DAILY CRYPTOQUOTE—Here's how to work it!

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation.
X L L E B Z X L S R S U N B D S Z ' O S V B Z A
W B P L N S Z B V B K S U O S V B Z K W B
W M S D - D B Z W X G K E S.

MacLean-Carter Wedding

The first Presbyterian Church in Stamford, Connecticut was the setting for the marriage of Miss Shirley Anne MacLean on April 2nd, daughter of Mr. and Mrs. William MacLean of Stamford, Conn., formerly of 183 Murray Avenue, Larchmont, New York and Belfast, P.E.I. to George Henry Carter 3rd, son of Mr. and Mrs. George Henry Carter Jr. of Boston, Mass.

The 4 P.M. ceremony was performed by the Rev. Donald Campbell D.D. assisted by the Rev. A. J. G. Murchison of New City Presbyterian Church, N. Y., a relative of the bride.

Escorted by her father, the bride wore a white tulle taffeta floor length gown fashioned with yoke of net illusion and paniers and carried gardenias and freesias.

Miss Barbara MacLean was maid of honor for her sister, wearing a blue tulle taffeta gown with yoke illusion and hoop skirt.

Bridesmaids were Miss Betty Thwaite of Larchmont, Miss Eleanor Carter of Boston, Miss Ruth Bitson of North Hills, Pa. and Mrs. Floyd Wood of Levittown, L. I. They were gowned identically to the maid of honor.

Flower girls were Jean MacLean and Anne Tibbets of Stamford wearing pink marquisette gowns with yokes of illusion and hoop-skirts and carrying colonial bouquets.

Richard Grace of Swampscott, Mass. was best man and ushers were Gordon Hoppl, John Kayser, David MacLean and Alvin Tibbets. John MacLean of Stamford was ring bearer.

A reception for seventy-five guests followed at the MacLean Residence in Stamford, home of the bride.

Mrs. MacLean, mother of the bride wore a powder blue crepe gown with mauve hat and orchid corsage. Mrs. Carter, the bridegroom's mother, wore a gown in grey crepe with matching hat and corsage of purple orchids.

Mrs. Carter attended Mamaronck High School and was graduated from Woodrow Wilson High School and Adelphi College. Mr. Carter was graduated from Boston schools and the U. S. Merchant Marine Academy with the class of 1945.

ELLEN'S DIARY

(Continued from Page 2)

over again though this time on a more purposeful key.

"Let's see now," James will begin, "there's those two from the off-pen, Ellen --- and four --- and that other pair from the sow we got from Rob ---" and so we continue until finally we complete the total. "And how many altogether, Ellen?" James will inquire, commenting in a satisfied tone at the answer. "You're right, Ellen --- that's what I thought they'd be," James had known at the beginning --- as always!

A nice feature of this farmer's call was that his wife had accompanied him on the outing which was to take in as well shopping at a corner store. And turning back memory's leaves, it came to mind the delight of similar outings with James, to bring the close to some perfect day. This portrayed to us, in an era of living much changed from those days of the past, the perfect accord and content and happiness of two, which after all is the foundation of an ideal home, the bed-rock of the Democracy, which we as a nation and people cherish.

These twins are not blown hither and yon in their affections by every false wind of fancy, but find their happiness in living as best they can and in imparting their high ideals to children and grand-children. She is a small attractive lady, energetic and "motherly", a term which embraces much and has among its requisites a kind and understanding heart.

This week grand-daughter's attention has to be divided between this and the house across the lane, in each of which at the moment dwells one of her grand-mothers. She is now taken up with the nearing of her birthday which at Alderlea is synonymous with cherry-blossom time. "We recall how beautiful were those cherished trees of ours that morning Jeanie went to the hospital and how desolate then to us was the small abode across the lane.

"When is your birthday?" James asked, curious about the reply when a call brought her to us while we were at dinner today. She carried a make-believe doll in her arms. A small blanket rolled tightly and held with the inherent instinct of the sex. "It's on a day in June!" she answered brightly, "and," she continued shyly, "do you know when this child's birthday comes?" And she indicated the bundle she held. James shook his head gravely and I commented chuckling, "I don't think that one has a birthday!" "Oh, yes she has," she assured me beaming. "her's is the very same day as mine—the ninth day of June!"

And this is what James says glancing at the clock: "Not bedtime again!"

This is a family affair

YOUR FUTURE... AND CANADA'S

Conditions have been good the last few years. More people are working than ever before — making more, spending more, saving more.

Isn't that what you want? After all, you have a family to think about... and you are planning for their future... The Liberals are planning and working for your family's future too.

Here are some of the things the Liberals are doing:

Family Allowances are increased. Already a billion dollars has been invested in Canada's children. Millions of boys and girls are better clothed, fed and housed — have a better chance for an education and a real start in life — because of this Liberal measure. It has brought new security and well-being to countless Canadian homes.

In housing, too, the Liberals have taken the lead in providing Canadians with decent homes. More homes have been built in Canada, in relation to population, than in any nation. Already a million Canadians live in homes built since the war. The liberal government is ready to help solve the low-rental housing problem and has offered its cooperation to provinces and municipalities.

Then, there is the Liberal health program. Already federal grants are helping the provinces to increase their health services. But the Liberals' aim is a nation-wide contributory health insurance plan which will end, for everyone, the tragedy of inadequate health care and the financial strain of lengthy illness.

Or take employment. Liberal measures are helping to maintain employment in Canada at record levels, and at the same time unemployment insurance reserves have been building up. The government has encouraged enterprise and high production. Plants have expanded, new industries started up. New opportunities are being created every day.

Old Age Pensions and pensions for the blind have been steadily increased by the Liberal government. But it isn't stopping there. Its aim is a nation-wide plan of contributory pensions which will help everyone to enjoy a comfortable and secure old age — automatically and as a right.

These are all part of the Liberal program of social betterment... a program to achieve "a national standard of social security and human welfare which assures the greatest possible measure of social justice to all Canadians".

You Gain Much from Better Breakfasts

Mothers — here are some simple facts. But, they are important to the welfare of your girls and boys. How they can benefit: How you can profit.

Appreciate: the Extra Importance of Breakfast

Children, who eat skimpy breakfasts, may be undernourished. Particularly when they don't take the right kind of food at breakfast to supply their daily needs. Junior may be day dreaming. His marks may be poor at school. Perhaps Jane is jumpy and can't concentrate.

Grape-Nuts — a Cereal Specially Made for breakfast

Start serving your family the cereal share of a better breakfast — just two tablespoons each of appetizing Grape-Nuts. There's balanced nourishment in these golden, crunchy kernels of whole wheat and malted barley. Fine food values too, because of useful quantities of carbohydrates, proteins, minerals necessary to health. Delicious with milk or cream. Different recipes are on the package. Today order economical Grape-Nuts from your grocer.
