund voted at the last session of Parliament for the purpose of making up to the Canadian farmer the loss sustained on his products shipped to Great Britain, through the low rate of exchange.

He looked to the World Conference to bring about better conditions in this respect.

The financial problems which the Government has to face in the railway situation caused largely as a result of Liberal extravagance, was touched upon.

Long distances and our winter season make it necessary to have a transcontinental railway, but one such system would be ample to serve the needs of the present population. Transportation by motor car has come to stay and must be recognized but it can never take

the place of the railway entirely, Mr. Myers said.

In spite of these and many other difficulties, the speaker had every confidence that Premier Bennett would bring Canada through. (Applause).

HON. G. SHELTON SHARP

Hon. G. Shelton Sharp, Minister of Public Works, received an enthusiastic ovation. He congratulated Mr. Myers on his timely and inspiring address.

He brought regrets from Dr. MacMillan, Acting Premier, who was unable to be present as he had been called to attend a medical convention at Antigonish.

Mr. Sharp confined his remarks to Provincial matters, dealing chiefly with his own Department. The Government is carrying on under a heavy debt and would have to carry on with even less revenue for public works than last year. This means the curtailment of the working days of the road tractors throughout the Province. The road masters were asked to use the horse drawn drag wherever possible to assist in keeping up the roads with the least expense. Considerable work had already been accomplished, widening roads and deepening ditches. The new tractor purchased for use in 1st District of Prince is giving great satisfaction.

The Federal Government had given the assurance that Prince Edward Island would be included in the permanent highway project across the continent as soon as the finances of the country enabled the Government to carry out the work.

The farmers of the Province had been given an opportunity to commute their taxes in statute labour and many of the secondary roads have been widened and repaired. In spite of the urgent need for money the Government considered this was not the time to raise the taxes.

Hon. Mr. Sharp struck an optimistic note when he assured his audience he believed there was every sign of the market for Island seed potatoes coming back, and farmers could put in a reasonable acreage with the prospect of one dollar to one fifty a bushel. This news was received with enthusiasm.

Hon. Thomas McNutt, Minister of Agriculture, spoke briefly on the activities of the Government during the past year. Economy with efficiency was what the Government aimed at in all Departments.

The Agricultural Department was the most important and has provided of the greatest service to the farmers. Mr. McNutt invited the farmers to visit the Department and Experimental Farm at any time and he was willing at all times to hold farmers' meetings whenever the farmers wished it.

Mr. Thomas Wignome, M. L. A., in a short speech endorsed the matters stressed by the previous speakers, particularly the urgent need for economy.

Mr. J. F. Arnett gave a very optimistic speech. Canada's future is a bright one. There is need in these difficult times that the Conservative party stand behind their leader, and give him every support.

Hon. Adrian P. Arsenault and Mr. Heath Strong, K. O., M. L. A., also spoke along the same lines.

Mr. D. B. McDonald in thanking the speakers for their excellent addresses, said he was more than delighted at the success of the meeting.

The National Anthem brought the proceedings to a close. S.

MARRIAGES

BRUCE-ROBERTSON—At Charlottetown, P. E. Island on June 28, 1933, by Rev. Ewen MacDougall, B. D. Albert A. Bruce of Pownall, P. E. Island to Miss Islay Robertson of the same place.

DEATHS

CLARK—At St. John, N.B., Wednesday, June 28, Mrs. Herbert Clark. Remains will arrive this evening. Funeral from McLean Funeral Home on Friday, June 30th, service starting at 2 o'clock, funeral leaving at 2.30. Interment People's Cemetery.

Under the spruces the ladies of the parish W. A. provided a delicious lunch and after service delegates met socially in picnic style for an hour or so.

Two o'clock the church bell called all to the semi-annual meeting presided over by Mrs. H. D. Raymond. After the opening hymn and prayer by the Rev. Mr. Spriggs of Kensington, Mrs. Nelson, President of the Cherry Valley branch welcomed the delegates. Minutes of the last semi-annual meeting were read by Miss Cotton, Corresponding Secretary. After roll call of the officers and delegates, a standing resolution of sympathy was passed and extended to Mrs. Pierce, the Recording Secretary, on the very recent death of her mother.

