M'GRAW CHOSEN TO MANAGE ALL-STAR TEAM

(Canadian Press)
NEW YORK, May 29.—Developments today virtually assured the selection of John Joseph McGraw to manage the all-star National League team that will play an all-star American League combination in a special baseball game at Comiskey Park, Chicago, July 6, as a feature of the World's Fair sports programme.

Although no formal action has yet been taken by National League club owners and none will be until they hold a meeting here June 20, it was learned by the Associated Press that a majority of magnates already have expressed themselves in favor of drafting the man who retired a year ago after managing the New York Giants for 30 years, instead of picking a pilot from the active list.

The all-star line-ups are now in the process of being nominated by a vote of fans in Big League territory.

TITLE-HOLDER IS FAVORITE TO LET UP ON TRAINING

(Canadian Press)
LOS ANGELES, May 29.—Vancouver's potent hope for the welterweight boxing diadem, Jimmy McLarnin, scaled 145 1/2 pounds when he weighed in for his 10-round engagement tonight with Young Corbett 3rd, the champion. The latter lifted the scale indicator up to 146, exactly one pound under the class limit.

As the hour for the fight approached the odds remained at from 8-to-10 to 2-to-1 in favor of the Fresno, Calif., titleholder, but the "rail-birds" contended that if a knockout was to end the fray, Irish Jimmy's right would deliver it.

Against that right, which has clipped over most of the best men in McLarnin's class, Corbett has an ever-ready left to poise in defence of his recently won crown.

SCHMELING TO LET UP ON TRAINING

LAKE SWANNANGA, N. J., May 29.—(A.P.)—Max Schmeling, already in excellent physical condition for his 15-round bout with Max Baer at the Yankee Stadium, June 8, will begin to taper off his training tomorrow. The workout, scheduled today, was called off.

With just enough work scheduled to keep him on edge, the German heavyweight is expected to go six rounds against his sparring partners, working for speed and a defence against Baer's left hook. Barney Baker, who boxes the style of the Californian, has been told to throw plenty of lefts at the former world's champion.

Drivers Eagerly Await Start Of 500-Mile Grind

Record Will Be Broken Is Prediction Of Pilots On Eve Of Great Automobile Race.

(Associated Press)
INDIANAPOLIS, May 29.—Forty two race drivers tonight eagerly await the starting bomb of the annual 500-mile automobile race here tomorrow.

They comprise the fastest and largest field in the 21 years the International event has been run. Most of the pilots expect the winner to shatter the record of 104.144 miles per hour set by Fred Frame of Los Angeles, a year ago.

First prize will be \$12,000, and in all, the management will divide \$30,000 among the first 10 finishers. A consolation purse will be divided among the other starters, the amounts to be based on the distance travelled by each car.

The driver finishing second tomorrow will get \$6,000; third, \$3,000; fourth, \$2,100; fifth, \$1,800; sixth, \$1,320; seventh, \$1,080; eighth, \$860; ninth, \$900; tenth, \$840. In addition approximately \$10,000 in purses will be given by automobile accessory firms.

Veterans dominate the field, with four former winners—L. L. Corum, Indianapolis; Louie Meyer, Huntington Park, Calif.; Louis Schneider, Indianapolis, and Frame—heading the group.

Three of the most colorful drivers of modern automobile racing history—Bob Carey, Bryan Saulspugh and Billy Arnold—will be missing Carey, who won the American driving championship in 1932 was killed in California several weeks ago. Saulspugh also was killed there a few days later. Arnold decided not to drive this year.

There were four accidents during the qualifying trials, and one of them—yesterday—caused the deaths of Bill Denver of Audubon, Pa., and Hugh Hurst of Indianapolis.

The race will be sent off to a running start. Gar Wood, Detroit, will be the honorary starter. The referee will be Lawrence Fisher of Detroit.

RAIN HALTS PLAY IN PROSPECT

EPSON, England, May 29.—(C.P. Cable)—A hard track, suiting Lord Woolavington's Manitoba, popular favorite in Wednesday's 153rd running of the Derby over a mile and a half at this course, appeared in prospect tonight, but other owners, notably Sir Alfred Butt whose Young Lover does better on soft ground, were hoping for rain.

