

ORPHANAGE

(Continued from page 1)

who had passed away during the year.

A review of the year, with mention of the improvement noted in the orphanage finances during the past ten years, was given by Mrs. H. S. Henderson.

The report of Miss Eva L. Beers, R.N., nurse in charge at the orphanage appears in full below.

Included in the speakers who commented on the splendid year's work were: Mr. W. A. Stewart, Charlotteville chairman; the board of trustees; Mr. Heath Strong, K.C. Summerside; Mr. F. S. Buelch, Ellerslie; and Mr. L.T. Beaton, Bonshaw, members of the trustee board; Mr. Verner Moore, Westmorland; Mr. MacPhail; Mrs. J. A. MacMillan, Charlotteville; Mrs. Heath Strong, Summerside; and Mrs. L. P. McNeil, Montserrat.

A visit of thanks was tendered to the same auxiliary for the luncheon.

The meeting decided that the annual meeting of the orphanage be held on the 19th of June.

REPORT OF NURSE IN CHARGE

The following report of 1936 was given by Miss Eva L. Beers, R.N., nurse in charge at the orphanage.

At the annual meeting of the orphanage, I had the pleasure of presenting to you a comprehensive report of the year's work.

It is a privilege to be able to report to you on the progress of the orphanage during the past year.

As you know, there is a constant need for the services of the orphanage, and it is our duty to see that these services are rendered to the best of our ability.

During the year, we have had the pleasure of receiving many new children, and we have endeavored to give them the best of our care.

Our work has been carried on in the usual manner, and we have endeavored to give the children the best of our care.

Our work has been carried on in the usual manner, and we have endeavored to give the children the best of our care.

Our work has been carried on in the usual manner, and we have endeavored to give the children the best of our care.

Our work has been carried on in the usual manner, and we have endeavored to give the children the best of our care.

Our work has been carried on in the usual manner, and we have endeavored to give the children the best of our care.

measured up to standard. As usual, Prince Edward Preceptory through their committee look after our school needs.

Miss Rena Wood gave generously of her musical talent for the benefit of our children, coming graciously again for third season from May till December when roads broke up. There with an aptitude for the work made splendid progress and it was a never ending source of pleasure to the children little and big. The benefits to each from instructions received cannot be reckoned.

SPECIAL TREATS BREAK MONOTONY

Special treats and unexpected outings during summer and early autumn helped much to break the monotony of institutional life. To all who contributed to this phase of our work public thanks are hereby extended.

Our Christmas season should always live in the minds of our children. It is truly a joyous season for everyone, talked of for weeks previous, with the magic fire reaching the ceiling glow with colored lights; the gifts that came from all parts of the Island; and the personal visit on Christmas morning of members of the Maritime and G.I. group, who exemplify the highest type of citizenship. They leave their own Christmas fire and come five miles to the country irrespective of roads or weather to add to the happiness of the children under our care. I realize they consider it a duty, and don't want public thanks.

The Gyres sponsored two girls to the C. G. I. T. Camp and two boys went to the Rotarian camp for underprivileged children. Mrs. A. B. Fisher sent one girl to C. G. I. T. Camp.

All over the Island Women's Institutes, young people societies and individuals remembered us with gifts of various kinds. And here I want to specially mention Queen Mary's Needle Guild and the Gentleman in Charlotteville, who each annum gives me a blank order for extra things we could not afford. Just think of the thrill of a brand new 1936 dress for a Miss of 19. He has a place in our thoughts specially reserved for such as he.

Improvement in grounds. Today we can see the improvement in the surroundings. The trees, flowers and shrubs—all cost—all due to the faithful and untiring efforts of the male member of our staff, Milton Buell. Over 200 trees were set out in 1936 and plans made for more in 1937.

We are greatly handicapped for tools to work with and are grateful to our neighbor for help. We trust soon we will be independent along that line. Our garden is a valuable asset in our daily life.

SPLENDID CO-OPERATION

To the staff who co-operated during the year to brighten the lives of the children I would say—that the co-operation and the high sense of honor and duty are the essentials for the present success of our efforts. To the five members of our staff who in past year married and established their homes our best wishes follow for continued happiness.

To our Trustee Board who have given another year of unstinting service the public owe a debt of gratitude. As a staff we are happy in our cordial relations at all times in the interests of our work. I think Miss Henderson deserves special thanks for the splendid work she does taking charge of the finances. She covers the Island from East Point to West Cape. Of the letters she writes, the miles she drives she says with a smile, "Is nothing. It is a pleasurable privilege."

