Morning Stock Letter

(Received over Pitfield and Co's Private Wire)

NEW YORK, Sept. 2—News this morning is generally good. Mr. Thomas Watson, President of International Business Machine told a meeting of employees of this company that the company had the largest six months business in the history of the company, also the largest single months business in its experience. He added, 'I know that the next four months are to beat all previous records." If this is so of International Business Machine the probabilities are that all business will do well the remaining months of the year. The Iron Age also writes optimistically of the steel industry and says that many companies are not accepting fourth quarter business under previously established. Dividend meetings scheduled for today are American Snuff, Flintkote, General Printink Ink, Guaranty Trust, Lehman Corporation, Singer Mfg. Co, L. S. Starrett and U. S. Tobacco. Although there is a great deal of nervousness about the market at the present time we would look for an irregular firm market today.

CHICAGO, Sept. 2—The grain market is suffering more from neglect than anything else. Speculative interest is exceedingly small and there is no leadership to give effect to undeniably bullish factors.

TORONTO, Sept. 2—Int. Petroleum reported to be progressing favorably and nothing at moment to account for the weakness in the stock. Selling coming from New York but New York advises it is scattered and not concentrated selling.

TORONTO, Sept. 2—Arntfield—Arntfield are diamond drilling near the Francoeur border. Reported that in first hole down to 160 to 170 feet ten dollar assay secured over one foot width or $3.-50 over ten foot width. This hole continuing to 400 foot depth. Results to date are considered definitely encouraging.

GRAIN

(Canadian Press)

WINNIPEG, Sept. 2—Bearish sentiment outweighed export interest on Winnipeg grain exchange today and fractional declines were in order. Early gains were dissipated for the third successive day when weakness in outside markets induced late selling.

Large fractional gains were marked up in the first hour when orders estimated to total 400,000 bushels were posted for export.

Late offerings proved weighty, however, and values slipped to levels 1-2 cent under Tuesday's close.

Wheat closed 5-8 to 1-4 cent lower with October at 94 3-4, December 93 3-4 and May at 95 3-4 to 7-8 cents a bushel.

Cash wheat was quiet with spreads little changed from the previous close.
