## Save Food

In a time needing food economy many people are not getting all the nourishment they might from their food. It is not how much you eat, but how much you assimilate, that does you good.

The addition of a small teaspoonful of Bovril to the diet as a peptogenic before meals leads to more thorough digestion and assimilation and thus saves food, for you need less.

**—GOOD ROADS.**—Autoists from all parts of the province report that the highways at this time of year never were in better condition. All work done on the highways by the department of public works and road commissioners is standing up well and perfectly satisfactory, something which brightens the outlook for tourist traffic.—H.

Gardeners will notice that rain falls on good seeds and weeds alike and are recommended to keep the hoe moving up and down among the rows of seedlings.—H.

The death occurred very suddenly at North Lake on Thursday, June 13th of Mr. Frank H. McPhee. The late Mr. McPhee joined the 105th Battalion and got his discharge while in Charlottetown and was only ill a few hours when death came at the early age of 24 years. It will be remembered that Mr. McPhee was thought lost off the ill-fated Simcoe, but fortunately he had missed his passage from Sydney. He leaves to mourn a wife, formerly Miss Gertrude B. Haynes of this city, also his father and mother two sisters and a brother now in France.

The death occurred in this city, on Sunday night, June 9th, of Miss Susan Flynn, daughter of Mr. John Flynn Douglas Street. **AN EARLY FIRE.**—The firemen had an early morning call out yesterday, the alarm sounding about 2 o'clock for a blaze at Brighton. When they arrived at the scene of the fire they found that it was confined to a small building used as a chicken house on the premises of Mr. W. A. Stewart, Greenfield Avenue. It was some time after the fire was discovered before Mr. Stewart could manage to get in an alarm, and when the firemen arrived after a record breaking run, it was to find the little structure a mass of flames which they soon extinguished. The fire is believed to have started from an oil lamp which must have become over-heated or exploded, and which was being utilized in connection with a brooder with young chicks. The hen house was a new one, and was not quite completed. Nearly two hundred young chicks lost their lives when it went up in flames.

**WEDDING BELLS.**—The marriage of Miss Myrtle Brothers, daughters of Mr. Patrick Brothers, of Vernon River, to Mr. Jas. Blake, son of Mr. Maurice Blake of Charlottetown, was solemnized Tuesday morning at 7 o'clock in the Chapel of Notre Dame Convent in this city. Rev. Father Frank McQuaid officiated. The witnesses were Miss Josephine Blake, sister of the groom, and Mr. Frank Brothers, of Summerside, brother of the bride. The bride wore a suit of navy blue broadcloth with grey hat and carried an amethyst rosary. After breakfast at Devonport the residence of the groom's father, the happy couple left for their home in North River. There were many handsome and valuable wedding presents. The bride, who has been on the staff of Woolworth's Ltd. in Charlottetown, has many friends in the city, where the groom also enjoys a wide popularity, and both are followed with the best wishes of their many friends.

**WEDDING BELLS.**—A quiet, but very pretty marriage was solemnized at an early hour yesterday morning in Notre Dame Academy, when Miss Clara Marie Grant, daughter of Mr. and Mrs. Richard Grant, of this city, became the bride of Mr. A. J. McInnis, of Earnscliffe. The bride was attired in a navy blue poplin suit, wearing a hat to correspond and patch fox furs. She carried a bridal bouquet of white roses. The bridesmaid, Miss Dorothy Hogan, cousin of the bride, wore a pink georgette crepe dress. The groom's attendant was Mr. Joseph McIsaac, of Earnscliffe. After the ceremony, which was performed by Rev. The bride who was a very popular young lady, received many beautiful gifts. The Guardian joins in heartfelt congratulations.

**THE SANTA MARIA.**—The caravel Santa Maria is expected to leave Charlottetown today for Chicago in the tug William Aitken which returned this week from Port Hawkesbury. The Aitken will take the caravel as far as Quebec, where another tug will take her to Chicago. The Aitken was coaled yesterday and a supply of coal was also placed on the Santa Maria so that there will be no delay in putting into port on the voyage.