Our present financial status is due to her effort every one concedes. We try to co-operate but starving bodies must be renourished, naked children must be clothed, household equipment will wear out and must be replaced. Increased numbers and longer periods of care makes cost of maintenance greater year by year.

To willing workers every where "thank you for endorsing our efforts."

The soul of a child is the loveliest flower. That grows in the garden of God. Its climb is from weakness to knowledge and power. To the sky from the clay and the clod.

To beauty, sweetness it grows under care. Nourished, it surges and wild. 'Tis a plant that is tender, but wondrously rare. The sweet wild soul of the child.

Be tender O gardener and give it light. Of moisture of warmth and of light. And let it not lack for thy painstaking care. To protect it from flood and from blight.

A glad day will come when its bloom shall unfold. It will seem that an angel has smiled. Reflecting a beauty, sweetness untold. In the sensitive soul of a child.

TENDERS

Tenders will be received at the office of the Town Clerk of the Town of Summerside up to 4 p. m. Tuesday, July 6th, 1937, for an extension to the present Electric Light Building. Plans and specifications may be seen at the office of the Town Clerk.

P.E.I. Orphanage

(Continued from page 1)

This year, your Orphanage, has had a proud record and we trust, the past year will add its quota to that success.

The adoption Committee has had their increased number of problems to handle as our average daily care for the year has increased to fifty-five with the highest days totaling reaching sixty-three. This committee would welcome correspondence from any persons willing to adopt a child.

The Farm of about 108 acres was sold during the year to Hollis H. Jenkins at what was considered fair value; payment is on the installment plan; seven acres is reserved for our use and suitably fenced in.

The endowment fund received some additions and we were able to add to our investments four more bonds; the principal in this fund remains intact and the INTEREST ONLY is used for current needs; we trust this fund will comment itself to our thoughtful and generous public.

The Finance Committee has worked tirelessly and faithfully, surmounting many difficulties, to emerge triumphant and with success hard earned.

The Building has been well looked after so that it did not require much additional expenditure during the year; the lawn and grounds presented a pleasing appearance during the summer.

The children have all come through without serious mishap and this is the place where we must all pass our thanks to a very capable staff and especially the Nurse in Charge assisted by the generous help of doctors skilled in their special work. After all, these children are the real reason why the Orphanage exists and it must be a pleasure to those who help in the work, to know that they are being so well cared for.

As chairman of the board may I express my gratitude to the members for their faithfulness and helpful co-operation. This trustees board extends sincere thanks to all friends, within and without the province, for valuable assistance and unfailing generosity; included in the number are:—The Clergy, Numerous Individual Collectors, The Press, Drs. Tildmarsh, Lantz, Campbell and Ayers. The several Auxiliaries, Queen Mary Needlework Guild, The L.O.B.A. and our efficient Secretary.

W. A. STEWART, Chairman Trustee Board

ADDITION COMMITTEE REPORT

Twenty-four children were admitted and nineteen discharged during the year 1936.

There was a daily average of fifty-five (55) with the highest day's total reaching sixty-three (63).

Of the children admitted: Seven were born out of wedlock; two were re-admissions; five had both parents living; six with mothers dead and four with fathers dead.

Of the children discharged: Eight were returned to parents; nine went to foster homes and

respectfully submitted, F. W. TIDMARSH, M.D.

34-day hunger strike against 'crop conditions' today when he swallowed a small quantity of rice gruel. The be-whiskered faster—he has not shaved since starting the fast—said, "I have accomplished my purpose and now I can eat."

Grand Bazaar Opens Tonight

The Rotary Club sponsored two boys for the Charlottetown Community Camp held at Canoe Cove and the Gyros sponsored three girls for the C.G.I.T. Camp held at the same place. We appreciate very much what these clubs are doing for the children.

Miss Rena Wood gave her time and talent to the children from May to December, teaching them folk dancing and singing. We consider this a special advantage and are very grateful to Miss Wood.

Our sincere thanks also to the Doctors, who freely give of their time and knowledge to keep our children well.

The Adoption Committee—MRS. ARTHUR HENRY, Chairman, MRS. H. S. HENDERSON

SCHOOL INSPECTOR'S REPORT

During the school year 1936-37 I again made two visits to the classroom of the P.E.I. Protestant Orphanage. There were 26 pupils enrolled in Grades 1, 2, 3, 4 and 7.

On each visit I carried out the same programme as in the other rural schools of my inspectorate. The results of the various tests given and lessons taught were quite satisfactory. I consider that Mrs. Jenkins, the teacher, has done very creditable work during the year.

During the past nine years I have always noted that the standard of work done in the Orphanage School is well above that of the average rural school.

