CHARLOTTETOWN, MERCHANTS ENTERTAINING OVER RECRUITING.—At a meeting of the representatives of the Retail Merchant's Association with the Provincial Patriotic Society in the new Recruiting Depot, Market Building yesterday afternoon, it was agreed to give Colonel Campbell authority to secure Military hospital at nominal rental and to close with offer of the Arena Rink Directors for the use of the rink as a skating gallery, also at a nominal rental. Rev. Dr. Fullerton presided, and the motion was proposed by Mr. James Patton, M.P., seconded by Mr. R. E. Prowse, Judge Stewart and Mr. R. Cotton addressed the meeting in the advisability of raising a special Charlottetown platoon of the 105th Regiment as a machine section or for other purposes. The proposal was warmly welcomed and discussed at some length, and the matter was then the suggestion of Mr. S. A. McDonald, President of the said Merchants Association, referred to his executive for further action. Rev. Dr. Fullerton said that the Province as a whole had responded nobly to the call to arms, and that the authorities at Halifax and Ottawa were surprised that so many men had been recruited in such a short time. But naturally the commanding officer was anxious to have his regiment at full strength and properly housed with the least possible delay, in order that he might get settled down to the necessary routine of regimental instruction and duties.

FAREWELL KHAKI DINNER.—A farewell dinner was given at the Kozey Korner last night in honour of Messrs Norman McLeod of Valleyfield and West Robley of Charlottetown, who leave shortly for Liverpool where they have enlisted for Garrison Duty. The dinner was given by a number of friends who have chummed together for some time as a club. The President of the club Mr. J. R. Johnson occupied the head of the table while the guests of honour were seated at his right. A fine course dinner was served in the best style of the Kozey Korner and needless to say it was thoroughly enjoyed by all. Between the courses speeches and songs enlivened the time and whetted the appetites for the good things to come. Each of the speakers referred in most complimentary terms to the young recruits extolling their patriotism and promising to meet them somewhere in France later on. Votes of thanks were presented to the President for the excellent manner in which he engineered the dinner and also to the management of the Kozey Korner for the splendid dinner provided. Among those who spoke, in addition to the President, were Messrs Russel Davison, Douglas McLeod, Alfred Kelly, Theodore Sentner, Archie Mallett, Joseph Gaudet, Bert Johnson, Arthur Curran, and G. C. Bell Day. The guests of honour feelingly thanked their chums for the kindness shown them and the many complimentary references to their patriotism and expressed the hope that others also would shortly see their way clear to donning the Khaki. The affair was a most enjoyable one and fittingly closed with the singing of the National Anthem.

GRAND DIVISION S.O.T. MEETS IN KENSINGTON

The First Quarterly Session of the Grand Division of P. E. I. was held in the Temperance Hall at Kensington on Monday, January 24th inst. Officers present were: G. W. P., Rev. W. D. Wilson, Charlottetown; Grand Secretary, J. F. Profit, Kensington; G. W. A., Wellington; Haslam, Spring; G. Treasurer, D. N. McKay, Springfield. Appointed pro tem were: G. Chap., Rev. G. A. Sutherland, Kensington; G. Cond., John Howard, Margate; G. Sent., Alex. Cairns, Freetown. The reception of the Grand Officers' reports occupied the morning session, in the afternoon the attendance was fairly large. The report of the Committee on the State of the Order, read by Rev. G. A. Sutherland, formed the basis for a free and lively discussion, the report being as follows:—

Your committee finds that reports indicate our lodges are doing faithful, steadfast work, and we are glad to see it indicated that the standard of the Order is being raised by strictest discipline in dealing with violations of the pledge. We compliment Shamrock Division on its substantial gains during the past quarter.

2. We recognize, however, that the call of this day for temperance advance, is unique, that the ear of the public is open as never before to the need of combating this great National danger, and it is disappointing that there has not been greater gain during the rally quarter of the year. We regret that any Division should fail to report.

3. We rejoice in the continued rise of public opinion against alcohol through the world and the progress of the Prohibition movement in Canada since our last quarterly meeting, particularly the policy by the Manitoba Government in introducing a Prohibition Bill subject to the approval of the electors; the gains made in the local option campaign in Ontario and more especially the movement inaugurated for Dominion Prohibition during the war and the period of reconstruction following.

