

# When Your Cold Catches You

**JUST THERE**

There is no Time to Wait

It is not a "little thing." It is a deadly thing. It will not "get well by itself" if you let it alone. Whiskey and quinine and such things brace you up for the time, but they don't cure you. Ask any intelligent doctor why you catch cold so easily. He will say "You are a bit run down." He means that the force which nature placed in your body to keep out disease germs—the resistive force—is weakened. The door is open a little way toward disease. There is not a grave in any cemetery in the world which is the result of consumption or pneumonia or any lung trouble whatever which did not start with what you call "nothing but a cold."

**When taken in time Gures a Cold in a night**

A cold should not be beaten back or drugged over—it should be cured, and the general health should be built up. Dr. Shiloh's Consumption Cure should be taken at the first symptom of cold. This is not merely a consumption cure; it is a tonic for the whole body, a specific for sudden colds, coughs or sore throats. It doesn't matter where the cold is or how it got there, we know that Dr. Shiloh's Consumption Cure will reach it and cure it. It is sold on a positive guarantee. **No cure; no pay.**

If you have a cold—no matter how slight—it means something. Take Dr. Shiloh's Consumption Cure at once. Keep it in the house. If it does not relieve you almost instantly, go to your druggist and get your money back.

Mrs. E. B. Prout, of Phoenixville, Pa., says—  
"Every one should know of Shiloh's Cure. We have used it in our family for over six years. It is our doctor and medicine combined."

Shiloh's Consumption Cure is sold by all druggists on a positive guarantee that the purchase will be returned in case of failure.

## S'SIDE AND PRINCE CO.

Mr. F. H. Jones shipped 630 lambs yesterday morning for the Boston market.

The funeral of the late Miss Mary Finlayson will take place this afternoon at one o'clock.

Miss Jean Bell, one of the employes of Messrs. McGowan & Wright's establishment is recovering from her recent severe illness.

On the 15th October Mr. Jones had shipped nearly 12,000 lambs besides several carloads of geese and is now about through for the season.

Mr. H. S. Jones, son of Mr. F. H. Jones who has been on the Island for past six weeks, assisting his father in the lamb and poultry business left yesterday morning for his home in Sabrevois Que.

MUCH sympathy is felt for Mrs. Finlayson of North Bedouque in the death of her eldest daughter Mary, which occurred Sunday morning about three o'clock, after an illness of only a few hours of pneumonia with acute appendicitis. Deceased who was only 14 years of age had been an unusually healthy and promising child and her death, just as she was budding into womanhood is a terrible blow to her parents and particularly to the mother whose constant companion she has been since childhood. Her father Capt. Finlayson is now on his way from England, and is expected in St. John, N. B. in a few days.

WHAT might have resulted in the death of a young lady, was averted a few days ago by the bravery and presence of mind of Mr. Wm. Essory, an employe in the R. R. Yard at Summerside. The lady was walking by the track between the station and Messrs. Schurman & Lafurgy's warehouse and after a shunting engine had passed she stopped on the track, not observing that another engine was following at a distance of only a few yards. Mr. Essory seeing the danger sprang to her side and lifted her off the track, just as the engine passed. Although considerably disconcerted by the suddenness of the embrace she soon realized the cause of the young man's impetuosity and promptly forgave him as well as thanked him for his timely interposition.

## PERSONAL MENTION.

D. S. McQuarrie, Crapaud, was among the guests at the Bavers yesterday.

Messrs. Ellsworth and Norman Andrews, son of Mr. Archibald Andrews, of Pleasant Valley, who have been quite ill with inflammation of the lungs are recovering.

Mr. H. J. Mabon, of the Bank of Nova Scotia, who has been in Toronto for the past two years leaves to-morrow for North Sydney, where he will assume the management of the Branch there. Mr. Mabon has been spending three weeks among his Charlottetown friends.

**A QUEBEC CONTEST.**

Lumbago Driven Out Promptly by Dodd's Kidney Pills.

