

**"That's what makes teeth dull and cloudy"**

a dingy film that ordinary brushing will not remove successfully. A new way to remove it.

The greatest destroyer of lovely sparkling teeth, dental science knows as film. The source of most serious tooth and gum disorders is likewise film.

You can feel film with your tongue—a slippery, sticky coating. It clings to teeth and gets into crevices and stays. It absorbs stains from food and smoking. Germs by the millions breed in it, and they, plus tartar,

are the chief cause of pyorrhea. To remove film, dentists prescribe the special film-removing dentifrice called Pepsodent. In a few days teeth grow whiter and begin to sparkle. They continue to improve for months. Start today. Get Pepsodent at any drug counter or write for free 10-day supply to The Pepsodent Co., 191 George St., Toronto 2, Ont., Canada.

**MRS. LEONARD GARDINER**

It was with sad regret her friends learned on September 27th that Hazel Euphemia, beloved wife of Mr. Leonard Gardiner, passed away at her home in Cape Traverse P.E.I., at the early age of 37 years.

Although not in her usual good health for the past four months no one dreamed that the end was so near and her friends looked forward to an early recovery yet God willed otherwise and her gentle spirit took flight to Him who giveth it.

Hazel was of a gentle, loving disposition, a true Christian and the dearest pleasure she got from this world was tending to the wants of her little family, yet when she knew the end was near, bade them adieu with true Christian fortitude to go to be forever with her God.

She was the only daughter of William Macdonald and Mrs. MacDonald of Long Creek and besides these loving parents she leaves to mourn her disconsolate husband and four children George, Verna, Harry Gordon and Dorothy and also two brothers, Albert of St. John, New Brunswick and Irving at home, (her elder brother Harry having given up his life in the great war) to all of whom we extend our sincere and deepest sympathy.

Miss Scott, the local school teacher, who was boarding at the Heath home, and who narrowly escaped with her own life after a heroic effort to save Mrs. Heath, accused a threshing gang camped in the farm-yard, but they could do nothing.

The death of the three wipes out the entire Heath family. Mr. and Mrs. Heath had lived in the district for some eighteen years.

**—DIED AT EARLY AGE.—**

Miss Sadie Arsenault died unexpectedly at the Prince County Hospital on Friday last after only a week's illness at the early age of twenty four years. Although in somewhat poor health for several months, her death came as a great shock to her family and friends. The deceased was of a quiet, loving and industrious disposition and being oldest daughter of a family of nine children she had been a great help to her widowed mother since her father's death about seven years ago. She was a faithful member of the Society of the Children of Mary of St. Paul's Church, Summerside and the last rites of the church were administered to her by her pastor, Rev. Urban Gillis. There are left to mourn their sad and untimely loss her mother, Mrs. Arsene Arsenault, of Egmont Bay, four brothers and four sisters, namely: Olear, Theodore, Evangeline, Sylvia, Aldona, Eleanor, Alfred and Ernest, all at home. The funeral took place on Sunday to the church and cemetery at Egmont Bay, Rev. F. X. Gallant officiating and was largely attended.—S.

**PERSONALS**

A letter received by a friend in Summerside from Miss Nita Hensley, formerly of this town, gives the interesting information that the Hensley family are now located in Victoria, B. C.

Mr. George B. Nicholson, Ex. M. P. of Chapleau, Ontario, has been visiting the Island, after an absence of forty years. Mr. Nicholson was born in Crapaud and left the Island when only ten years of age. Before leaving for his home he was the guest last week of his cousin, Mrs. W. J. Buchanan, Summerside.—S.

