"An Evening with Drummond" afforded a very delightful entertainment at the Baptist Schoolroom last night. A brief concise paper on Dr. Drummond's life and poetry was clearly prepared and extremely well read by Miss Sutherland. Mrs. Sanderson in two selections "The cure of Calumet" and "Le Vieux Temps" gave a very sympathetic rendering of these poems typical of Drummond's best work. Piano Solos by Misses Dingwell and Mitchell—as well as a vocal solo by Master Leigh Dingwell were much appreciated. A vote of thanks was moved by Rev. Z. L. Faas, seconded by Dr. Crowell and presented by the President of the N. Y. P. U., Ulric Dawson, in a neat speech.

John McPherson, Montague came to Charlottetown yesterday and left last evening on the mail special en route to Calgary.

The friends of W. A. Huestis, Charlottetown, will be pleased to learn that he has been appointed traveller for the well known firm of Brock & Patterson, St. John, formerly represented by the late L. A. Wright, Summerside. Mr. Huestis has had many years of experience in the dry goods business and enters upon his duties about the first of April. He has been a European buyer and is thoroughly acquainted with all the phases of the business with which he has been connected for so many years. He is courteous, energetic and thoroughly conversant with the dry goods business and for the past seven years has been buyer in the Ladies Ready-to-wear Department of Prowse Bros. In connection with his European experience Mr. Huestis is remembered as one of the crew of the ill fated steamer Labrador which was wrecked some years ago, the passengers and crew narrowly escaping with their lives—and practically nothing else. Brock & Patterson are to be congratulated on their appointment and they have undoubtedly secured a man who will handle their business in a manner equally gratifying to manufacturer and customer.

A MATCHLESS FORM DEVELOPER AND SKIN BEAUTIFIER

Many women get run down, and are unable to look after their household duties, owing to their nervous system becoming unstrung, and when this happens, the heart starts to work in sympathy with the nerves. In Milburn's Heart and Nerve Pills is combined a treatment that will cure all forms of nervous disorders, as well as act on the heart itself. Mrs. F. McFadyen, Brookside, Sask., writes: "It is with the greatest of pleasure I write you stating the benefit I have received from using Milburn's Heart and Nerve Pills. This spring I was so run down I could not do any work, and one day a neighbor advised me to try your Pills. I told her that I thought nothing could cure me, as I was too far gone. But she told me to get a box of Milburn's Heart and Nerve Pills, which I did, and before I had finished them, I began to improve, and when I had finished the one box I was as strong and healthy as any person. Anyone who is suffering from heart or nerve troubles should take your Heart and Nerve Pills and they will soon discover their worth." Price 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

WHERE THE NEW STAR IS LOCATED.

LONDON, March 15—In reference to the discovery of a new star reported from Kiel a late telegram says: "It is near theta gemini not eta. A brief glimpse was obtained of the new star at Greenwich last night through a break in the clouds but the interval was too short to allow of accurate observation of its position."

ENTRUSTED OVER

OUTLOOK IN N. B. MONTREAL, March 15—H. W. Woods, M. P. of New Brunswick speaks with enthusiasm in expressing the belief that this Province is about entering upon its long-postponed era of prosperity. In addition to the St. John real estate boom, caused by the awarding of the Courtenay Bay contract, there is a rise in prices along the St. John Valley. The Valley Railway Bill was introduced in the Legislature by Premier Flemming yesterday. The Provincial Boards of Trade have just embarked a big immigration campaign and fruit lands are very active.

SENATORIAL COURTESY.

Judge—Senator Vardaman, of Mississippi, was making his maiden speech in the senate. "My brain reels at the idea!" he shrieked. "My soul is consumed within me! My speech fails! I am at a loss for words! I am burning with indignation!" "You are out of order," announced Vice-President Sherman. "I guess that is what's the matter with me," said the Mississippiian disgustedly, as he sank into his seat.

What Thinking Takes Out of Brains must be Put Back by Food

Every one must rebuild, each day a little, in order to keep the body healthy. The daily energy of brain, nerve and muscles destroys some of the cells and these must of course be rebuilt each day.

Now suppose you observe some trouble with the body and that you are slowly going from bad to worse. Wouldn't you accept the evidence as a hint from Mother Nature that either you are doing some hurtful thing, or more likely, that you are not selecting the food which contains the elements Nature requires for the daily rebuilding.

For instance, suppose you have an increasing tendency towards nervousness or perchance "Brain-tag" and Nervous Prostration. Stop the habit or food which may be the cause and use food which you know contains the things required.

Analysis shows the soft, gray filling of Brain and Nerve centres to consist of Albumin, Water and Phosphate of Potash. Now, unless your food contains these elements, you cannot rebuild and make good the daily destruction of this gray substance, a little being broken down each day by brain work and nervous tension.

There is a safe and sure food which can be relied upon and which does contain the required elements for rebuilding.