QUEBEC, Nov. 19.—Although Quebec is called "the Gibraltar of America," and well deserves the name, it is by no means impregnable against the assaults of Kidney Disease. Fortunately the inhabitants have an ally in Dodd's Kidney Pills that succeeds in driving the enemy out, every time it gains an entry.

Some time ago Mr. John Ball, of No. 57 Little Champlain Street, was attacked by Lumbago. He suffered for two years without getting relief from any of the medicines he used. Then he tried Dodd's Kidney Pills and the first box he used helped him. He used only three boxes, and is now well and strong in every way.

# Fur Jackets FREE.

We have not advertised Fur Jackets very extensively of late—no need to—the other fellows are doing it for us. No doubt you have noticed all the big ads they are writing, just to convince the public that they can buy the same class of Furs that we do.

Well perhaps we should not be too hard on them if they had the reputation for selling high class Furs which we have, perhaps we would be tempted to do likewise....

**But the fact still remains** (and this is the weak point in all their arguments) that **Not one of them can buy a single Bokhara or Astrachan Jacket from James Coristine & Co.** As we never make assertions which we cannot prove, we make the following unprecedented offer.

If any other Firm in the City can show you an Astrachan or Bokhara Jacket bought this Season by themselves, from James Coristine & Co., Montreal, we will make you a present of the best Fur Jacket in the Store....

As the weeks go by we will tell you how many Fur Jackets we have given away....

Yours for Furs.

ed; one is known to have been made a prisoner; one made his way to Kronstadt and 3 are missing and supposed to be prisoners, as no trace of their bodies could be found on the field. The retirement of the party was practically covered by the Cossack Post referred to.

3. This group consisted of Corporal Morden, Acting Corporal Miles, Privates Kerr and Miles. Their only course was the railroad bed, which at that point was only about 18 inches above the level of the ground. Private Miles was slightly wounded in the hand and was sent back with the led horses. Corporal Morden sent word back to the camp that his group "could stand off the enemy without help." The Cossack Post was being attacked by about 50 of the enemy, who occupied the ridge east of and up to the track on the south of of the camp. Ang Corporal Miles

## QUALIFYING EXAMINATION.

OPTIONAL SUBJECT.

**TYPEWRITING.**

Six minutes are allowed for this subject. At the end of the six minutes, the Examiner will take up the copy, finished or unfinished.

## TO KEEP BRAIN AND MUSCLES HEALTHY.

By Dr. J. H. Kellogg.

If you want to be healthy after old age has crept upon you take daily systematic exercise. It is as necessary as systematic eating. Walking is the best exercise, provided it's done in a proper manner. The body must be held erect, the chin drawn in, the hips back. This will bring the shoulders where they ought to be. Never try to hold the shoulders back. This throws the hips forward and produces an incorrect attitude.

Lift the chest forward and push the hips back. Draw the chin in and stretch up to the fullest height, while reaching the arms down as far as possible. Let them incline a little backward while getting them in proper position. The attitude must not be stiff, but flexible, allowing the trunk to yield and sway a little as the limbs are alternately put forward.

Take care not to strike the heels too forcibly. The shoulders will look out for themselves if the chest is forward and the hips back. Do not walk stiffly, or with a swaying, tottering or mincing gait. Let the arms hang freely by the side. When walking for exercise stretch out, stepping a little farther and walking faster than usual.

In walking for exercise put the mind as the muscles in every step. Breathe deeply, slightly prolonging the respiratory movement. Hill-climbing, if not overdone, is capital exercise.

## A BUNDLE OF NERVES

Nerve force is the very life of man an every organ of the human body is dependant upon it. Just as soon as the blood gets thin and watery and fails to supply nourishment to the nerves, they come a train of nervous disorders, nervous prostration, paralysis, epilepsy, insanity, and death.

Dr. Chase's Nerve Food rebuilds and revitalizes the nerve cells, wasted by disease, overwork and worry. This beyond doubt the world's greatest restorative. Recommended by your family physician. All Druggists recommend and sell it.