Scratching of Rodosto, the Chestnut colt owned by Princess De Faucigny-Lucinge, had the effect of tightening the prices on favorites. Cause of the Frenchman's breakdown was believed to have been a fall he suffered on his arrival at Folkestone. A veterinary who attended the animal said he had strained a muscle.

J. A. Dewar scratched Lochiel, his only entry, today and left Steve Donoghue free until Lord Derby snapped him up to ride Thrapston, replacing Wells.

HARD TRACK DEMPSEY YOUNG PROSPECT KEEPS TABS ON CONTENDERS

By Edward J. Neil, Associated Press Sports Writer.
ATLANTIC CITY, N. J., May 29.—(A.P.)—Versatile William Harrison Dempsey added another job today to the multitude of duties he has undertaken in promoting a 15-round heavyweight duel between Max Schmeling and Max Baer in the Yankee Stadium June 8.

For the past two days he has sparred with each of his hirings. In between times he has raced from camp to camp, shaking thousands of hands, selling tickets. Today he took over the job of coaching Baer, his rollicking young giant of a contender from California.

For five rounds, as the tremendously muscled youngster banged away at his sparring partners, Dempsey stood alone on a platform beside the ring in the centre of an open field and directed every punch Baer threw.

Best Fisherman Gets Gold Button

(Canadian Press)
MONTREAL, Que., May 30.—A gold championship button will be awarded to the fisherman catching the heaviest trout in the waters of the newly-opened Maligne River in Jasper National Park, Alberta, this year, according to an announcement by the Fish and Game Department of the Canadian National Railways. The runner-up will receive a silver button and every angler landing a trout weighing two pounds or more will receive a bronze qualifying button. This competition is being sponsored by the railway company which has organized the Maligne River Anglers' Club, for the purpose. No fees are charged and all fishermen are eligible except those who live within the boundaries of Jasper National Park. In order to qualify, however, it is necessary to use an artificial fly tied to a single hook and a regulation trout rod weighing not more than six ounces.

NEW ENGLAND MARATHON STARS ENTER

(Canadian Press)
HALIFAX, May 29.—Jimmy Hennigan, who takes almost equal rank with Clarence Demar in New England marathon annals, is coming down to Halifax to pit his speed and stamina against the best this province can produce in the way of ten-milers. Definite word that the former Boston marathon winner would run in the King's birthday race here was received tonight by sponsors of the race, Cecil Hill of Beverly, Mass., and Clarence Sabine will also make the trip.

It will not be Hennigan's first appearance in Halifax. He lost to Johnny Miles here several years ago after Miles' first victory in the Boston classic.

CRICKET SCORES

(Canadian Press)
LONDON, May 29.—Yorkshire defeated Kent by an innings and 24 runs in the only one of the County Championship and other first class cricket matches that got under way Saturday. Yorkshire knocked up 288 runs while Kent was only able to reply with 90, and 172 in two innings.

William Bowes of Yorkshire took six Kent wickets for 44 runs in the first innings and continued in the second to get six for 73, the best bowling of the day's matches.

Gloucestershire scored 518 for nine wickets against Leicestershire at Worcester and Wally Hammond came through with 206, while Lyon, his teammate got 162.

Closing scores:

At Lord's: Middlesex 319 for nine declared (Heame 93, Robbins 56, Harris four for 60); Nottinghamshire 192 (Carr 65, Robins four for 57); Middlesex 37 for five.

At Leicester: Leicestershire, 234; Gloucestershire 518 for nine (Hammond 206, Lyon 162).

At Cambridge: Northamptonshire, 166 (Allen 73, Cawston six for 62); Cambridge University 150 for nine.

At Hove: Warwickshire 85 for two versus Sussex.

At Oxford: Oxford University 297 (Townsend 66, Hodgson four for 52); Lancashire 51 for none.

At Swansea: Essex 174; Gloucestershire 174 (D. Davies 54, Nichols four for 43); Essex 304 for nine (Nichols 108).

At Portsmouth—Hampshire 130 (Potter 53, Copson four for 33); Derbyshire 33 for one.

