Temperance Meeting At Bedeque Church

Premier Jones (Continued from page 1)

Mr. Jones was the first of provincial ministers to deliver brief speeches at the conclusion of the conference.

Hon. John A. Macdonald, Nova Scotia Minister of Agriculture, who followed, also expressed concern at the prospect of getting men who were the woods back to the farms in the spring.

Mr. Jones said 12-13 per cent of Prince Edward Island's population is unemployed.

Mr. Jones said he could not understand the reduction in the British ration. All that was necessary was to feed the hogs a little longer and put more weight on them.

Mr. Jones said he could not understand the reduction in the British ration. All that was necessary was to feed the hogs a little longer and put more weight on them.

Press Denounces Gross Mishandling Of Conference News

By ROGER GREENE (Associated Press Staff Writer) LONDON, Dec. 8.—(AP)—The weekly newspaper journal "World's Press" today published a scathing on-the-spot account of what it described as the "gross mishandling of the biggest news item of the year."

The publication quoted a cable from Philip Jordan of the London News Chronicle saying "The great news since the crucifixion of Christ has ended in about as big a mess as did the building of the Tower of Babel."

Wool Monks of the London Daily Mail called that "Churchill, Roosevelt, Stalin and Chiang Kai-Shek have settled the world's affairs between them at Menzies and Tehran but they also settled the world's democracy at the hands of the press."

Wool Monks of the London Daily Mail called that "Churchill, Roosevelt, Stalin and Chiang Kai-Shek have settled the world's affairs between them at Menzies and Tehran but they also settled the world's democracy at the hands of the press."

I STOPPED "DOSING" MY CONSTIPATION AND CORRECTED THE CAUSE!

In these busy days of war you owe it to your country—as well as to yourself—to keep "in the pink". That's why it's so important to avoid the common type of constipation caused by lack of "bulk" in the diet. And instead of "dosing" with harsh purgatives that give only temporary relief, just follow this simple plan. Eat

KELOLOG'S ALL-BRAN every day! It's sweeter as cereal or in hot, tasty muffins. Drink plenty of water. Then see if you don't agree ALL-BRAN is the "better way" to natural relief. But remember, eat ALL-BRAN every day!

Grocers have ALL-BRAN in two convenient sizes. Made by Kellogg's in London, Canada.

For Christmas Feasting

With Christmas only two weeks away, poultry marketing in the province is now nearing its peak and for the protection of consumers and dealers alike the Wartime Prices and Trade Board office in Charlottetown draws attention to maximum wholesale and retail prices for these birds.

Grade A milk fed, box-packed chickens are wholesaling at the maximum price of 35 1-2 cents a pound, but meat dealers and grocers should not pay more for this particular kind of poultry in turn the retail dealer is allowed a markup of seven cents which would make the maximum price to the consumer 42 1-2 cents a pound.

Turkeys, ever a popular item on the Christmas menu, are reported to be very scarce this season. Any of these birds that are available, however, could wholesale at a possible maximum of 38 1-2 cents. For Grade B the dealer should pay the maximum price of 33 1-2 cents and for Grade C 33 1-2 cents.

Grade A geese carry a top wholesale price of 29 1-2 cents a pound, while Grade B should not exceed 25 1-2 cents in price. Ducks are limited to a price of 29 1-2 cents when selling at wholesale for Grade A. The Grade B wholesale price maximum is 27 1-2 cents.

These prices are the maximum wholesale charged for box-packed poultry in all cases. It is emphasized that the maximum price for birds are not box-packed according to government regulations the above prices must be reduced by three-quarters of a cent a pound until including December 15. The retailers markup is limited to one cent a pound.

Another important revision is that if the retailer is buying poultry in bulk he must purchase the birds at Grade B prices less three-quarters of a cent when not box-packed.

P. W. C. Students Present Pageant Of The Nativity

The pageant of "The Nativity" was ably presented last night by the P. W. C. students of the Dramatic and Glee Clubs of Prince of Wales College.

After a few introductory remarks by the Principal, Dr. G. D. Steel, the Christmas story was enacted by student talent and accompanied by a fine musical performance by the Glee Club.

Much credit is due the directors of the two clubs, John Inch and Eleanor Brown, assisted by Miss Macville, Miss Brown, and also to the various student committees which very capably took charge of the costumes, lighting and stage directions. All the students performed well but especially the soloist, Ivan Robinson, the prolocutor, Miss Nora Blake, and those enacting the parts of Mary and of Caleb, Elaine Porter and John Delory.

The various performers were as follows: Prolocutor, Nora Blake; Mary, Elaine Porter; Joseph, Melvin Richard; Caleb, John Delory; John the Baptist, Jesse Lawson Drake; Shepherds, Douglas MacDonald, Wendell Horton, George Campbell, Maurice Delory; Kings, Robert Cairns, Clifton Court, Keith Carson.

Bureaucratic Control Of Radio Assailed

WASHINGTON, Dec. 8.—(AP)—Anti-bureaucratic control of radio as a "gun aimed at the heart of all our democratic freedom," President Billings Trammell of the National Broadcasting Company today called for legislative safeguards against federal restriction which would restrict an industry.

Trammell told the Senate Interstate Commerce committee that the program performances have demonstrated radio's devotion to public service and its acknowledgment of social obligations so clearly that government "encroachment" could serve only to "destroy the business, shackle the freedom and arrest the progress of the broadcasting art."

He denied that it is true, as James L. Fly, federal communications commissioner, asserted recently that the National Association of Broadcasters is "a slot" for the NBC and the Columbia Broadcasting System.

"Mr. Fly himself knows that isn't true," Trammell said. "The Senate committee is considering legislation to limit and define the F. C. C.'s authority over broadcasting."

INSURANCE ALL LINES RALPH MUTTART Summerside T. E. HICKEY Chartered Accountant Office at White Star Laundry National Park Season Satisfactory Says Superintendent The winter headquarters of the Prince Edward Island National Park have been moved to the Bank of Canada building from Dalway Street. In the past, the Superintendent E. A. Smith, it is learned, the Park has just concluded one of its most successful summer seasons. It was visited by 25,000 people, and the various hotels on the North Shore in addition to having one of their best seasons, have already received many bookings for the 1944 season. The various kitchen shelters situated at Dalway, Brackley and Cavendish were also well patronized during the season. During the past year some 60,000 seedlings and transplants were planted in a forest-tree nursery in the Dalway area which will be put out in permanent locations early next spring. At Green Gables golf course last season nine holes were opened for play. Visitors from Quebec and Ontario pronounced this course to be one of the finest in Canada. Many people also availed themselves of the opportunity of using the blue-berried and cranberries which grow abundantly in the Park.
