Chronic Catarrh Always Catching Cold No Return in 14 Years

PSYCHINE (PRONOUNCED SI-KEEN) A CANADIAN REMEDY—HOME CURES

My daughter, when she was 5 years old, was troubled with a very bad cold for over six months. She was short of breath, and seemed to be choked up all the time. The doctor said it was catarrh of the head and throat, and gave her medicine for it, but it gave no relief. Seeing Psychine advertised, I decided to try it, and before she had finished the first bottle she was as well as ever. The catarrh never returned, although 14 years have passed away since then, and she is now grown to young womanhood.—Mrs. Wm. Garratt.

Psychine is pronounced Si-keen For sale at all druggists, at \$1.00 per bottle. For further advice and information or trial bottle, write Dr. Scott, Limited, 179 King Street West, Toronto, Canada.

30,000 RUSSIANS ARRIVE IN NEW YORK

Thrilling Stories of Escape from the Czar's Army--Whole Male Population of Town Impressed.

New York, March 16.—Sixty Russians who told thrilling tales of how they had escaped from the Czar's army and found their way to this country, being cared for by the Hebrew Shelter House in East Broadway until they can find homes elsewhere. They arrived here Friday in the S. S. Getty, of the Austrian American line, sailing from Trieste two weeks ago. All were residents of Zlotomera, in Kioff, and nearly all left large families behind when they were impressed into the Russian service. Unexpectedly one morning more than two months ago a regiment of Cossacks swooped down upon the town and at the same point forced 1,200 men to leave their homes and start for the front. Two of the men, Elias and Moses Wilensky, brothers, were among the wealthiest men of the town, and said that all of their property was confiscated and their families left in destitution. They owned large paint manufactories, and as the brothers were taken from their desks, more than 150 of their employees were driven along with them, six of whom escaped and are among the party which arrived here.

One of the brothers says that 13,000 roubles was taken from his safe by the Cossacks. "Time was not given us to say good-bye to our families," said Moses. "In other years all men who had served four years in the army or had large families were exempt from military service."

EDITOR'S MAIL. SOME PERTINENT QUESTIONS.

Sir:—The Patriot Editor pretends to know the ice conditions at Picton, and his readers would like to know how he has knowledge different even to what the passengers on the Minto have had, or why he should pretend to know more about it than they do. He should take a trip over and see for himself that the barrier is a level strip of ice from two to four feet thick. Capt. Finlayson should give the engineer orders to continue to drive the Minto at the barrier to the fullest capacity of the engines. It would be interesting to know just what the ship would do if given a chance, for it is generally believed, and on good authority, that she is not driven with all her force at the ice.

AN ARGUMENT FOR THE TUNNEL.

Sir:—The Patriot of Thursday gives the strongest argument yet in favor of a tunnel. It says that from Picton Island the ice is grounded and packed so solid that even "if the Minto, aided by men or otherwise managed to break up or cut a piece of the inside barrier what could she do with it? There is no give to the mass of ice. She could not pile it up on top of the hummock, she could not put it beneath them, there is no place behind for it. It would simply have to remain where it was." Under those circumstances the "B-mack" or the most powerful icebreaker would be of no use as there is no place to put the ice when it is broken. The Patriot thus indirectly says that no steamship can give us continuous steam communication, so the tunnel is the only way out of our trouble.

ONLY PARTLY TRUE.

Popular Ideas Regarding Catarrh. It is the common belief that what is popularly known as catarrh is simply a chronic cold in the head. This is true as far as it goes, but as a matter of fact, catarrh is by no means confined to the nasal passages, but extends wherever the mucous membrane extends, which means nearly every part of the body.

Therefore, although the location of the trouble gives it various names, in reality the sum total is catarrh and nothing else. Do not make the mistake of thinking you have no catarrh because the head and nose appear to be clear. If there is a cough, tickling in the throat and hoarseness you have throat catarrh, if there is no appetite, but nausea, gagging and disgust for food especially in the morning, you have catarrh of the stomach.

The surest treatment for every form of catarrh is an external remedy which acts especially on the blood and mucous membranes; such a remedy is the new preparation sold everywhere by druggists under the name of Stuart's Catarrh Tablets, a medicine in pleasant tablet form and containing all the best and latest specifics for catarrh.

Stuart's Catarrh Tablets contain in highly concentrated form, bloodroot, red gum of the Eucalyptus tree, and many others equally valuable curative elements, and no one who suffers from any form of catarrh and has seen the inefficiency of douches, sprays and powders will ever go back to them after once trying so pleasant a preparation as Stuart's Catarrh Tablets and one which gives so much relief in so short a time.

All druggists sell Stuart's Catarrh Tablets at 50c for full sized package and the regular, daily use of them will effectually cure this troublesome and dangerous disease.

What Make of Rubber Do You Wear, Granby?

We don't make any exaggerated assertion when we say that GRANBY RUBBERS outwear almost any others. This has been proved by experience.

The Reason? Simply that GRANBYS have the Fine Para Rubber with extra thickness in soles and heels and are made by people who spend their whole time and energies in keeping them right up to their motto "Wear Like Iron." Don't take any stock in that old story about others being "just as good," but insist on having the
