

WEDNESDAY

**FINE COLT.**—Mr. John D. Morrison, Georgetown Royalty has a six-month-old Baron Kelvin colt which promises to develop into one of the finest draft animals in the Province. Mr. Morrison is a noted horseman and has bred some of the finest horses in King's County.—“G.”

**PREPARING BARRACKS.**—Lieut. Knight, arrived in Souris on Thursday to superintend the preparation of the barracks for the half company of Infantrymen who will be billeted here for the winter. The building which was found to be the most suitable was the “stone” hotel at the corner of Main and Church Streets, and as this building contains over thirty rooms there will be ample provision for the different departments necessary. The installation of the water and sewerage system is going on rapidly, and the buildings will be ready for occupation within a couple of weeks.

**CHOOSING THE PLAID.**—A representative of a large firm in Montreal was in the city Saturday and interviewed Colonel Campbell and the officers with regard to the supplying of the Battalion with the Highland uniform. A number of plaids were submitted. It is thought that a combination of the colors of Prince of Wales and St. Dunstan's Colleges or a background of the necessary plaid would prove emblematic of Prince Edward Island. Nothing definite however has been done pending further instructions from Military Headquarters. A plan was also submitted for a distinctive regimental badge containing the P. E. Island coat of arms, the figures “105” and the words “Prince Edward Island Regiment, all with the Maple Leaf as a background. It is expected that the die for the Regimental badges will soon be in the hands of the manufacturers.

**THE 105th REGIMENT.**—Fifty-three cases of equipment including water bottles, carriers and mess tins, and sub-target guns have arrived from Halifax for the 105th Battalion. The sub-target gun is a rifle attached to an intricate device for teaching recruits to become efficient in shooting without the expenditure of ammunition. On Saturday evening there was a practice hockey match at the Arena between A and B Companies. The score at the finish was 1 to 0 in favor of A Company. The 105th will turn out a first class team for the hockey schedule this winter. The team of “A” Co. was as follows:—Goal—H. Morgan. Point—N. McKinnon. C. P.—E. Ellis. Centre—B. Millman. Rover—W. Trainor. R. W.—C. Hughes. L. W.—R. Acorn.

**SUPREME COURT.**—In the Supreme Court yesterday the case was concluded, before His Lordship Mr. Justice Fitzgerald, of John E. P. Aylward vs. George McDonald. When the Court adjourned in the afternoon Mr. Bentley, on behalf of the plaintiff, had finished his address to the Court, Mr. J. J. Johnston, for the defendant, having argued his case in the forenoon. Counsel for plaintiff, Messrs Martin and Bentley; for defendant, Messrs D. A. McKinnon and J. J. Johnston. Court adjourned to 11 a.m. this morning.

**STRENGTH OF 105TH.**—There are now 816 men actually enrolled in the 105th Highland Regiment with upwards of one hundred throughout the country who has intimated their intention of joining. It is expected that additional quarters will be provided for the accommodation of the Regimental staff and part of “D” Company. Any young men wishing to be quartered in Charlottetown should communicate immediately with the recruiting officers at the Armouries as this accommodation will not likely last long.

**THURSDAY**  
**ADMITTED TO THE BAR.**—Yesterday morning before the full Court in Charlottetown Mr. Justin M. Hynes, of Kensington, on application of Mr. Gilbert Gaudet, Gilbert Gaudet, was admitted to practice as a barrister-at-law in this Province. His Lordship the Chief Justice, Sir W. W. Sullivan, congratulated Mr. Hynes on his success in his examination and expressed the hope that he might be as industrious in his career at the Bar as he had evidently been as a law student.

**GARRISON DUTY.**—The following officers and men leave shortly for Halifax for garrison duty at Fort Ives, McNabb's Island. About fifteen more are required as quickly as possible. Any young men desirous of joining should send in their application without delay to Major Leigh, Major C. L. McKay or Lieut. Stanley Bagnall, Charlottetown. Major McKay, Lt. Stanley Bagnall, Serg. T. McNeill, Serg. W. L. Higgins, Fred Duffy, Benj. Acorn, Emmet McAlear, J. W. Robblee, N. J. McLeod, Walter Mullins, J. W. Pollard, Robt. Duncan, Ralph Huestis, Allison McLeod, Reginald Jenkins, A. M. Thomson, F. R. McPhee, Gibson Taylor, Leslie Auld, Clarence Acorn, Edmund Stewart, John McDonald, Mac McInnis, Eugene Doucette, Emile Arsenault, Melvin Diamond, Hector Currie, L. McKinnon, Earl Rogerson, Ivan McArthur, Albert McDougall, Sydney McLeod, Joseph Marcou. It is interesting to note that the majority of the above men have signified their willingness to go overseas, but are desirous to undergo a thorough military training beforehand.

**GOING OVERSEAS.**—Dr. H. C. Hodgson was a passenger by the “Prince Edward Island” yesterday morning en route to St. John from which port he sails for Liverpool via the “Pretorian” on Saturday.

**HIGH PRICES FOR PORK.**—At last Tuesday's market the bulk of hogs were disposed of at 11 1/2 to 12c, per lb. which it is understood is about the highest price ever paid for hogs in this Province at this season of the year.

**AT THE POLICE COURT.**—At the Police Court yesterday E. McCarron for drunkenness was fined \$80 or 90 days. A case against Mrs. Haynes for keeping a disorderly house was dismissed and Michael Kinlow, an inmate, was fined \$25 or 60 days.

