That's No Way to Treat Constipation!

Doing with cathartics may give
temporary relief, but the real way to
handle constipation is to get at the
cause. Common constipation often
results from a lack of "bulk" in the
bowels. Bulk doesn't mean the amount
of food you eat, but a particular kind
of food that helps to form a soft
mass in the bowels and thus aid the
bowel movement.

If you are troubled this way, just
try eating Kellogg's All-Bran. It only
takes a small amount—an ounce a day
is enough for most people—but you
must have it regularly and drink
plenty of water. All-Bran is a crisp,
tasty cereal which gives you two
things you need... "bulk" and the
essential vitamin B₁. See how much
pleasanter life can be when you are
"regular." All-Bran is made by
Kellogg's in London, Canada. At all
grocers.

Arrested For Snaring Mink In The Bronx

By Gardner Bridge
Associated Press Staff Writer

NEW YORK, Jan. 8—(AP)—The
Bronx, famed in song and story as
the home of a strange dialect, the
Bronx Zoo and the name of a cock-
tail, has now produced:
The Bronx M-I-N-K!
And there is no occasion for a
Bronx cheer, either, because Frank
Hoyt, a 49-year-old trapper who was
arrested for the astonishing crime
of snaring mink in the Bronx, de-
clared the Bronx species of this
expensive little animal was far su-
perior to the Canadian variety.
"Hoyt, who lives in the comparative
wilderness of White Plains but who
found it more profitable to come
down to the teeming Bronx (pop.
1,527,685) to set his traps, received
a suspended sentence on a charge of
violating a park ordinance.
When brought president James
Lyons read about Hoyt's arrest, and
particularly about his statement
that he had earned a living for
years by trapping mink and other
fur-bearing animals in Pelham Bay
Park, he was seized alternately with
dismay and delight.
Finally he adopted a pious atti-
tude and wrote a letter to park
commissioner Robert Moses, copies
of which were released today.
"My dear Bob," he wrote, "I was
most interested to read about the
trapper who was brought into court
by one of your vigilant guards, for
operating in Pelham Bay Park with-
out a permit.
"All concede that the Bronx is
outstanding in most respects.
"My attention was called recently
to a paragraph in a geography book
used in our schools stating that the
Bronx was famous for the finest
species of mink. But I had no idea
that the wild life here included
Bronx Minks, which are superior
and more valuable than those found
in Canada and other places.
"It seems to me that you should
have a survey made to determine
how plentiful is the supply of Bronx
Minks and other fur-bearing ani-
mals. It may be a new source of
revenue to the city. It might be
feasible to enter into a contract on a
percentage basis with the Hudson's
Bay Company, or a Bronx Bay
Company."
Step out onto the fire escape.
Be unobtrusive, and let's your-
selves a new fur coat.

Condition Good After Operation

SASKATOON, Jan. 8—(CP)—Mer-
vin Boutiller, formerly of Liver-
pool, N. S., was said to be in good
condition following an operation to-
day as hospital here for removal of
a bullet from his brain.
Dr. Lorne McConnaughy who per-
formed the operation, said he re-
moved a bullet from the back of the
lateral ventricle without de-
struction of brain cells. The bullet
was deeply located and the patient,
the doctor said, had developed grad-
ual paralysis of the left arm and
left leg and had even lost his sense
of position.
Boutiller was taken to hospital in
Moose Jaw Christmas eve. Police
said he had claimed he was thrown
from an automobile by an unknown
man who ignited him for a ride and
a drink. Police so far have found
no trace of Boutiller's assailant.
An x-ray examination revealed
the bullet and Boutiller was taken
to Saskatoon for the operation.