**FROM THE WEST INDIES.**—The schooner Silver Queen from Barbados with a full cargo of molasses for De Blois Bros., arrived in Charlottetown early yesterday morning after a fairly good voyage. She left Barbados about the first of May and made an excellent run until she encountered stormy weather off the Nova Scotia Coast as the result of which she was delayed for some time at Liscombe, N. S. The Silver Queen is now discharging her cargo at the Steam Navigation Wharf and will afterwards proceed to New York.

The Halifax Herald says: The soldiers on McNab's Island are planning for a gala day on Dominion Day, and have arranged a neat programme of sports for that day. The feature of the day will be a baseball game between the P. E. Heavy Battery and a Toronto Battalion. The winner of the game will challenge any soldier team in the city for the military championship of Halifax. One of the Toronto athletes at the island, G. Wardrop is said to be a ten second man for the century mark, and is anxious to meet the best in Halifax, with Sergt. Jack Parsons, preferred.

**VANCOUVER MAN VISITS P. E.**—Mr. Andrew E. Hay of Vancouver, travelling for Pratt & Lambert Varnish Manufacturers of Buffalo, was a guest at the Revere Hotel last week. Mr. Hay spoke enthusiastically of the beauties of P. E. Island from a topographical and agricultural viewpoint. He said it compared quite favorably with the lowlands of Scotland and north of England. In speaking of Vancouver City, Mr. Hay referred to the great ship building enterprises started since the war, and expressed his belief in the permanency of Vancouver as one of the great cities of Canada, particularly on account of the increase in its weekly pay roll of at least \$500,000, by reason of its shipbuilding and other new enterprises.—K.

Mr. J. W. Mitchell, Assistant Agricultural Commissioner for the Maritime Provinces has returned from a visit to the western part of the province. In company with Mr. J. L. Tennant, District Representative for Prince, he visited Mont Carmel and inspected the ditching operations there. The ditcher was started in the latter part of May and up to the present some 6000 feet of tile have been laid. The people are deeply interested in these operations as results already obtained have been very satisfactory, some fields which previous to being underdrained and unfit for cultivation, are now yielding very promising crops. Mr. Mitchell was especially interested in a field of clover owned by Rev. P. P. Arsenault, Mont Carmel which he declares the finest from the point of view of uniformity and advance in growth that he has seen anywhere this year. Some of the plants are already showing blossom.

While in the province Mr. Mitchell visited some sections in King's County in company with Professor McLarty in connection with arrangements for the coming school fairs. It is expected there will be over thirty school fairs this season, each centre representing about six schools or a total of 180 or 190.

Some ten pig clubs have been organized at the school fair centres. To encourage this class of work Messrs. Davis and Fraser have offered to pay a premium of from a half cent to a cent a pound of the weight of pig clubs who properly finish their hogs. About fifteen poultry clubs here also have been organized in connection with the school fair centres.

The P. E. Island Poultry Association assisted very materially in the promotion of the poultry clubs in the selection of eggs for the members of the club.

Both these organizations are doing three more gallant sons of Prince Edward Island set foot on their native soil once more yesterday, after gamey playing a brave part in the great war being waged for the liberty of the world.

Two of these, Private Eugene Croken, of Charlottetown and Pte. John J. Currie, of South Shore, arrived in the city last night while the third, Pte. Anthony J. Perry, proceeded west to his home in Mis-couche.

The two who came to Charlottetown, were cordially welcomed upon the arrival of the train by Mayor Wright on behalf of the citizens and by (Rev.) Major Fullerton on behalf of the Province generally, and after cheers were given for them by those gathered at the station they were conveyed to their destination in a barouche driven by a handsome pair of greys owned by Mayor Wright.

