FATHERLESS FROG.

WASHINGTON, Sept. 23.—The "fatherless frog," is in Washington. He has two bulging green eyes, a big white throat, and for all the world looks just the same as millions of his brothers who occupy thrones on lily pads in some muddy creek. However, according to Professor Jacques Loeb of the Rockefeller Institute of Research, this particular Mr. Frog, on exhibition before the Congress of Hygiene and Demography here, was hatched from the egg of a female by chemical process.

While visitors are greatly interested in this orphan frog, learned professors are busy challenging parentage.

Professor Loeb stated that his fatherless frog was the culmination of years of effort, and that with but little more study he will be able to produce other forms of life resulting from his study of parthenogenesis.

The special passenger train will leave Charlottetown at 10.30 p. m. tonight for Summerside.

About two thousand seven hundred passengers came to Charlottetown on the differeent trains to attend the provincial Exhibition yesterday.

The funeral of the late Henry Weeks will take place today, Thursday, at 4 p. m. and not on Friday as incorrectly inserted in yesterday's Patriot.

The public meeting of last evening was largely attended by citizens as well as by the teachers. Acting Premier McKinnon presided. With him on the platform were a large number of the public spirited citizens.

Inspiring and instructive addresses were delivered by Dr. Perrin and Dr. Soloan, of the Truro Normal College. At to-day's session Mr. Clarke, of the Experimental Farm and the Superintendent of Education will speak.

At the Baptist parsonage last night a very pretty wedding ceremony was performed by Rev. Z. L. Fash, when Alexander Archibald Gillis, North Sydney, N. S., and Ada Lilian Fraser, East Point, P. E. REMARKABLE CURES.

PARIS, September 24—Widespread interest has been aroused by a communication made by Dr. Doyen at the San Sebastian Tuberculosis Congress on the results of his new phagogenic treatment for consumption.

Of 1,032 patients, suffering from the first stages of tuberculosis, who were treated in his institute in Paris by this method, 51 per cent. were cured, and the others showed marked improvement. Of 786 persons in a more serious condition 28 per cent. were cured, others showing an improvement. Of 294, who had arrived at the third or most serious stage, 102 made great progress under the treatment.

Dr. Toyen states that in view of these results he is now seeking to displace hypodermic injections, which are sometimes very painful, by a simple drinkable solution of phagogene. This, if practicable, will, he asserts, be of the greatest value and will place the treatment within the reach of the poorer classes, who will be able to follow it without quitting their work.

TRY TO TABOO N. S. W. HOUSE IN PROTEST.

SYDNEY, N. S. W., Sept. 25.—The incident which resulted in the exclusion of the staff of the Sydney Daily Telegraph from the reporter's gallery in the Legislative Assembly has resulted in the passing of a new standing order giving the House discretion to exclude newspaper representatives from the debates.

Under this order the staff of the Daily Telegraph has been readmitted to the debates of the Assembly. The indignation of the pressmen, at the treatment measured out to the Daily Telegraph showed itself in the attempt made by them to induce their employers to taboo Parliament. On this account the Speaker states that he has arranged for the issue of a daily Hansard.

NEW ZEALAND'S DEFENCE.

LONDON, September 24—The Times Wellington correspondent says the Dominion of New Zealand publishes its cable reports under the heading Liberal Press Attacks New Zealand Defence Scheme, New British Public Is Gulled, and urges the Government to instruct the High Commissioner to state the facts. The Post ridicules this campaign of slander and denies that the act is jingoism, tyrannical or unpopular. The number of territorials registered is 28,600, an excess of 1,520 over the number estimated as liable. Senior cadets number 33,197. There has been some 50 imprisonments which represent under 1 per cent. of the registrations at camp, attendance at which were 82 per cent. It is a common experience for recruits who enter into camp reluctantly to leave it unwillingly. The scheme hasn't failed, the article concludes, but is an astonishing success.

MYSTERIOUS ASSISTANT.

AMARILLO, Texas, Sept. 22.—The mysterious assistant of John Beal Sneed, in his concealment for a week at Amarillo, near the scene of the killing of Al. G. Boyce, Jr., was, it is alleged, B. B. Epping, a farmer on the Sneed farm near Paducah, Texas. Epping was arrested late yesterday. He was identified by O. J. Gilvin, from whom he rented the house here, and in which Sneed is said to have been concealed, and by I. J. Kendrick, from whom he purchased the window shades put in the house the day before Boyce was killed.

According to District Attorney Bishop, Epping admits being in Amarillo with Sneed, but denies any knowledge of a plan to kill Boyce.

Epping arrived in Quanah, Texas, on the train that left Amarillo at 6.35 o'clock last Saturday evening, the day of the tragedy. Boyce was killed about 4.30 p. m.

DIES FROM KICK.

WATERTOWN, N. Y., Sept. 23—The first football fatality of the season occurred Saturday, when Cevlon Starrin, aged 15 years, of Couvernor, while playing the game there, was kicked in the stomach, dying this morning.

HAIR STOPS FALLING, DANDRUFF DISAPPEARS—25 CENT "DANDERINE"

Save your Hair! Beautify it! Invigorate your scalp! Danderine grows hair and we can prove it

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine now will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.