At Stourbridge Somerset 214 (Burrough 52, Brook four for 82); Worcestershire 81 for five.

PASSES ON First Practice

(Associated Press)
LOS ANGELES, May 29.—Dan O'Leary, internationally known in the sports world as an endurance walker, died today at the age of 92 after a long illness that confined him to the Glendale Sanitarium.

O'Leary had been a contestant in endurance walks in almost every country in the world and won prizes in England, the United States, Australia and European countries. Only 10 years ago he laid a challenge of \$1,000 to \$5,000 he could defeat any man in the world at a 500-mile walk, regardless of age, color or nativity.

Villans Gather Array of Talent For New Season

LONDON, May 29.—(C.P.)—Aston Villa, runners-up in the English Football League to the famous Arsenal team, although they have a wealth of talent at their disposal are busily engaged in building up a team for next season that the directors hope will carry the Birmingham Club to the topmost rung of the soccer ladder.

The Villa made a gallant bid for the honors during the second half of the season just closed but were never able to get the pace set by the Gunners. Their chief trouble has been to hit on the ideal forward line. To bolster the left wing Ronald Dix and Arthur Cunliffe of Blackburn Rovers have been engaged, the pair playing with considerable success in the Villa's final game of the season.

Through the years Aston Villa's style of play has never changed. They still maintain their traditional tactics, the ball being sent from wing to wing with all the forwards being thrown into the attack.

Of last season's players, Brown, the centre forward, scored 33 goals being ably backed up by Astley (13) who bids fair to become one of the greatest inside forwards of the game. Houghton, international outside left, obtained a similar bag and it is something of an enigma that he has never produced his club form in an international game. Walker, in his 40th year still maintains his constructive powers but is a little lacking in pace. He is still the "brains of the attack."

There is no more attractive football team in the country than the Villa. Their deeds in the English Cup and Football League competitions have made their name known to followers of the game throughout the world. In 1872 a few young men connected with the Aston Villa Wesleyan Chapel at Lozells, a suburb of Birmingham established a cricket club. Two years later some of them watched a football match and were so intrigued they decided on the spot to form a club of their own.

From this humble beginning the club grew gradually but it was not until George Ramsay, a Scotsman, imparted his knowledge of the game to the untutored youngsters of the Villa that a big change for the better came over the work of the team.

In 1880-1 the team had 17 victories to their credit and their success in the Association Cup prompted the change to professionalism in 1886. In that season they won the Cup, beating their neighbors, West Bromwich Albion in the final 2-0. Quickly the Villans became one of the most popular clubs in the

HOLY NAME TENNIS CLUB ORGANIZED

Last evening at the Holy Name Club, about one hundred tennis aspirants met for the purpose of organizing a Tennis Club to be officially known as "The Holy Name Tennis Club."

Rev. E. O'Hanley, Spiritual Director of the Holy Name Society, after making known the purpose of the meeting suggested this outdoor activity for the summer months to take the place of indoor recreation provided by the Club House during the winter months.

The enthusiasm shown at the meeting warrants a very successful season for this new Club.

Mr. Arthur Hughes acted as Secretary for the Meeting.

A nominating committee consisting of Rev. E. O'Hanley, Messrs Sylvère DesRoches and Messrs Hughes and Misses Hilda Praught and Margaret Dougan submitted the following names as committee members which were heartily approved of by the meeting.

Honorary President, His Honour Governor Dalton.
Chairman, Joey Beaton.
Secretary, Hilda Praught.
Councilors, Mr. Leo Corcoran, Margaret Dougan, Dr. J. E. Corrigan, Mae Quinn, Billy Brown, Audrey Birch, Urban Gallant, Dorothy Hennessy and Iphigeneia Arsenault.

A meeting of this Committee will be held at the Holy Name Club this evening at 8.30 sharp.

Outlook For Lumber Trade Very Bright

(Canadian Press)
MONCTON, N. B., May 30.—Lumber stocks in the Maritime Provinces are fast being cleared out and within the next two months it is anticipated all available lumber in these provinces will have been forwarded to England. Sawmills are busy on last winter's cut, according to traffic officials of the Canadian National Railways here, and the prospects for the lumber trade in the Maritimes are good. With all stocks of lumber practically cleaned up and anticipated prices and demand good, a big lumber cut next winter is expected.

