INTERESTING LETTER.—Mr. J. E. B. McCready, Publicity Agent has received an interesting letter from Dr. C. C. Young posted from Karachi, Khanate of Bakabra, West Turkestan. The letter is dated May 4. Some idea of the remoteness of Dr. Young's present situation can be gathered from the fact that the nearest post office to which he has access it takes five days to reach. The writer, who is more than usually adventurous, states that he has "just got in from Kerki, where no foreigners ever stood." He took some chances to get there, "but he got there O.K."

CONFEDERATION PAINTING.—The Publicity Agent, Mr. J. E. B. McCready, has received a letter from one W. Edgar Kestelone, a painter, who has forwarded the photograph of an historic painting which he states he made depicting the Canadian Confederation. This picture was hung in the large mail office of the Canada building at the World's fair, St. Louis, 1904. The painter thinks the painting would make "a fine and appropriate setting for the back of the speaker's stage or platform or in the Hall" of the House. He offers to dispose of it.

A Message To Thin, Weak, Scrawny Folks
AN EASY WAY TO GAIN 10 TO 30 LBS. OF SOLID, HEALTHY, PERMANENT FLESH
Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good, nourishing food. The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.
What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food.
The best way to overcome this sinful waste of flesh building element and to stop the leakage of fats is to use Sargol, the recently discovered regenerative force that is recommended so highly by physicians here and abroad. Take a little Sargol tablet with every meal and notice how quickly your cheeks fill out and rolls of firm, healthy flesh are deposited over your body, covering each bony angle and protruding point. Your druggist has Sargol, or you can get it from his wholesaler, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each package. It is inexpensive, easy to take and highly efficient.
Caution.—While Sargol has produced remarkable results in overcoming nervous dyspepsia and general stomach troubles. It should not be taken unless you are willing to gain ten pounds or more, for it is a wonderful flesh-builder.

COAL ARRIVALS.—The Schooner Nettle Reid discharged yesterday a cargo of Acadia Nut and Rummage for Geo. E. Full. 2657.

HARTNEY HALL.—Service will be held on Friday evening, 29th at 30. The speaker Rev. D. P. McVie. The subject, The Human in Life's Maelstrom.

POWNAWALTA CIRCUIT.—Services in Pownawalta Circuit next Sunday, May 31st will be:—Clifton at 11 a. m., (Communion service too). Mt. Herbert at 2.30, Pownawalta at 7.

POSTPONED.—Three prohibition cases were called for hearing yesterday morning and were postponed until Saturday. The defendants were: John Hughes, Wm. McDonald and Edward Burns.

DASHES FOR FREEDOM.—For the second time within the past two weeks Dr. Sharper, the erratic horse about which so much has been written, owned by the McKinnon Drug Co. of Charlottetown, made his escape from his stall. On both occasions he trotted straight for Mr. Jack Henderson's, blacksmith's shop. The first time he missed the shop and got in at the wrong entrance. He looked about him, saw his mistake, and darted towards the shop. Yesterday while he was being fed he again escaped, trotting at a clip for the blacksmith's. He seems to be on excellent terms with the Smith. 5.10

HORSES RUNNING.—The Horse races which will be held on June 3rd, should prove an immense success, as all the classes have been exceptionally filled. "Dr. Sharper, 2.19", will be a certain starter in the 2.19 class, excepting accidents of course. He was worked out on the track on Monday and showed splendid form. His owners have sent away for new "rigging" for him and it should arrive here before the day of the races. The presence of Leroy and the little Ontario mare Miss Alcyone should tend to make that event very exciting, while the 2.24 trot has a formidable field of starters. It is fully believed that these races will be among the best ever held on a local track.

RIFLE NEWS.—The inter-maritime rifle watch will be shot at Charlottetown on June 11, as mentioned in a previous issue of The Guardian. A committee composed of the following has been appointed to select the team and make all arrangements for the match: Major W. A. Weeks, Major J. A. Jones and Capt. D. A. McKinnon. Militiamen desirous of shooting in this team are asked to get in some practice immediately and are particularly requested to be present at the rifle range next Saturday during the first leave shoot. The first shoot of the Canadian Rifle League will be held on Saturday next at 2 p. m. Teams have been entered from both the Fourth Regiment and the Charlottetown Rifle Club.

Mois Chocolates are preferred by those who want the best because they are made from the very best quality of chocolate, nuts, fruits and flavors, and careful attention is given to purity and cleanliness in manufacturing.
