### ANTIPON IN CANADA

SPREADING THE FAME OF THE GREAT BRITISH SPECIFIC FOR RAPID FAT-REDUCTION

The burden of the obesity is so distressing and so unappreciating, and is generally so difficult to get rid of with any degree of permanence, that the introduction to Canada of the famous British Specific Antipon will be welcome in many quarters. The preparation is not unknown here already, but the obstacles in the way of its supply to the general public were necessarily great. All difficulties are now removed.

Ere the important discovery of Antipon the treatment usually employed for the reduction of weight included starvation dietary rules, sweating and purging, together with mineral drugging. All these things are weakening in the extreme, and, when obstinately persisted in, ruinous to the constitution. Antipon is diametrically opposed to such drastic methods.

To expel the superfluous fatty matter from the system is all very well, but the body must be amply nourished at the same time. Now, Antipon not only rapidly eliminates the excess of fat, but overcomes the unfortunate tendency to "run to fat." Ample wholesome food therefore becomes Antipon's strength-giving ally, and there is no need to dread that the extra nourishment taken will bring about a re-development of excessive fatty tissue.

Every dose of Antipon is a sure step in the direction of the recovery of beauty of form, and vigorous nervous energy.

The decrease of weight is not a tedious process. Within twenty-four hours of the first dose there is a reduction varying, according to individual conditions, between 8 oz. to 3 lbs. The scales will be the unerring recorder. The daily decrease is eminently satisfactory. When normal weight and symmetrical proportions are regained the treatment is no longer necessary.

Antipon contains only the most harmless vegetable substances in solution, the liquid being in appearance like a light red wine. It is palatable, refreshing and slightly tart, and never occasions any unpleasant reactionary effects.

Antipon can be obtained at all drug stores, from stock or to order, or in case of any difficulty, a large case will be forwarded direct from the Antipon Laboratories, Store Street, London, W. C. Eng., carriage paid, on receipt of remittance for 5 dolls. 11c.