I am making two suggestions with regard to school equipment. 1. That a new blackboard be placed on the front wall and low enough for pupils to use.

2. That a map of the world (by hemispheres) be provided.

Yours sincerely, EDWARD MCPHAIL, Inspector of Schools, Cornwall

THE MEDICAL REPORT

I have the honor to submit herewith my report for the year ending December 31, 1936.

There were twenty-four children admitted during the year, all of whom had a complete physical examination previous to their being accepted.

During January an outbreak of measles occurred, forty eight children taking the disease. In an institution containing young children no epidemic disease is more fatal. In some institutions as many as fifty per cent. of the children have died from the complications of this disease. It speaks well for the excellent nursing care given by Miss Beers and her assistants that all the children made a rapid and uneventful recovery.

Five children had diseased tonsils and adenoids removed in the Prince Edward Island Hospital by Dr. Lantz.

All necessary dental work was done by Dr. Ayers. There are several mentally deficient children in the institution who, in fairness to themselves and the normal children who of necessity associate with them, should be removed.

The food supplied the children and the sanitation of the building leave nothing to be desired.

Respectfully submitted, F. W. TIDMARSH, M.D.

Grand Bazaar Opens Tonight

The official opening of the Charlottetown Hospital Bazaar will be held this evening at 8 o'clock.

MR. ROBERT IRWIN

The world renowned tenor John McCormack will be heard for the first time in Canada. Mr. Irwin arrived in the city last night and will be heard at the official opening and for the convenience of those who will find it impossible to attend the opening the committee in charge have arranged with Mr. McCormack to introduce potatoes in the evening. Besides the display of the best handiwork, the amusement and refreshment booths there will be also a door prize every night.

For the further convenience of those attending the bazaar a lunch counter has been provided where sandwiches, tea and coffee will be served. The home cooking booth will have a bigger and even better assortment than in former years.

The Central Guardian GULLISON'S for better Permanent Waves. L-901-5-28-47.

LINENE SUITS \$3.95 to \$11.50 at R. P. Simpsons.

EXHIBITION AT CONVENT—An exhibition of needlework, knitting and drawing opens at noon today in St. Joseph's Convent. The display, product of convent pupils, will close Tuesday.

WHEATLEY RIVER SERVICE—Rev. W. E. Cholerton will speak in the interest of the Bible Society in the United Church at Wheatley River on Sunday afternoon at 3 o'clock. L-1692.

BRADALBANE CONGREGATION—Rev. Arthur Walls, B. A. Minister, Sunday, June 20, 1937, 11 a. m. Rose Valley; 2 p. m. funeral of late Mrs. David Taylor, North Graville; 7 p. m. Bradalbane. Sunday, June 27, Rose Valley reopening services after interior renovation. Services at 11 a. m. and 7:30 p. m. Special speakers and music. 3 p. m. Gaelic service. L-1666-6-19-11

POLICE COURT—At the Police Court yesterday morning a man charged with an attempt to steal coal from the C. N. R. was fined \$10.00 and costs of fifteen days in jail. The defendant in an Excise case, unlawful possession of liquor, was remanded in custody until today. A sanitary case was disposed of.

BIBLE SOCIETY MEETINGS FOR THE COMING WEEK—Rev. W. E. Cholerton, who is substituting for Rev. J. M. Murchison the District Secretary, will speak on Sunday morning at 11 a. m. in the Baptist Church at Cavendish, and in the evening at Hunter River United. On Monday evening at Hampshire United. On Tuesday evening Mrs. Cholerton will speak at the United Church Kingston, while Mr. Cholerton attends the Eastern Baptist Association at Upper Seabville. On Thursday evening at New Dominion United and on Friday evening at Church Hill Presbyterian. L-1693.

Racial Differences Said Widening

KINGSTON, Ont., June 18 (CP)—Existence of a widening breach between Canada's two racial sections assumed first place in the foreign policy discussion which wound up the second conference on Canadian-American affairs here today.

Where some were advocating a more definite foreign policy for Canada, two speakers, Paul Martin, Windsor Ont. parliamentarian, and Prof. Norman MacKenzie, University of Toronto, suggested Canada should put her own house in order before becoming entangled further in European troubles, by resolving the breach between her French and English-speaking populations.

She could also first perfect her relations with her North American neighbors, with active membership in the Pan-American Union.

LADY SOMERS DUE IN MONTREAL SUNDAY

MONTREAL, Que., June 18 (CP)—The liner "Lady Somers," Canadian National Steamships, is due at shed 14 here at 7:00 p. m. D.S.T. on Sunday, returning from a 25 day round voyage cruise to Bermuda, the Bahama Islands and Jamaica, bringing back a full list of passengers who have been on a holiday voyage to these southern colonies.