**FOXES PURCHASED.**—Yesterday a pair of silver black foxes were purchased by Mr. F. G. Jordan, from T. B. Woodman of the Spring Park Ranch. The foxes were physically perfect and handsomely furred and of Oulton Dalton and James Tupper origin. They are to be ranch at the Jordan Ranch Murray Harbor.

**SUPREME COURT.**—In the Supreme Court yesterday the Chief Justice, Sir W. W. Sullivan, Mr. Justice Fitzgerald and Mr. Justice Hazard, on the bench, Mr. Wynn applied for a writ of certiorari in a case in which P. B. Lewis, of Alberton, was convicted of an offence, subsequent to third offence against the Prohibition Act, on the ground that the summons had not stated the fact that the offence was subsequent to a third offence. Mr. Donald McInnon opposed the application, which was dismissed with costs.

**INOCULATION STARTED.**—The inoculation for Typhoid began at the Armouries Tuesday with No. 1 Platoon. The men suffered little discomfort. The serum was ejected in the right breast under the direction of Colonel Jenkins and Captain Dorsay. The men will be relieved from parade for two or three days, as there is a tired feeling after the inoculation. This plan of combating typhoid has proved very effective, splendid work having been thus done throughout the Canadian Expeditionary Forces.

**PLEASANTLY ENTERTAINED.**—Last evening Canon and Mrs. Simpson entertained the Trustees, Church Wardens, Treasurer, Organist and Choir of St. Peter's Cathedral to a delightful social evening. In the early evening numerous games were indulged in and at 10 o'clock supper was served. In Mrs. Simpson's usual splendid style bringing a very pleasant evening to a close. Canon and Mrs. Simpson also entertained the choir boys to an excellent supper and social evening on Wednesday last.

**EXAMINATION.**—The semi-annual examination of Newton school No. 21 in Prince County was held on Friday, Jan. 21. There were a large number of the ratepayers present, and an attendance of thirty pupils. The pupils were examined by Rev. J. J. McDonald, Rev. A. J. MacIntyre, Miss Mary Murtagh and the teacher, Mr. Moan. The advanced class of six pupils were examined in English, Latin, French, history, geography and other branches and acquitted themselves in a highly satisfactory manner. The examination of all the other classes gave equally satisfactory results. At the close of the examination brief addresses were given by the visiting clergymen and also by Mr. McCabe and Mr. McKenna, all complimentary of the good work being done. The singing of the National Anthem brought a very successful examination to a close.

**SMELT FISHING SEASON.**—Mr. John McQuillan, one of the largest fish dealers in the province and naturally interested in securing for the smelt fishery an extension of the fishing season to compensate for the loss of time at the beginning of the season, has been in communication with Ottawa on the subject. There is, as is well known, an unwillingness in official circles to grant such extensions. There is the fear of creating precedents and there is also an idea that to extend the season beyond the bounds laid down by the department would be tantamount to an admission that the department had not laid down its bounds wisely. There are good and sufficient reasons this year however to ask for an extension of the smelt fishery season for ten or fifteen days beyond the prescribed bounds as this length of time had been cut off at the beginning of the season owing to the mildness of the weather. If these reasons were submitted to the department by the fishermen themselves it is believed that an exception would be made this year in order to help the fishermen. Mr. McQuillan advises fishermen throughout the province to write individually to the department at Ottawa, stating their reasons for the request for an extension. Fishermen should make a note of this. Their case is a good one and they themselves should present it.

**FRIDAY**

**WEDDING BELLS.**—A very quiet but interesting event took place at St. Andrews on Tuesday, January 25th, 1916, when Miss Lottie, daughter of Mr. and Mrs. John Knabone, Friesland, became the wife of Mr. Edwin J. The afternoon was passed pleasantly away by violin music by Messrs. Len and Fred Jay. In the evening they drove to the home of the bride's aunt, Mrs. James Gillan, Sr., St. Patrick's Road, where a most sumptuous supper was served, after singing some of the old songs of long ago they departed amid showers of rice and confetti to their future home in Dromora. Read this unsolicited grateful testimony—  
Not long ago my left knee became lame and sore. It pained me many restless nights. So serious did it become that I was forced to consider giving up my work when I chanced to think of Sloan's Liniment. Let me say—less than one bottle fixed me up.

**The Gold Dust Twins' Philosophy**

THE floors and doors appear to wait until the dust germs congregate; the housewife hails each dawning day with grim and harrowing dismay. Says she: “My work will NEVER end; or dusty stretches I must bend, until, with aching back and hands, I finish what the day demands.”

Then Mrs. Jones, one afternoon, dropped in, at time most opportune. An optimist, she knew the wiles of household work—its sighs and smiles. She told of how she polished floors and woodwork and the endless doors, until when Hubby saw them, too, reflections said: “Why, howdy-do!”

“The Gold Dust Twins,” said she, “I find, help leave the woes of dust behind. Each mark of sticky hands on doors, each tread of muddy feet on floors, all fade before the slightest touch of Gold Dust, and the work is such that, when the woodwork has been done, I find said work was only fun.” This line of reasoning must show that those who've tried it OUGHT to know. If you, in one day's duties, find that there's a Grouch in every Grind, invite the Gold Dust Twins to share such tasks as tire and fret and wear.

From kitchen floor to bedroom suite, these tireless little chaps make neat, and best of all, the sun expense is measured upon meager cents. They put both dust and dirt to rout and run the last old microbe out.
