TUNE IN TO C.F.C.Y. at 8 o'clock Sunday evening to hear Darrel MacGuire's up-to-the-minute report on the activities of the United Emergency Fund for British Campaign.

THE PROPOSED GEORGETOWN-PICTOU WINTER FERRY SERVICE - Residents of Montague and vicinity are greatly interested in the suggested winter ferry service at Georgetown, and have written to the Northumberland Ferries Ltd. to find out whether the ferry would use the Wood Island dock or would go to Georgetown. Would it be desirable to petition the Government to back such an enterprise by a special subsidy. They feel that passengers and truckers would be greatly benefited by a winter service. So far as coal supply is concerned, the Montague people claim that 90 per cent of the coal brought into the district this year came by the Northumberland Ferries.

MISCELLANEOUS SHOWER - On Friday evening, November 19th, prior to her marriage on Wednesday, the 24th, friends and relatives of Miss Hylia Owen gathered at the home of her parents, Mr. and Mrs. John Thorne, Charlottetown, to tender a shower in honor of her approaching marriage. The bride-to-be wore a pink rose in her hair, given to her by Mrs. John Warren. The seat of honor was gallily decorated in pink and white streamers. The bride-to-be was escorted to the seat of honor by Miss Georgie Nichol. The baskets of gifts were taken in by Misses Marlon Peake and Doris Butler, who also opened the gifts. The verses were read by Marlon Peake. Hylia then thanked one and all for remembering her on this occasion and all joined in singing "For She's A Jolly Good Fellow." A delectable lunch was served by the ladies and then wishing Hylia many years of happy wedded life all departed to their homes.

The Existing Fish & Game Legislation

An unofficial consolidation of the Provincial Fish and Game Act and numerous amendments thereto, continued from Thursday's Guardian.

25. The following Acts are hereby repealed: Act 18 George V., Chapter 18. Act 19 George V., Chapter 18. Act 22 George V., Chapter 15. Act 24 George V., Chapter 10. Act 1 Edward VIII., Chapter 8.

26. The Minister of Agriculture may pay a bounty to any inhabitant of the Province of Prince Edward Island who proves to him in the manner hereafter determined that he has killed one or more skunks within the Province. The amount of the bounty for each skunk destroyed shall be fixed by the Lieutenant-Governor-in-Council. The fore feet, head or any other part of the destroyed skunk that the Lieutenant-Governor-in-Council may be regulation direct, shall be cleaned and sent or delivered to the Minister of Agriculture at the shipper's expense with a statutory declaration made before a Justice of the Peace for the County in which the place where and the date on which he killed such skunk.

(a) From and after the 30th day of April 1947, no Bounty shall be paid in respect of any skunk killed after that date, unless the Lieutenant-Governor-in-Council by Order-in-Council otherwise direct and provide.

(Chapter 16, 1947) 27. (1) The administration of this Act shall be under a Minister of the Crown to be designated by the Lieutenant-Governor-in-Council. (2) Wherever in this Act reference is made to Minister or Minister of Agriculture, the same shall be read as if the Minister so designated had been named therein.

(3) The Minister shall furnish at cost notices with the legend "Fish and Game" and have inscribed in large letters "Enclosed Property."

28. The Governor-in-Council shall have power to adopt by Order-in-Council any regulations to better carry out the provisions of this Act, but not inconsistent therewith. Penalties imposed by or under the authority of this Act shall be recoverable under the procedure provided by Part XV of the Criminal Code of Canada.

31. Nothing in The Game Act, 1937, shall be construed as conferring power on any Justice of the Peace to hear and determine any case in which any question arises as to the title to any lands.

32. Anyone who shall fish for or retain any trout that is less than six inches in length, measured from the end of the nose to the centre of the tail, and anyone who catches any trout less than six inches in length shall immediately return it alive and uninjured to the water.

33. All persons owning or operating a boat or boats used in fishing in any pond or river and whose boat or boats are leased, loaned or hired to the public for fishing or any other recreational activity at whatever, shall be required to obtain annually, a license establishing that such boats are in a clean, safe, seaworthy condition before such boats are leased, loaned or hired. The cost of such license shall be twenty-five cents for each boat and shall be issued by the Game Warden, only when he is satisfied that the boat for which the license is issued is clean, safe, and seaworthy. Such license shall be cancelled at any time if the boat to which it applies, is found to be in a dirty, unsafe or unseaworthy condition and shall only be reissued at an additional charge of twenty-five cents when the Game Warden is again satisfied that the boat has been cleaned or made safe or seaworthy. Any person lending, leasing or hiring an unlicensed boat or a boat for which the license has been cancelled, shall be liable on summary conviction, to a penalty of ten dollars or in default of payment to be imprisoned for a term not exceeding 30 days.

Back Stretch

(Continued from Page 6)

In the twenty-one weeks racing there, Harry Coleman, who handles the horses of Arthur B. McGee of Augusta, tops the list with \$19,695, having won 85 heats. In second place is Herb Bond, who won 48 heats and \$13,260 in money. Among the horses in Harry Coleman's stable is Ann Clegg 2:09 4-5, Linn Mite 2:10 and Janette Dais 2:05 2-5. These were formerly owned by George A. Callock, C. H. Horton and Willard Kelly, respectively, and there is also Bonnie Kalmuck not to be overlooked, as she had quite a winning streak since Myron MacArthur sold her to Mr. McGee. The total amount passed through the mutuels in the State of Maine this year was \$6,154,488.

