

Had Weak AND Dizzy Spells.

Those feelings of weakness, those dizzy spells and "all gone" sinking sensations, which come over some people from time to time, are warnings that must not go unheeded.

They indicate an extremely weakened condition of the heart and a disordered state of the nerves.

One dizzy spell may pass off, but the next may be more serious. Those who are wise will start taking Milburn's Heart and Nerve Pills, before their case becomes hopeless.

PLANS TO DEPORT WILMOT, THE RELEASED CONVICT.

CHICAGO, Jan. 17.—John R. Wilmot, scientist, author, inventor and promoter, who recently was paroled from the Joliet penitentiary, after serving five and one-half years of a seven-year sentence, on a charge of forgery, is in the county jail here awaiting a formal order from Washington, ordering his deportation to England.

Wilmot, who is said to hold degrees from English universities was arraigned before Dr. Percy L. Prentiss, immigration inspector, yesterday, and his presence in this country was held to be undesirable. His deportation was ordered.

While in the penitentiary, Wilmot is said to have laid the foundation for several inventions of monetary value, one being a gas machine and another a smoke-consumer. Being a convict, he could not patent them, but he planned to float a company, as soon as he was paroled. When he stepped from the penitentiary door, he was arrested. The main point against him was said to be his criminal record. In England he is said to have been known under the alias of "Tom Crawshaw."

A Physical Wreck

Suffered Tortures from Nervousness.
Miss Marguerite Lees, 91 Robert St., Hamilton, Ont. writes: "I was a wreck, reduced to body and dependent. I suffered tortures from nervousness, and was totally unfitted for work. A friend recommended Hood's Sarsaparilla. I commenced taking it and by the time the second bottle was consumed I knew that I was mending. Gradually I grew well. I have used Hood's since. I would not be without it on any account, and do most enthusiastically endorse every word in its favor."

ALWAYS CONSULT THE PHONE DIRECTOR

It is surprising the large number of people in Charlottetown who, when they want to inquire about their Morning Daily Guardian or subscription, ask Central for the News phone No. 132.3, instead of 132.2; or when they want to inquire about advertising ask Central for the Subscription phone No. 132.2, or for the News phone No. 133, instead of 132.3; or when they want the News or Editorial Department ask Central for the Subscription phone No. 132.2, or the Advertising phone No. 132.3, instead of 133, although all those departments and their respective phone numbers are plainly given in the telephone book. Some people, instead of looking at the book, even phone one what number to ask for to get another department. All this is a great waste of time on the part of the person phoning, the operator at the Central, and the clerk in the department wrongly phoned. The news staff, on an upper floor, cannot give the necessary information about either advertising or subscriptions, nor the advertising staff about subscriptions or news, nor the subscription staff about advertising or news. In other words the clerks know and can do but their own work in their own

departments, and if it were otherwise they would be continually running from one department to another, upstairs and down, mixing work, wearing themselves out and causing the greatest possible confusion. On and after 6 p. m. daily it is useless to ask for any phone numbers except 132 and 133.
Patrons who consult their phone books for the numbers they really want will greatly lessen the work of the patient Central telephone and Guardian clerks and thus help make their lives much brighter and happier. 3-16dtf.