eau was ordered by his physicians

the new post was announced last
week by Mr. Mackenzie King fol-
lowing advice from Mr. Thompson
that he had been forbidden to con-
tinue because of ill health.
Mr. Thompson wrote the Prime
Minister Jan. 2 from Royal Vic-
torial Hospital, Montreal, stating
that a series of examinations over
a period of seven days had brought
the verdict that he must give up
his heavy responsibilities as head
of the Information Bureau.
The Prime Minister replied Jan.
5 expressing his regret that this
5' decision had become necessary,
a regret which he said "is shared
not only by my colleagues but I
am sure by the press and public
generally."
Mr. Thompson is director of
publicity for the Canadian Nation-
al Railways. Early in 1939 he took
on the task of organizing press and
picture facilities for the Royal
tour and immediately on the out-
break of war he became head of
and organized the censorship co-
ordinating committee.
Early in December Mr. Thomp-
son became chief of the new Pub-
lic Information office and was en-
gaged in organizing it when he
suffered a breakdown at the start
of the Christmas season.

Daily War Survey

(By The Canadian Press)
Rumania's determination to de-
fend the province of Besarabia a-
gainst any Russian attack is one
of the important factors in the diplo-
matic war now proceeding in the
Balkan States. On the outcome of
this diplomatic conflict, the exact
lines of which remain somewhat ob-
scure, may depend the military con-
flicts of 1940.
The importance of Besarabia lies
not alone in its economic resources
—it is a big grain-growing area—
but in the field of transport.
This province dominates the
mouth of the Danube River, the
principal means of transporting the
products of the Caucasus, including
oil and manganese, to central Eu-
rope.
It contains the Black Sea termin-
us of one of the most direct rail-
way lines linking the Russian port
of Odessa with German-occupied
Galicia. Just over the border in Rus-
sian territory links another impor-
tant railway link to southern Rus-
sia with Germany.
So it is that whoever controls
Besarabia is in a position to in-
fluence Russo-German relations, to
help or hinder the delivery of Rus-
sian supplies to Germany, to bar
the way to German-Russian military
collaboration in the direction of
Iraq, Afghanistan or India.
Nazi Germany would be unlikely
to raise any serious objection to
Russian designs on Besarabia as
these supplies of Russian materials
will be needed if Germany is to
wage a long war. The difficulty of
Germany would be to localize the
affair so that neither Turkey nor

Finnish Miners Wish To Return

Finnish miners at Eldorado Mine on
the shore of Great Bear Lake, 1,000
air-miles north of Edmonton, want
to quit their jobs as soon as possible
and return to Finland to fight a-
gainst the Russians. Mrs. John
Luoma, an official of the Edmonton
Finnish Association, said today.
She reported she had received a
cheque of \$230 representing volun-
tary donations by the Finns and
other miners at Eldorado toward the
Finnish Red Cross fund.

Pan American Airways Visions Added Service

WASHINGTON, Jan. 8—(AP)—
Pan American Airways, which now
flies twice weekly across the Atlan-
tic, proposes establishment of a
third weekly trip by the middle of
March—providing the United
States government will set a "fair
and equitable" mail rate for the
additional flight.
In addition, the airways system
said in a release, it will be prepared
for daily transatlantic service by
the spring of 1941, should the de-
mand and the revenue make it ad-
visable.
Pan American said rates request-
ed for the additional schedules were
lower than the actual postal reve-
nue returned to the government by
the transatlantic service.
Currently, Pan American is oppos-
ing an application filed with the
Civil Aeronautics Service by Amer-
ican Export Air Lines, Inc., which
seeks to enter the transatlantic
service in opposition to Pan Amer-
ican.

TROOPS CHEER A'S CHRISTMAS MAIL ARRIVES

(By Edwin Johnson, Canadian
Press Staff Writer)
ALDERSHOT, Jan. 8—Cheers
roared joyously through the scat-
tered barracks of the Canadian
Active Service Force tonight as
word spread like wildfire that the
first Christmas mail had arrived from
home.
In fact the load of mail was so
heavy that the local postal staff,
already under severe pressure, was
unable to cope with the task of
sorting and delivering the bulk of
it. To ensure that there should be
no abnormal delay in getting
letters and parcels to the boys, 26
members of the postal unit of the
first Canadian division were rush-
ed to Aldershot from London to
assist in the work.
Most of the mail will be deliv-
ered tomorrow but many received
long-awaited tidings from their
loved ones tonight. Shouts of