The enormous sum of \$88,491,889 passed through the pari-mutuels at Roosevelt Raceway this season. The nightly average was \$610,288. The Canadian driver Clint Hodgins was the leading dash winning driver. In 365 heats he was home first 61 times. Jimmie Cruise, who made a sensational win with Goose Bay in the \$40,000 pace, was the busiest driver at Roosevelt, taking part in no less than 408 heats. The leading driver was Harry Thomas, and curious to relate, his son Richard was just one point behind him for the honors.

Oclave Blake of Newport Stock Farm, Vermont, seems to be a rather good man to buy race horses from. Last fall he sold several of which he received a total of \$11,045. This year the new owners won \$35,515 with the former Blake horses. A mighty good profit, don't you think?

Exhibitions against time are seldom advertised now, but in earlier days of harness horse racing they had their own crowd appeal and were featured parts of racing programs. The celebrated Goldsmith Maid, that travelled more miles on a railway than any other horse that ever lived and equalled her record of 2:14 1/2 trotting, which was at one time the world's record, when she was nineteen years old, earned a sum estimated at almost a million dollars during exhibition miles. Her success in drawing crowds caused race promoters to put on similar contests against time with succeeding trotters and pacers.

In 1902 and until 1906 the sensational pacer Dan Patch held the spotlight. His owner, M.W. Savage, said by some to be a former Prince Edward Islander, arranged exhibitions at state fairs, making a deal for the poorest day which was usually the first or last day of the fair. Then he would plaster the country with posters and the cities with advertising. It is estimated that he collected over a million dollars in profits. Dan Patch never disappointed his audience and seemed to like giving exhibitions of speed and receiving the applause from the grand stands. His mile in 1:55 1/2 was long the world's pacing record but it was finally eclipsed by Billy Direct's 1:53.

The first trotter to step in 2:10 was Jay Eye See, that tramped in that notch at Providence, R. I., August 1st, 1884. Of course he raced to high-wheeled sulky which was between four to six seconds slower than the bike used now.

Ed "Pop" Geers, a man whose fame will never die, claimed that Hal Pointer was the greatest horse he ever drove anywhere, at any time. He was the easiest to

New Referee For Cape Breton League

(By The Canadian Press)

SYDNEY, N. S., Nov. 26.—Maurice Walsh of Toronto, former Ontario Hockey Association referee, arrived here yesterday to take over as referee-in-chief of the Cape Breton Senior Hockey League.

BRITAIN'S POWER SUPPLY

Britain's electricity comes from 300 generating stations with a capacity of 12,000,000 kilowatts.

handle too, said Geers, was fast, game, very durable and had a lot of racing sense. His career started in 1898 and was completed in the fall of 1899. Some of his races went to five heats and more and he was up against the fastest pacers in the world. He started 45 times and was victorious in 33. In 1902 Geers had Direct Hal that started in thirteen races and won them all. He earned \$25,500 and is one of the very few harness horses that was retired undefeated.

Some day we are going to write the story of Sleepy Tom, a blind pacer that had astounding speed. Steve Phillips wanted him and offered a colt in exchange, but the owner was not interested and finally Steve got Sleepy Tom for the colt, \$7.50 in cash, an old watch and a bottle of whiskey. Sleepy Tom raced from 1876 to 1880 and set the mile record pacing at 2:12 1/4, which was then considered breath-taking and created the greatest interest in harness horse circles throughout the United States and Canada.

Horsemen friends of Johnny Gay, popular butcher and small driver of Montague, were pleased to see him in the city yesterday. He is the owner of the dependable pacing mare Lela Budions 2:13 1/4, that was in the money in all her starts this season.

Hunters' Corner

(Continued from Page 6)

River section of Queen's. Fortune and Rollo Bay appear to harbour the bulk of the King's County Geese.

Geese have changed their habits and at long last have fallen back on eel grass as the main item of diet. The easy pickings in the stubble fields, at least stubble shooting will appear easy after one has tried deep water shooting of Canada geese, will soon be nothing but a fond memory to this scribe's way of thinking. It's a good thing for we will never have the massed fall flights of geese we had in the old days till the birds begin to feed in the comparative safety of our Bays and offshore tidal flats.

When this day comes, and methinks it's in the offing now, we may look for thousands of geese to arrive in late September and early October. I will remember the October and November nights when the sonorous honking of the massed concentrations of geese off Orwell filled the nights with a veritable crescendo of wild music and caused tired farmers to turn in their beds and then swear themselves to sleep again.

The waterfowl situation at present is putting a heavy strain upon local gunners. We find ourselves with a closed season, open highways and thousands of fat geese and ducks congregated along our shores. The black duck flight is heavy this fall although mid weather kept the kill down during the biggest part of November.

Whistlers too are abundant in certain areas. Those white breasted chunkish bodied ducks make sporty targets and besides it takes a lot of shot to bring them down. They are splendid table birds and sometimes are better flavoured than late season blacks. Don't get impatient boys... there's another year coming and it's better to see thousands of birds on the move after the season closes than none at all. Then again it might prove a trifle costly if one yielded to the urge to snaffle an extra duck dinner. Unseen eyes are watching and, as the old radio thriller had it—"The Shadow Knows."