(a) That during this quarter public meetings be held in each district within reach of our divisions where practical.

(b) That the sons of Temperance throw their whole weight behind the movement for Dominion Prohibition during the war and the period of reconstruction following, that the Grand Division through its executives, subordinate lodges and individual members, memorialize the representatives of this province to support the measure in Parliament.

(c) That this Grand Division gives its hearty support to the Temperance Alliance, that all lodges be recommended to send representatives to its annual meeting and to contribute to its support.

(d) That each Division take at

Baby Afflicted With Eczema Dr. Chase's Ointment Cured

THE FAMILY DOCTOR TRIED IN VAIN TO HEAL THE SORES—ANOTHER TRIBUTE TO THIS GREAT HEALING OINTMENT

It may be interesting to note that Dr. Chase's Ointment was originally compounded to cure a case of eczema on a child. The disease had spread almost over the entire body and defied all the regular treatments for such troubles. The doctor was perplexed, but finally hit on the formula of Dr. Chase's Ointment, and, as many say, "it worked like a charm," healing up the nasty sores and leaving the skin soft and smooth.

That was a good many years ago, and since then many thousands of cases of eczema, both in children and adults, have been cured, until to-day Dr. Chase's Ointment is recognized as the standard cure for itching skin diseases.

Mrs. Geo. McNair, River Charles, N. B., writes as follows: "We use Dr. Chase's Ointment in our home, and would not wish for anything better for cuts, burns and bruises. A few years ago a friend of mine, whose baby was terribly afflicted with eczema,

ma, had her child treated by their own family physician, but the little one got no better. They tried several remedies, but they all proved useless in this case. Upon the advice of a neighbor, they got Dr. Chase's Ointment, and before the first box was used the child was completely cured. "I can also recommend Dr. Chase's Nerve Food to suffering friends, who I know will be glad to learn of something to relieve their nervous trouble. You have my permission to use this letter for the benefit of others."

So soothing and healing is Dr. Chase's Ointment that relief from itching and burning comes almost as soon as the ointment is applied. The sores are cleaned by the action of this treatment, and the process of healing is soon begun. By persistent use of the ointment cure is effected. 60 cents a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

AT THE PRINCE EDWARD MONDAY NIGHT

No play of recent times has so much quivering realism crowded into its various acts as is true of that absorbing comedy drama "Kick In" which will be presented at the Prince Edward Theatre Monday Jan. 31st. No actor ever devised has been more real, no suffering on the part of the stage group concerned more plausible, no story told with less artifice and more genuineness than that of the second act of "Kick In" when the harassed unfortunates are trying to be rid of the body of the dead crook and thus save themselves from being sent to prison for harboring a criminal, if not for complicity in the crime.

You feel the presence of that body? you picture the barrel they mention as being available as a temporary receptacle for it? you imagine the crunch of the wheel wheels in the alley. It isn't exactly pleasant, but it is the greatest piece of drama ever put on the stage and you feel the jolt of it long after you have left the theatre.

The words "Kick In" are heard only once during the course of the play, but the scene in which they are uttered is one of the most nerve gripping ever devised by a playwright. The author of the play gives a glossary or explanation of the underworld terms which are not heard in the higher circles of society.

Dip... One who robs a house
Big House... The Penitentiary
Rocks... Diamonds
Str... Prison
Gloomed... To Steal
Kale... Money

Fan... To search

Oh, papa," exclaimed the joyous girl, as she tapped her boot with a whip, "what do you think of my new riding habit?"
"Daughter," replied Mr. Growcher, after a solemn survey, "that doesn't look to me like any habit, it looks more like a permanent affliction."

Feel Out of Sorts?

It's a good idea to look for the cause!

One common, but often unsuspected cause is tea and coffee drinking. Yet some persons seem able to get along with tea or coffee—at least for a time. But when headachy, bilious days come: breakfast or some other meal doesn't taste good; and the day's work goes wrong (ever feel that way)?—then it's time to find out for sure if tea and coffee are causing the trouble in your case.

There's a subtle, cumulative drug, "caffeine," in tea and coffee that interferences with the normal functions of body, brain and nerves, and often lessens one's comfort and progress.

Suppose, for a test, you try the simple expedient of quitting tea and coffee and using well-made.