Each convener then gave a short verbal report on the work of her department. Mrs. Green for the Little Helpers, Mrs. Bell for the Juniors, Mrs. Paynter for Thank-offering Boxes, Mrs. Spriggs for the Junior Branch, Mrs. Rogers for "The Living Message," Mrs. McNutt for Prayer Partners, Mrs. Batt for Dorcas. The Treasurer, Miss Lowe, spoke for a few minutes on the Pledge Fund and Miss Carrie Haslam in charge of literature gave a brief resume of the study books for the coming year. Mrs. Cosh, First Vice President, thanked most cordially the W. A. members of Cherry Valley for their enthusiasm and a standing vote of thanks was tendered to these hospitable ladies.

Mrs. Cosh too spoke on the Restoration Fund explaining its purpose, mode of collection and the gratifying results in Eastern Canada.

After the close of the business meeting Mrs. Raymond, the President, then introduced Miss Audrey DeBlois of Kangra, India, who sails for the Orient next week. In a short and very interesting address Miss DeBlois mentioned that Kangra is the Benares of the north; Hindu shrines are there and one may see many barbarous practices of Hinduism. India is a great hungry multitude, hungry for Christ, and only when India is one in Christ will she be one in any other way.

The Sadhu Nelson Christiananda, in colourful Oriental costume spoke eloquently on what "The Lord of Glory" means to the teeming millions of India. The W. A. is a praying band helping to spread the joyful news of the Gospel, and that Holy Kingdom of which there shall be no end.

Concluding the session votes of thanks to the speaker of the afternoon, to the Rev. W. I. Phillips, Captain Withig of the Church Army and Canon Malone were tendered. Canon Malone then pronounced the Benediction at this semi-annual meeting in Christ Church, Cherry Valley.

Major Bethune CENTRAL GUARDIAN

pany, Ltd., now stands. He remained with Mr. Hughes until the fall of 1909 when he entered business partnership with D. A. MacKinnon. Both had received their drug education from Mr. Hughes and had worked together for many years. Mr. Bethune remained with the MacKinnon Drug Company until the declaration of war, when he went over with the Artillery forces to Cape Breton, leaving for overseas in 1915. He remained overseas until the end of the war, doing gallant service, being mentioned in despatches and very highly thought of by commanding officers and men. His partner, Mr. MacKinnon, was also at the front at the same time, the management of the store being left in the hands of Mr. Ernest Worth.

On returning from the War in 1919 Major Bethune took over the management of the business and Colonel MacKinnon went into silver fox buying. They continued operating the drug business until three years ago, when they sold out to the Ross Drug Company, Ltd., Major Bethune remaining on as manager of the new concern.

Recently there has been a change in the Hughes Drug Company Limited. Mr. Wilfred Taylor, who has been in the employ of that firm since 1909, has purchased the drug business of Mr. B. E. McFadyen at Kensington and is now located there. Major Bethune is now going back to the Hughes Drug Co., where he will be found in conjunction with the manager, Mr. Gordon Hughes.

Major Bethune is highly qualified both by knowledge and experience in the drug business and in the dispensing of physicians' prescriptions. His reputation for honesty and reliability is an enviable one, and his hosts of friends will wish him every success in the further progress of his professional career.

STORE ENLARGED—One more Cash and Carry has had to enlarge its premises in order to accommodate expanding business. A new sanitary meat room has been added to the rear of the store, and new shelves erected for additional goods. The entire store has been repainted. Cash and Carry will be open Friday night, and will be closed all day Saturday. See their advertisement in this issue.

PERSONALS

Many friends of Miss Nora Murray will regret to learn that she is a patient in the City Hospital.

Mr. Horace Trainor, Miss Kathleen Malone, and Mrs. F. J. Flood paid a flying visit to the city on Wednesday.

Rev. J. B. M. Armour and Mrs. Armour, Toronto arrived in the City yesterday, and are guests at the Canadian National Hotel.

SMITH
 (Continued from Page 1)

bat. Then, according to the statement, Henwood cut her throat as she lay unconscious, closing his eyes against the sight.

Details of how the statement was obtained were given today by police officers after the jury had been excluded. They told of his arrest in Sackville, N. B., and of his subsequent questioning in the Royal Canadian Mounted Police office there.

Corporal Kearney, of the Sackville detachment, said the boy denied any knowledge of the crime except that he "read in the papers." Later, Corporal Kearney said, Henwood's name was mentioned and Smith was shown a clasp knife. He admitted he owned it but said he had given it to Henwood "a few days ago."

Then, "say, if I swing for this, will you send those things to my mother." Corporal Kearney quoted Smith as saying, with a gesture towards some effects on a table.