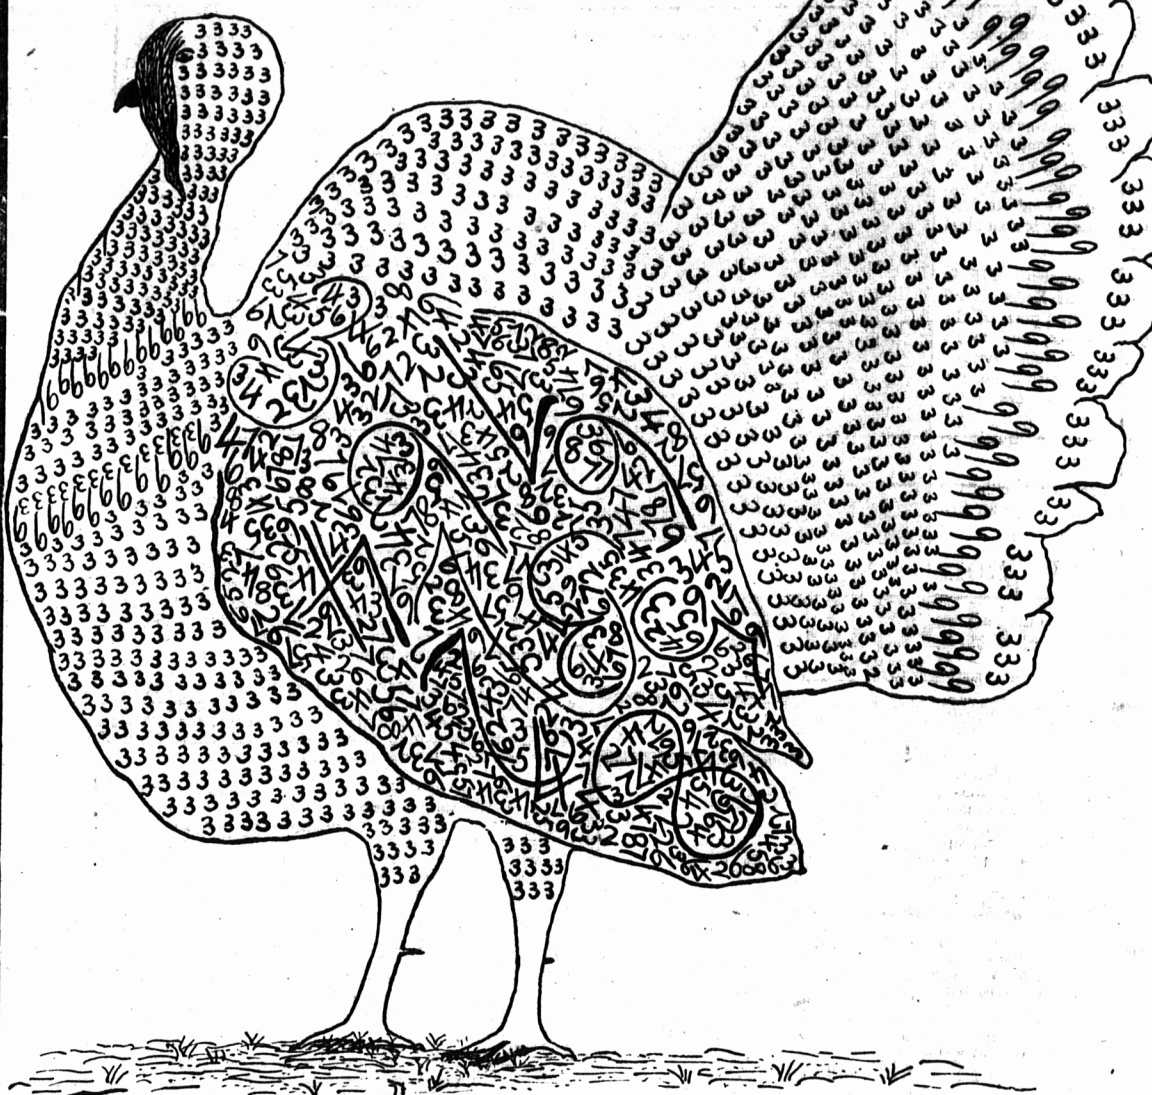

**PROSPEROUS SEASON FOR LUNENBURG FISHERMEN IS ASSURED**

LUNENBURG, N. S., Oct. 27.—The Lunenburg deep-sea fishing fleet has just completed a very successful season. The value of the total catch for 1928, estimated at nearly two million dollars, is nearly one-half million more than the estimated value of last year. This increase in value in face of the fact that the total catch is a few thousand quintals smaller than last year points to the good prices ruling and the general high quality of the fish caught. The total catch for the season is estimated at about 225,875 quintals fish. Last year the total catch was 227,590 quintals.

The high line for the season was the schooner "Lucey Corkum" Captain William Deal, whose catch for the three trips was 4,750 quintals. The Autauga, Captain Arvid Parks and Lois J. Thomas, 4,500 each. The W. E. Knock, Captain William Deal, with 4,450 quintals was third. Pauline Winters, Captain Henry Winters, which led the fleet last year, came fourth with 4,200 quintals. Several captains, on their return from the third trip, which is usually the last of the season, fitted out again, and went on a fall trip. The fish will not be cured until the spring, because of the lateness of the season. A trip to the Banks in the fall is generally very rough, and as a rule only three or four vessels hazard it. This year, evi-
