THE GUARDIAN COVERS THE FIELD

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada. With a daily circulation of the morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community. Charlottetown has a population of 12,000 and Prince Edward Island has 108,000. The Guardian's daily circulation is therefore 1 to 14 of population in the city and 1 to 13 of the population of the Province. This is, the management believe, unequalled by any daily newspaper published in Canada.
