### Baby Chicks

I will be operating a baby chick hatchery at Kensington during the months of March to June, specializing on barred rocks. I have arranged to procure my eggs from some of the very best flocks on the island and will put on the market, stock from healthy winter egg-laying strains, paying particular attention to the necessity of producing stock capable of laying large eggs.

Most of you realize, that the secrets of success in poultry, is in having fully matured early laying pullets, also cockerels, that are full grown and feathered before being subjected to a fattening course.

I will be at the Brunswick Hotel, Kensington, all this week and would respectfully suggest that all farmers interested in baby chicks for the coming season, that instead of waiting until the last minute and then jumping into the game in a haphazard way, would order their requirements now or come in and see me as to further particulars.

### AN APPRECIATION OF LATE JAMES EDGAR YEO.

In the death of Mr. James Edgar Yeo one of the biggest hearted men we know has passed away, and the province has lost one of its most universally loved ones. He was shrewd, possessing a marked ability for business, ever strictly honest in the service he rendered. The deceased will be much missed in all different spheres of life. From his quite early days he took a deep interest in all that pertained to the welfare of the community. Among the young people he was a general favourite because of his unassuming nature, which endeared himself to all who came to know him. If he were unkind at any time, it was to himself for he was human, sublimely sympathetically human. Many men pass away, some have worked through life in vainly fashion. They impress us at not being human. But no one mourns for them, the heart strings do not pull at remembrances, no sympathetic handshake, no human expression that appeals to the best that is in us. We never heard of that saintly stranger keeping the other fellow that was down and out, who had tried to fight things to the last ditch and rise above the circumstances in which he was placed, but failed because he found the world to be bleeding cruel and he had lost his grip. But the Late Mr. Yeo was ever and always helping the other fellow out by giving him that little sympathetic pull and making him feel life after all was quite worth the while to make friends and retain them as a gift.

**—SERIOUSLY HURT** While Miss Helen Rogers, daughter of Mr. and Mrs. Leighton Rogers, of Kensington was coasting there with friends on Monday they met with a heavy spill and one of Miss Rogers' arms was severely injured. She was brought to the Prince County Hospital Tuesday morning for X-ray examination and is now doing nicely.

**—SOCIAL SUCCESS** A basket social was held in Maple Leaf Hall, Grand River, on Wednesday night and was quite a success. As the object was to raise funds for the support of an aged invalid of the parish, most of the parishioners attended and spent their money freely. The result was quite satisfactory and will be an assurance that this member of the parish will be comfortably accommodated for another six months.

**—AGED LADY DEAD** Friends in Grand River were sorry to learn of the death of Mrs. William C. Brown, which occurred on Wednesday, Jan. 19th at Kensington. Mrs. Brown, whose name previously to her marriage was Ellen Gorman, had reached the advanced age of eighty-nine years and had resided since the death of her husband fifteen years ago with her nephew, Mr. Charles Gorman. She was the last surviving member of a large family, born at Bidford, Ont. One of her brothers, Larry Gorman, was a popular song writer several years ago, and some of his songs are still sung by the older generation in many parts of the island.

Her remains were laid to rest in St. Marks cemetery, Lot 7.—N

**—DAIRY MEETING** The annual meeting of the Grand River Dairying Company was held recently when most satisfactory reports were presented by the different officers.

During the past year eighty-one patrons supplied 814,328 lbs. of milk which was made into 79,007 lbs. cheese. The average price received for this cheese was 15.67 cents per pound. The average net value to patrons for one hundred pounds milk was \$11.6. A few of the largest contributors of milk—Frank Gillis, 37,924 lbs.; John H. Adams, 29,669 lbs.; Vernantius Morrison, 27,114 lbs.; Robert Yeo, 26,168 lbs.; Alphonse Connel, 24,258 lbs.; Fonce McLeLlan 20,797 lbs.; Percy Birch 20,228 lbs.—N

given to few. It requires great charity and a complete absence of self. We cannot think of our dear friend as being dead. We feel still his presence among us, we feel he has just fallen asleep. He shall not grow old as we are left grow old, age shall not weary him nor the years condemn at the going down of the sun and in the morning we will remember him.

### Amateur Radio On Long Distance

WINNIPEG, Jan. 26.—What is considered to be a new record for long distance radio communication between amateurs, was established last week when R. C. McLean of Winnipeg, who is a radio operator in the Radio Department of the Canadian National Railways, engaged in the train service, held conversation with two amateur stations in Australia. TBO and 2MH. Mr. McLean, whose call is 4PZ, operates a 7 1/2 watt transmitter, series-coil circuit with a wave length of 39 metres. He was first picked up 2MH at about 3 a. m., January 12, and talked with the Australian station for about an hour, during which time he accepted a message for delivery to a party in Montebello, Alabama. At about 5.30 a. m., Mr. McLean was successful in connecting up with station TBO and was in communication with it with much more volume than the previous station.

### Sonless Father Takes His Boys to Alaska

BUCHANAN AND HIS BOYS

GEORGE E. BUCHANAN

**"PRINCESS ALICE"**

A bachelor who loves boys but who has no boys of his own! That is George E. Buchanan, a wealthy coal dealer of Detroit, a hard-boiled business man who thinks that the best possible education a boy can have is the education of travel. He has sent 145 boys to Alaska from Detroit and Vancouver via the Canadian Pacific "Princess" Steamers to Skagway; and now he plans to not only send a group of boys to Alaska the coming year, but he has enlarged his program and his former slogan, "On to Alaska with Buchanan" has a side-partner, "On to Europe with Buchanan!" Buchanan is a Canadian Scotchman who has prospered wonderfully in Detroit. He will tell you he has made money there, but—his big idea is to give the growing boy a chance. The boy says, "I'll do it," but Buchanan knows in his canny Scotch way that the only thing worth having is the thing you have to earn. So he says to the boys: Here's a trip to Alaska, here's a trip to Europe for you, but listen:

"No boy, or man, ever appreciated or got any benefit out of anything he did not work or sweat for. You earn one-third of your passage money, and I will tell you how to do it as best I can; you get your parents to put up another third and I will loan you the remaining third—and you can pay it back to me when you get ready, so that another boy can be sent to Alaska—or Europe." Every boy who has made good his passage money to Alaska, is eligible for the European trip—and the percentage of "make good" boys has been high, according to Buchanan. These Alaska boys, Buchanan says, are two-thirds have volunteered, although he has to put them on honor to do it. They got ready—and he forced legal obligations, because the none. Any boy, anywhere in the United States or Canada, can go for George E. Buchanan's Alaska, or to Europe, and of his third anywhere but, of course should get in touch with Buchanan, in Detroit, to learn how his third. All of his boys wonder time, no matter they go to Alaska, or to Europe when they finish with him had a business and travel worth a whole lot.
