Steels, Motors Rubbers Sag At New York

(By T. E. Applegate)

NEW YORK, Nov. 5 —(AP)— Pivotal steels, motors and rubbers sagged in the final hour of today's stock market session.

Earlier special strength of some chemicals and metals had been ignored in a slow downdrift of the general list. Gains of several of these favorites were reduced in the late sell-off and many leaders finished at lows for the day, with losses ranging to around 2 points.

Canadian issues were active. Distillers Seagrams gained 1-2. McIntyre was up 1-4 while Dome Mines added 1-8. Canadian Pacific and Hiram Walker were each down 1-8.

On the curb, Canadian issues were inactive.

New 1947 lows were touched by Bristol-Myers, down 4 1-4 at 35 after directors announced a reduced dividend and by Consolidated Edison, traded ex-dividend, which closed off 7-8 at 22 1-2. Declines of a point or more were recorded by U. S. Steel, ex-dividend at 75, Youngstown Sheet at 77 1-4, Bethlehem at 99 3-4, Chrysler at 61 1-8, Goodrich at 55 1-2, U. S. Rubber at 46, Schenley at 32, Dow Chemical at 39, Western Union at 21 1-2 and Texas Pacific Coal and Oil at 42 3-4.

American and Foreign Power Second Preferred lost 4 3-8 points at 11 3-4 and the Common was off 1-2 at 3 after the securities and exchange commission rejection of a reorganization plan and its suggestion for a substantial shift of allocations to holders of first preferred. These last-named stocks rallied, the $7 Preferred up 3 1-2 at 96 and the $6 Preferred ahead 2 1-2 at 83.

ILFORD, England — (CP) — Twelve blind men and women have asked the council's welfare officer for facilities to play bowls.

Stocks Higher But Western Oils Down At Toronto

TORONTO, Nov. 5—(CP)—Volume on the Toronto Stock Exchange increased today as prices generally improved for the third successive session. An exception was the western oils group which gave back most of yesterday's gains. Trade in golds was stepped up with several junior issues turning over briskly.

Senior golds trade quickened in the afternoon session with gains in fractions posted by Dome, Kerr Addison, McIntyre and better juniors were Buffadison, Caribou, Chimo, Delnite, East Malartic, Giant, Hosco—a feature on about 250,000 shares up 10 at 62—Madsen, Negus, O'Brien, Pickle Crow, San Antonio, Starratt. For the base metals Hudson Bay and Noranda added fractions, MacDonald, Pend Oreille, Normetal, Sherritt up to five cents. Smelters dropped $1 at $59.50, Nickel 5-8 at 34.

Western oils weakened for key issue losses including Anglo-Canadian 18 at $1.52, Calgary and Edmonton 5 at $2.50, with Roxana gaining 11 cents at 63.

Livestock

MONTREAL, Nov. 5 — (CP)— Trading was slow and there were only a few early sales registered on the two Montreal livestock markets today. Receipts: 249 cattle, 104 calves, 160 sheep, 471 hogs. Held over: 450 cattle, 350 calves, 1,540 sheep and 1,930 hogs.

Cattle offered consisted of cows, heifers and steers of common to medium quality. Medium steers 12—13, common 9—11.50. Heifers ranged from 8.50—12.50 according to weight and quality. Good cows sold at 10—10.50, medium kinds 8.50—9.50 and common 6.50—8. Canner and cutter cows were steady at 5—6.25 and common bulls were 7—10.

Drinkers sold from 9.50—11. Grassers were 7—9.25. Trading was very slow especially on heavy calves weighing 300 lbs up.

Trading was under a very moderate speed. The general price was 13.50 for good ewes and wethers. Bucks discounted 1.00 per cwt and culls were 8—9. Sheep are also slow sellers at 3—6.

The heavy hog killing that was made during last week and the beginning of this week over at the packing plants has filled up practically all storage space with result that buyers cannot purchase any more hogs until more room can be available. Price paid for hogs was 23.00 for grade A and sows were 15—16.

Maritimes report follows:

Moncton hogs grade A were 23.75 hot dressed weight delivered and Charlottetown grade A hogs were 22.75 f.o.b country points. Moncton sows number one sold at 16.

Steers and heifers brought 6—12.50, tops 13.

Grade A lambs made 31.75 hot dressed weight and grade A sheep were 16 delivered.

U. S. FARM ACCIDENTS SHOW HEAVY TOLL

Regarded as the most complete figures yet available of accidents on the farm, the sample survey made by the Bureau of Agricultural Economics of the United States Department of Agriculture contains some impressive facts. The survey covered about 15,000 farms in 814 counties and was carried out in January, 1947. The sample chosen was designed to obtain figures representative of all the States.

While the figures are subject to later revision, nevertheless the results of the survey would indicate that from October to December, 1946, there were roughly 210,000 accidents that injured people living or working on farms; that the injuries cost a total of $8,750,000 for medical, dental, and hospital expenses, and that the time lost from usual activities totalled 4,500,000 days.

The accidents reported included all injuries to persons living or working on farms covered by the survey, counting injuries both on and off the farm. Merical, dental, and hospital expenses growing from these accidents amounted to a little more than $84 per person injured. The time lost from usual activities (work for adults, and school and play for children) was reported to be about three weeks per farm person injured.
