

BABY'S
UPSET STOMACH
QUICKLY CORRECTED

BABY'S Little "Tummy" is often easily upset. It is easily righted again, too. You know how to do it. Let Mrs. M. H. Owen of London, Ont., tell you. "Baby's Own Tablets are a great help at the first sign of upset stomach, during teething times or when a cold is coming on. They work quickly to get the baby's tummy and bowels regular again."

And Mrs. J. Sharp says: "I nursed my baby about a year. I was almost over a motor accident and her stomach became quite loose. I gave her Baby's Own Tablets and she soon stopped crying—and was quiet again."

Equally effective for teething troubles, constipation, colic, diarrhoea, indigestion, easily crumbled to a powder. If desired, prompt in action. No "laxative" effect—no dull effect. Buy a box today for safety—no other strikes in the night. 25c.

Junior Farmers and Junior Club News

This year there have been thirteen active Junior Club Calves on Prince Edward Island. These clubs hold regularly two meetings per month. One is a business meeting and the other is a judging class, usually of mature cows, which is conducted by a representative of the Provincial Department of Agriculture. The business meeting of the group is conducted by members themselves with assistance from adult persons of the community (in some cases).

Each club chooses the breed about which the individual members are most interested and each member of the Club is expected to procure, feed and care for a heifer calf of the breed applicable to his or her club.

This is the time of year when club members are, or should be, making of their annual achievement day when they bring their calves and other animals to a place in the district where they are judged by a qualified judge and prizes awarded. Awards are based on the entry at the show, care and feeding methods during the season, monthly reports, and interest in club meetings. In addition to the calf class at achievement day there are also classes for yearlings, two-year-olds, production classes, and herd classes for animals raised as club calves. There are also showmanship classes, judging class, and, under special circumstances, a demonstration contest. At least five club members should be present at each class to be eligible for prize money.

One-third of the prize money for the classes at the achievement day must be supplied by the club, the rest of the local community. The other two-thirds is donated, one-half by the Dominion and one-half by the Provincial Departments of Agriculture.

Everyone who is interested in the Calf Club is welcome to attend the annual achievement day and the presence of guests at these gatherings will do much to encourage and stimulate the interest of the boys and girls in their local calf club.

NEW ARMY WORK SUIT—In the very near future the Canadian army may become glamorized. A new work suit, somewhat similar to the Canadian one used in Italy and also similar to German Africa Corp's suit, has been designed for army men. The suit, which has been on test all summer by individuals all across the country, is called a bush suit. No decision has been reached yet on whether it will be adopted or not, but from the favorable test reports so far received, it seems likely it will be. This outfit with its modern modifications was designed in Ottawa by defence experts.

Churchill Recovering
NICE, France, Aug. 25.—(AP)—Winston Churchill, recovering from a slight cold, took a walk today on the Cap d'Ante island of Canadian-born Lord Beaverbrook. Britain's wartime prime minister had been confined to his bed for the last two days with a cold, contracted while swimming in the Mediterranean. He has postponed indefinitely a return to Strasbourg, France, to participate further in meetings of the Council of Europe.

Lord Moran, physician to the King and Churchill, issued an official bulletin that allayed fears spreading over Europe that the 74-year-old Churchill might be seriously ill.
"Mr. Churchill contracted a chill while bathing," said the bulletin.
"Lord Moran was sent for and he says Mr. Churchill is much better this morning but will require a few days of rest and quiet."

The cigar-smoking old statesman weathered two bouts with pneumonia in his hazardous wartime travels in 1943 and 1944, and has beaten bronchitis and other ailments.
He got some cheering news from home during the day: his French-bred Colonel II, favorite in a field of six, won the one-mile Upvon Stakes for three-year-olds at Salisbury, England, and a purse of \$11,192.

Ready For Mercy Dash

HALIFAX, Aug. 25 (CP)—The United States Coast Guard cutter Coos Bay entered Halifax harbor tonight to take aboard a doctor and medical equipment being rushed by plane from New York for a mercy dash to sea.

The plane was due to land at nearby Dartmouth at about 1 A.M. A.D.T. tomorrow. Ontario, British Columbia and New York. The plane carried Dr. Nathaniel L. Greenfield of New York, a portable respirator and a converter for treatment of a 21-year-old passenger stricken with infantile paralysis aboard the liner Parthia.

The liner, owned by Cunard line, was due off Halifax late tonight en route from Europe to New York.

The victim was identified as Sidney Moody, Jr., of South Plainfield, N.J., son of vice-president of the American Cyanamid Company.

The doctor and equipment will be taken aboard the Coos Bay and then rushed to the side of the Parthia. A landing near the ship by plane was deemed unwise because of a hurricane moving north in the Atlantic.

Moffatt-MacDougall Wedding

One of the prettiest weddings of the season was solemnized on Thursday evening, August 24th, at 6 o'clock when Margaret Irene, only daughter of Mr. and Mrs. Albert MacDougall, Canoe Cove was united in marriage to Clifford Earl, son of Mr. and Mrs. Clifford Moffatt of Saskatchewan. The double ring ceremony was performed by Rev. Donald Nicholson.

The bride, who was given away by her father, was lovely in a floor length gown of white corded tulle with net overskirt, fitted bodice and sweetheart neckline, edged with net. Her shoulder length veil was fastened to a cluster of orange blossoms. She carried a bouquet of American Beauty Roses, Babes' Breath and Maiden Hair Fern. Her only ornament was a triple strand of pearls, the gift of the groom.