It was Jimmie's first visit to a concert and, observing the antics of the conductor, he turned to his mother and asked:—"Why is that man shaking his stick at the lady on the stage?"

"Sh-sh!" pleaded his mother. "He's not shaking it at her."

"Well, what's she hollerin' for then?"

Waterway Treaty Aired

WASHINGTON, May 29.—Urging action at this session of the United States Congress on the St. Lawrence Waterway Treaty with Canada, Senator LaFollette, Wisconsin Republican, said in the Senate today that the New York Chamber of Commerce, one of its leading opponents, was dominated by J. P. Morgan and Company and other Wall Street interests who had a "direct interest" in its defeat.

SEVEN-LEAF
WASHINGTON, May 29.—Four-leaf clovers are now solemnly relegated to second place. The Smithsonian Institution announces discovery of a seven-leaf clover.

It grows in Washington State. The plant is two feet high and why no one ever reported it before is more to the Smithsonian can figure out. J. W. Thompson, of Seattle found it.

Is Assured Of At Least \$9,450 Any Way

(Canadian Press)
WINDSOR, Ont., May 29.—"First we'll go around the world and then I will go back to work on a farm of my own," said Joe Albano who drew Pleditation today in Irish Hospital Sweepstakes under the name "Tramp". Albano, a cement-finisher working on the new post office building, was unaware of his good fortune until shown the Canadian Press despatch.

Joe was located through the man who sold him the ticket and advised a cable waited him. It was a London, England offer of £1,600 for a half interest in the ticket and he accepted assuring himself \$9,450 even if the horses lose.

Born in Pasticci, Italy, Albano has resided in Canada for 23 years, 15 of them in the Border Cities.

LUCKY HOUSEWIVES ARE RECIPIENTS OF "SALADA DOLLARS"

The Salada Tea man, Mr. Dugan, has arrived in the city to distribute new, crisp dollar bills to housekeepers who can show him a packet of Salada Tea when he calls.

He tells us that he expects to be in Charlottetown for some time and that every day he will be calling, at random, at homes in all parts of the city. Wherever he calls and is shown a pound or half-pound package of Salada Tea he will give a dollar bill, with the compliments of the Company.

The following ladies had "Salada Tea" when Mr. Dugan called yesterday and each received a brand new dollar:

Mrs. Hanna Whitlock, 28 Elm Ave.; Mrs. Jas. Clinton, 7 Bishop St.; Mrs. Jos. Doucette, 34 Longworth St.; Mrs. Geo. Chandler, 50 Great George St.; Mrs. J. H. Hughes, 138 King St.; Miss Annie Walker, 21 Prince St.; Mrs. C. H. Benoit, 100 Water St.; Mrs. M. Callaghan, 69 Richmond St.; Mrs. Jas. Brown, 105 Pownall St.; Mrs. A. Lappin, 20 Lower Hillboro St.; Mrs. Jas. Hickey, 208 Dorchester St.; Mrs. Jas. O'Brien, 56 Weymouth St.; Mrs. Art Howatt, 270 Sydney St.; Mrs. J. A. Weir, 56 Cumberland St.

Restoration Work Adds To Knowledge

(Canadian Press)
LOUISBURG, N. S., May 30.—The work of restoration of the old fortress at Louisburg in Cape Breton, Nova Scotia, which is being undertaken by Dominion Government engineers with the assistance of local authorities is proving of great value in antiquarian work. Louisburg represented the culmination of defensive military works for the period 1700-1760, says the "Tourist and Convention Bureau of the Canadian National Railways, and was considered impregnable when built by the French. The fortress fell before a force of New Englanders in 1758, and again to the British in 1758, which was its final capture. In Virginia, U.S.A., a restoration of an old Colonial-style town is being undertaken, John D. Rockefeller, Jr., having devoted a million dollars to the work, and enquiries have been received by Dominion engineers engaged on the Louisburg restoration work from engineers in charge of the restoration work in Virginia for details of the various discoveries made at the fortress. It is considered that these discoveries will furnish much useful information as to construction and other

First Mattresses And Pillow From Canadian Wool

NEW GLASGOW, N. S., May 30.—What is believed to be the first and only factory in Canada manufacturing mattresses and pillows from sheep's wool has commenced operations here according to local traffic officials of the Canadian National Railways. The demand is steadily increasing and already several of the leading hospitals in Nova Scotia and college dormitories have been supplied with the new product. This new factory, coupled with one under way to manufacture woolen textiles, is expected to create a considerable demand for wool locally which should stimulate sheep raising in Pictou County. There is another woolen mill in operation at Rocklin, N. S., close by which uses considerable local wool.

practices of the 1700-1760 period in North American history.

