—Friends of the Guardian in Prince County are asking what has happened to some of the correspondents, as there is no news from certain sections. The Guardian cannot have a man everywhere so friends should read in news as often as possible.

—Immediately after the routine business was gone through with the Alberton Division on Tuesday adjourned to spend a social hour. It was in honor of Miss Ebel Montgomery who has been a faithful worker in the Division and who intends to leave for Boston on Saturday.

—The Mill River draw bridge was badly damaged during the storm Thursday and cannot be crossed until repairs are made. The draw is said to have fallen and the abutments to which it was attached are badly twisted. A warning has been attached to the bridge for some time to the effect that it was unsafe for teams to travel over and the damage which it has now received is likely all for the best as a drowning accident might have occurred. It is important that it be repaired at once as the travel over it at this season of the year is very large.

### SELECT YOUR MEDICINE WITH CARE

In debility and weakness medicine should be mild and far reaching. Many pills and purgatives are too harsh, are drastic instead of curative. Excessive action is always followed by depression, and knowing this, Dr. Hamill on devised his pills of Mandrake and Butternut so as to mildly increase liver and kidney activity, flush out the elementary canal, tone and regulate the bowels. Thus do Dr. Hamill's Pills eliminate poisons from the body, restore clearness to the skin, bring strength and that sweet restorer of health—sleep. Best medicine on earth. Keep a box at all dealers.

That little account we sent you Nov. 1st. We have use for the money. Kindly attend and oblige. Cameron & Co. 11-8dtf