**—CHANGE RESIDENCE.**—Dr. D. A. McNally and Mrs. McNally, intend leaving in a day or two for Bidford, Me., where they will locate. **STEAMER CHANGES.**—The Northumberland will take up the regular service between Summerside and P. du Chene commencing Monday 24th inst and the regular service between the Capes by the Car Ferry will be discontinued on that date. The time table will be issued at once to meet the changed conditions and will be almost similar to that of last year. The arrangement will continue until the Car Ferry returns from her overhauling at Halifax drydock probably about four weeks hence.

**VALUABLE PROPERTY SOLD.**—Mr. H. R. Hillson of A. Horne & Co., has purchased "Birchdale," the beautiful residence of Mr. W. S. Louzon, Brighton, with the adjoining vacant lot facing the south. Mr. Louzon intends making extensive alterations and improvements to the residence on the same property now occupied by Prof. Barlow where he intends residing. Mr. Hillson is to be congratulated upon his purchase, as "Birchdale" is without question one of the most beautiful properties in Brighton.

**THE REGISTRATION PLAN.**—The registration of every resident of Canada of 16 years of age and over, which is to be made next Saturday, is to be undertaken in order that the Dominion may have complete and accurate information as to the measure of its human resources. The war situation makes it imperative that every Canadian there must come the utmost in service. Anything less than the exertion of the country's maximum effort must mean that the Dominion is not bearing its whole share of the war burden, and if victory over Prussiaism is to be won and the world is to remain free it can only be the employment of the maximum strength of every one of the Allied countries; the events of recent weeks have demonstrated the truth of that statement. Registration, as an Ottawa despatch has pointed out, is a necessary preliminary to the use of Canada's full power "for the reason that a country cannot exert its full strength in any enterprise unless it determines beforehand the measure of that strength." There are penalties attaching to failure to register next Saturday, but it is patriotism and sense of duty, and not the fear of penalties, that will cause every good citizen to act upon the registration order. There will be reason to doubt the loyalty of anyone who deliberately fails to comply with that order.—Ex.

THURSDAY

**MOTOR PARTY.**—Mr. E. C. Hiltz, Kensington, motored to Charlottetown yesterday to attend the Races, bringing a party of friends in his Chevrolet automobile. The party consisted of Mr. Andrew G. Since leaving here Mr. McConnell has been stationed at different cities in Nova Scotia. Rev. Mr. McConnell was stationed for several years in Charlottetown, as pastor of Grace church.

**A NARROW ESCAPE.**—On Thursday afternoon Mr. Horace Clark, of Summerside, P.E.I., who is working on the new building, the C. G. R. station, Sackville, fell from the staging at the top of the new building to the basement beneath—a distance of about twelve feet, says a Sackville exchange. While not very seriously injured, the unfortunate man was severely bruised, and for a short time he was rendered unconscious. He was taken to the I. C. B. Hotel temporarily but was later removed to his boarding place at the Temperance House. He is reported to be progressing favorably.

**A GOOD PIECE OF ROAD.**—Every one, whether in auto or carriage, who passed the Maplewood road, is struck by the evident care and labor, put forth by the people of that district. The road is nicely rounded, no place for water to lie on it and smooth as possible forming an excellent run for any kind of vehicle. Although the handful of residents, one might say, have over 3½ miles of road to make they succeed in having one of the best roads in P. E. Island today. The genial roadmaster, Mr. J. H. Nantes, must be congratulated. Maplewood's residents having a good road are of course anxious to make use of it, and frequently hire autos (till they get their own) to have a spin and also to go further to see some of the bad roads. Last Sunday two auto parties consisting of Messrs. Chas. F. Trainor, Frank J. Flood and John E. Trainor, Mrs. M. A. Smith and Misses M. A. Hagan, Dorinda Trainor, K. M. Trainor and Rita Hagan made a round trip to Summerside via Stanchell, Kinkora, Bedque going, and through Searletown, Albany, Tryon, Westmoreland on the home trip. The chauffeurs were Mr. F. W. Watton and Mr. Harry Leard. The party were given a very pleasant time in Summerside by Misses Harriet and Bertha Higgins.