WEATHER A TRIFLE TOO WARM

(Special to The Guardian)
MONTREAL, Que., May 29.—British Guiana, in South America, Southern-most of the British Colonies of the Caribbean which include the West Indies, is no more hotter on an average summer day than is Nome, Alaska, is the answer which these colonies make to inference that their climate is torrid in summer. A paradoxical slant is given to this fact in remarks made by visitors from the British West Indies to Montreal, Toronto, Ottawa and Quebec to Canadian National Steamships officials to the effect that they find these cities a "trifle too warm" in the summer time. They state they miss "the doctor," a dependable cool breeze which sweeps east of the islands nightly and assures sleep.

To Aid Fleet By Weather Reports

(Canadian Press)
TORONTO, May 29.—Plans for reporting weather conditions to the fleet of 24 Italian high-powered seaplanes which will make a long distance flight to the Chicago World Fair, were discussed today by Col. Mario Infante, representative of the Italian Government, and W. E. W. Jackson, assistant director of the Meteorological Service of Canada.

Collecting Display of Ancient Agricultural Implements

STRATFORD-ON-AVON, England, May 29.—(C.P.)—The trustees of Shakespeare's birthplace are collecting in the Manorial Barn at Willmote, Stratford-on-Avon, a display of ancient agricultural implements mostly of local manufacture and craftsmanship.

An appeal has been made for gifts of old-time farming tools to help to illustrate the agricultural life of Shakespeare's England.

OLD FASHION NEW

MACON, Ga., May 29.—The penum always swings back, and women's fashion is no exception. Twenty-five years ago Mrs. B. R. Jones brought a modish hat in a store here and has worn it ever since, irrespective of changing modes. The other day she was in the same store and the manager of the millinery department waxed rapturous about her hat's style and begged her to tell it so they could model others like it.

His plea fell on deaf ears.

Finally she compromised with the store giving her a new hat on condition that she lend them her old one long enough to copy it.

What Difference does a tooth or two make?

Ask the man who has just lost a few

GIRL SWALLOWS BRUSH AFTER CLEANING TEETH. DOCTOR GETS IT BACK
IOLA, Kas., May 29.—Miss Grace Osborn, 19, saw a surgeon after brushing her teeth.

While wielding the brush she choked slightly, threw back her head and, through some involuntary action of her throat muscles swallowed the 6-1-4-inch brush.

A surgeon recovered the brush after a brief operation today. Miss Osborn said she felt no discomfort during the 20 hours the brush was in her stomach.

country and in the following season a match with Preston North End drew an attendance of 30,000. Mounted police were employed to keep the crowd in order.

Yet their first "gate" amounted to three shillings threepence.

In 1807 came the great move to Aston Villa Grounds on the equipment of which 20,000 pounds was spent. Today it is said the income of the Villa is in the neighborhood of 30,000 pounds

What Difference does a tooth or two make?

towards the tooth sockets. It may be working in your mouth five or ten years before you know it, before it takes a single tooth. But, sooner or later, beware...

Give the dentist a chance to prevent. It's much better than repairing. Visit him twice a year and make a point of it. That is prevention—and sensible prevention too. Then there is the question of home treatment and care. There is no use in making believe that white, shining, "clean" teeth are either safe or sound. Nobody believes that any more. The gums must be considered as well. Forhan's Toothpaste is the double-duty toothpaste that does both halves of the job. Originated by Dr. R. J. Forhan, for 26 years a pyorrhea specialist. Save pain, expense and humiliation. Start the whole family today with the big brown tube of Forhan's. All druggists.