SEVEN OAKS, Kent, June 18 (CP Cable)—Rt. Rev. James Edward Cowell, former Anglican Bishop of Calcutta, who was known as "the biggest bishop in the world" because of his size, died today. He was 83.

Dr. Weidman, a bachelor, was one of the church's most colorful personalities and an orator famous for his frankness on such subjects as sterilization, movies, gambling, the church and education.

As headmaster of Harrow from 1885 to 1898 he had charge of several boys who afterwards turned out to be leaders of the nation. They included Stanley Baldwin and Winston Churchill.

He shall probably go down to posterity as the Headmaster of Harrow who was forced reluctantly to punish—may, even fog—the rebellious Winston Churchill. Weidman once said.

He was for nearly 20 years chairman of the anti-gambling league and supported a bill to legalize the introduction of the totalisator.

Dr. Weidman was a critic of "the modern woman," and once remarked: "I regret that woman should condescend to the imitation of man's habits. They lose rather than gain respect by loudness of voice or manner, by drinking cocktails or smoking tobacco."

Potato Shippers Discuss Problems

Dissatisfaction With Re-inspection Service Voiced At Largely Attended Meeting Held Yesterday.

Matters of complaint with regard to reinspection of potato cars and other shipping problems were discussed at a largely attended meeting of licensed potato and turnip shippers, together with their loading agents and the inspectors under the Fruit and Vegetable Act in the board room of the City Building yesterday. About 150 were in attendance, representing shipping organizations all over the Province.

The meeting, at which Mr. L. H. Poole, Montague, presided, with Mr. J. W. Boulter, Charlottetown, as secretary, was the result of a small gathering of shippers held two weeks ago to protest against the de-grading of cars of potatoes at destination which had passed satisfactory inspection at point of shipment. It was felt advisable to call the shippers together to have a general discussion, and if possible devise some way to avoid the heavy expense resulting from a car not meeting the grade requirements at destination.

Following this explanation a discussion took place as to why there should be difference of opinion among inspectors working under the same Act, on a car of potatoes which would not be more than five days in transit. It was felt that this Province had a good body of inspectors generally, many of them with a great deal more experience than those who were re-inspecting the cars. The question arose as to whether shippers were getting a fair deal on the re-inspection.

It was suggested that it would be possible for shippers on a falling market to introduce potatoes of an inferior grade in sufficient quantities to have the car rejected on re-inspection, and it was felt that a railway official should be present when the seals were broken on a car. If the receiver demanded re-inspection, the car should be re-sealed by the railway official and not broken again until the inspector was present.

Exchange of Inspectors

It was also felt, in view of the dissatisfaction resulting from re-inspection which occurred almost entirely in Toronto, that it would be wise if the inspection service would exchange inspectors, having full time be paid a straight salary from Oct. 1 to January.

The question of the size of sacks used was discussed. The shippers desired that only sacks of 50 lbs. and 100 lbs. size be used, thus cutting out the 90 lb and 150 lb sacks which are now in use.

A resolution was passed requiring the secretary to convey the opinions of the meeting to the officials of the Fruit Branch in the hope of obtaining readjustment of the matters complained of.

REPUBLICAN STEEL REJECTS BOARD PLEA

Request For Maintenance Of Steel Strike "Status Quo" Pending Enquiry Is Approved.

CLEVELAND, June 18 (AP)—Charging a "veritable reign of anarchy exists" and that "civil authority has broken down completely before the terrorism of the Committee for Industrial Organization," the Republic Steel Corporation issued a statement tonight opposing Secretary of Labor Frances Perkins' plea for maintenance of the steel strike "status quo" while Federal mediation is under way.

"Any suggestion that the 'status quo' of plant operations be maintained during the work of the Federal Mediation Board is destructive of the rights of thousands of workers, idle for nearly four weeks, who want to go back to their jobs," the statement said.

At the same time, in Washington, D.C., Senator Arthur Vandenberg, Republican of Michigan, assailed the selection of President Roosevelt's three-man steel mediation board, which will open its fact-finding investigation tomorrow with headquarters in Cleveland.

Senator Vandenberg asserted it would appear that Miss Perkins' Board "like the President who chose them, may have prejudged the case to a damaging degree."

In Washington today the Steel Workers Organizing Committee filed charges with the National Labor Relations Board, accusing Republic Steel of violating the Wagner Labor Relations Act by intimidation, discharging employees and sponsoring "back-to-work" movements.