Miss Carlotta Mackenzie, girl friend of the bride, was bridesmaid and wore a floor length gown of pink tulle with floating net panels and a deep neckline. Her hair was styled in waves by a cluster of flowers and she carried a bouquet of White Lilies and pink Carnations.

Lloyd MacDougall, brother of the bride, capably acted as groomsmen.

To the strains of Lohengrin Wedding March played by Miss Laura MacNevin the Bridal Party took their places on the lawn. As the evening sun flooded the lawn the setting made a delightful picture.

During the signing of the register, Miss Joyce Nicholson, sang very effectively "O Perfect Love." Immediately after the ceremony and congratulations of relatives and friends a delicious wedding supper was served to upwards of fifty guests in the prettily decorated dining-room. A three tiered wedding cake topped with miniature bride and groom graced the centre of the table and was cut in the traditional fashion by the bride and groom. The bride was proposed by Rev. Mr. Nicholson and was responded to by the groom.

Those assisting in serving were: Mrs. Dan Livingston, Mrs. Sandy MacKenzie, Mrs. Rodolph Macdonald, Mrs. Bill Moreash and the Misses Minerwa MacLean, Vertes Hall, Muriel MacNevin and Mildred Inman.

For her daughter's wedding the bride's mother wore a black dress embroidered with aqua. Her corsage was an orchid.

The groom's gift to the bride was a gold tie clip and to the bridesmaid, organist and soloist were matching brooch and earrings. The groom's gift to the bridesmaid was a leather billfold.

Later in the evening a jolly group of serenaders gathered to tender congratulations to the bride and groom and were treated with ice cream, sweets and soft drinks. Among the congratulatory messages received by the bride and groom was a telegram from the groom's mother and father in Saskatchewan.

The wedding gifts were many and beautiful.

For travelling the bride wore a pink and white eyelet jersey dress, beige top coat and black accessories. They will reside in Streetsville, Ontario where the groom is employed.

Noske also accused the Roman Catholic Church of having sided with the Germans during the uprising and alleged that Slovak bishops had celebrated masses in honor of the Nazi victory.

A Catholic official who said he had visited Archbishop Joseph Beran at his Prague palace today reported the Czech primate is in good health and determined to oppose all government attempts to gain control of the church.

This churchman said the Archbishop had received no reply to his Aug. 5 letter to the State Prosecutor complaining that he was being illegally interned in his palace.

The Communist charges against the United States and Britain were published in advance of a big three-day celebration starting Saturday to mark the fifth anniversary of the Slovak uprising. The tone of the articles indicated that the celebration would feature attacks on the west.

Justice Rand's Address
The Council attending included Hon. W.F.A. Stewart, Minister of Agriculture, Eugene Cullen and A. P. Arsenault.

"I cannot think of a finer character of the whole can serve as a better example to youth than that of Sir Louis H. Davies," said Mr. Justice Rand. Recommending a study of the life of the famous figure, the speaker commended to the student his "illuminating intelligence, natural fluency and intrepidness while earlier advocating that P. E. Island should remain out of Confederation, later changed to the far-sighted view and the leader of the fight for the liberation of land tenure in the Province. His achievements in the field of education were remarkable and his unusual affection which bound him eventually as a 'constitutionalist'."

A confidant of Sir Wilfrid Laurier, Sir Louis accompanied the famous Canadian on all important and historic occasions. Declaring that he insisted on seeking within himself for the artist in life as well as the beauty, Mr. Rand emphasized Sir Louis' "exuberance, flexibility and lightness of spirit and his natural ability which bound him to his family."

"I am sure that were Sir Louis Davies able to choose today he would say 'This is where I would like to be,' concluded the speaker.

Referring initially to Sir Joseph Pope's birth "across the Mt. Edward Road from the Experimental Farm" and his early life and education in Charlottetown, Mr. Justice Arsenault related how he had been "discovered" in Montreal by Sir John A. Macdonald who induced him to enter the Civil Service of Canada. In 1882 Sir Joseph became private secretary and later collated and edited Sir John's Memoranda.
In 1896 Sir Joseph became Under Secretary of State and Registrar General of Canada, later arranging and superintending the Canadian tour of the Prince and Princess of Wales and acquiring many honours.
"My first and only contact with Sir Joseph was in the year 1910

Rock Material For Borden Breakwater

HALIFAX, Aug. 25.—(CP)—Hundreds of tons of rock are being moved from Halifax County to Borden, P. E. I., for breakwater construction there.

Some 34 carloads of rock—3,000 tons—have been shipped to Borden since the first of the month. The job is expected to be completed this week.

Mr. Boudrias New Custodian Of Ch'town Factory

HAMILTON, Aug. 25.—The appointment of J. Yvon Boudrias as custodian of the Charlottetown factory of the American Can Company has been announced by Gordon Mann, Canco's general manager. He succeeds Frank O. Casey who has been transferred to Hamilton.

Born in Montreal, Mr. Boudrias was educated there and at Carleton Place, Ont. He joined the can-making firm in 1934 at its Montreal factory. In December, 1942 he transferred in January, 1946, to the Charlottetown factory.

Mr. Boudrias is a member of the council of the Charlottetown Board of Trade.