The statement of Republic Steel followed quickly after an abortive attempt by 200 non-striking employees of the Republic Steel Plant at Canton, O., to stage a "back-to-work" march with the announced intention of breaking through C.I.O. picket lines.

SEVEN OAKS, Kent, June 18 (CP Cable)—Rt. Rev. James Edward Cowell, former Anglican Bishop of Calcutta, who was known as "the biggest bishop in the world" because of his size, died today. He was 83.

Dr. Weidman, a bachelor, was one of the church's most colorful personalities and an orator famous for his frankness on such subjects as sterilization, movies, gambling, the church and education.

As headmaster of Harrow from 1885 to 1898 he had charge of several boys who afterwards turned out to be leaders of the nation. They included Stanley Baldwin and Winston Churchill.

He shall probably go down to posterity as the Headmaster of Harrow who was forced reluctantly to punish—may, even fog—the rebellious Winston Churchill. Weidman once said.

He was for nearly 20 years chairman of the anti-gambling league and supported a bill to legalize the introduction of the totalisator.

Dr. Weidman was a critic of "the modern woman," and once remarked: "I regret that woman should condescend to the imitation of man's habits. They lose rather than gain respect by loudness of voice or manner, by drinking cocktails or smoking tobacco."

Former French President Dies

Gaston Doumergue

AIGUES-VIVES, France, June 18 (AP)—Gaston Doumergue, "papa" and "gastronome" to most of France, died today in this ancient village of his birth which he left as president and which he led France through premiership days of political strife.

Death came suddenly to the retired 73-year-old statesman. He awakened in apparent good health this morning. A few minutes later, his wife said, he died without regaining consciousness. Death was due to an embolism, a physician said.

Tonight the body of the former President lay upon a bed within the family home. Old friends and neighbors formed in line to file past the bier and pay last respects.

And in the Chamber of Deputies at Paris there was tribute from the man who felled the Doumergue Cabinet in 1934 and caused the old man to retire, disheartened and weary.

Sdourd Herriot was the eulogist.

P. E. ISLAND (Continued from page 1)

Canadian cropped out many times in his testimony.

They said that of 583 personal holding corporations known to have been set up in recent years "where taxes are low," 243 were in Prince Edward Island. The statement brought from Premier Thane Campbell at Charlottetown the comment that he did not believe personal holding companies established in Prince Edward Island had "anything to do with the situation in the United States."

They testified that Bache, who apparently acted with an honest conviction that he was within his legal rights in transferring \$1,000,000 to a company formed in Canada and thereby relieving himself of the receipt of income which had previously resulted in the payment of substantial taxes.

Groves formed a Nassau Corporation which bought stock in the General Investment Corporation from shareholders through a \$2,500,000 deposit the American was said to have placed in the Royal Bank of Canada.

The Treasury officer testified the Nassau Corporation sold the stock back to General Investment, with which Groves was associated, at a \$350,000 profit. The profit was untaxable here.

However, the highpoint of Trevelyan's lengthy testimony concerning these Canadian came when he told Senator Harrison, Mississippi Democrat, an aide-vie-chairman of the Commission, in reply to a question that:

"Special Dispensation"

"He (Shick) drew a pension as a retired United States Army officer until Dec. 18, 1935, when he became a Canadian citizen by special dispensation from the Prime Minister of Canada."

They said it was common knowledge that Shick's razor "proved very profitable to the inventor through sales to citizens of the United States."

SOVIET FLIERS (Continued from page 1)

fliers came from the Royal Canadian Signal Corps Station at Edmonton, Alberta, which reported the plane left Moscow at 11 p. m. A.D.T. last night.

Deep secrecy veiled the amazing adventure until Gorkham made public the first message.

Alexander Troynovskiy, Russian Ambassador to the United States together with other Soviet representatives and a staff of technicians appeared here unheralded to watch the progress of the flight and welcome the three aviators expected here Sunday.

For several hours Russian officials and United States government authorities maintained silence about the undertaking, apparently due to Soviet authorities' desire to keep the flight a secret as long as possible.

This policy was attributed to the fact that Sigmund Levantitsky, Russia's premier aviator, failed in a similar attempt two years ago.

Allan Bonalle, national aeronautical representative in Canada, was requested to check the plane's instruments. The plane had sufficient fuel for 100 hours in the air and food for three days.

INCORPORATED HERE

OTTAWA, June 18 (CP)—The following incorporations were contained in the current issue of the Canada Gazette: Fairville Co. Ltd., \$100,000, Charlottetown; Sheldonian Co. Ltd., \$100,000, Charlottetown.
