

### Laying the Foundation

The large majority of business successes have had their inception in a savings account.

Not only does a savings account aid in accumulating capital for a start, but it gives a young man confidence in himself because he knows that no matter what may happen, he has something in reserve.

The Bank of Nova Scotia, one of the oldest institutions in Canada, invites you to open your savings account at any of its branches.

**WILTON LACKAYE Does Great Work In Screen Play**

PANTOMIME ENABLES UNUSUAL EXPRESSION SAYS FAMOUS ACTOR

Daniel Carson Goodman's much discussed photoplay "What's Wrong With the Women?" now placing that age old problem before the whole world brings again to the screen that skilful player, Wilton Lackaye, whose performance is one of the brilliant high-lights of the production, the attraction at the Prince Edward Theatre, Wednesday and Thursday April 18 and 19. His great talents rounded and matured, Wilton Lackaye invests his role with a finish and distinction that could come only from the long years he devoted to the advancement of the American theatre as one of its most popular and distinguished figures.

That the screen affords the actor a splendid opportunity to give expression and scope to his talents is the belief of this distinguished player.

"The art of pantomime as expressed in motion pictures," Mr. Lackaye asserted "is a welcome opportunity to actors and actresses of the present generation. It is especially welcome because it affords them an opportunity to place their personalities and their talents before an audience much larger than the public that attends the legitimate theatre. And to the true artist this means much indeed. Those misguided folk who still maintain that the photoplay is the stepchild of the legitimate theatre make a great mistake, to be sure."

### Battle of Sexes Theme of Picture

**DANIEL CARSON GOODMAN'S "WHAT'S WRONG WITH THE WOMEN?" TO BE SHOWN**

The eternal battle of the sexes, raging from the very dawn of the human race, is the theme of Daniel Carson Goodman's powerfully dramatic and prophetic photoplay, "What's Wrong With the Women?" which opens its engagement of two days at the Prince Edward Theatre Wednesday April 18.

Woman, according to the view of Mr. Goodman, long noted as a writer and producer of plays for the stage and screen, has realized that if she is to hold her own in this, one of life's greatest battles—the battle of her own sex—she must borrow from the weapons of experience.

That is why Mr. Goodman shows in bold and powerful strokes, she does not disdain the roug pol, the power puff, the pencil, the art of the manicurist and the subtlety of the dress-makers.

Mr. Goodman employs real characters of flesh and blood to tell his amazing story on the screen but he goes far beyond mere individuals. He treats the theme as a massive human canvas—as a world problem for the answer to which great men have been vainly groping for centuries.

"What's Wrong With the Women?" is not unkind to womanhood. It is in no sense a sermon or propaganda in behalf of mere men. But it reveals the modern woman in all her strength and weakness and shows by means of a tremendously dramatic human story how woman, in the present high-powered era of jazz and boot-leggers, can best serve society.

In the east are such noted players as Wilton Lackaye, Rod La Rocque, Barbara Castleon, Montague Love, Huntley Gordon, Julia Swayne Gordon, Constance Bennett, Hedda Hopper and Mrs. Oscar Hammerstein. R. William Neil was the director and the picture was made for Equity.

Gentlemen:—We want to call your attention to the fact that Messrs. C. W. Lindsay Ltd., of Ottawa have sold and placed in the Press Room of the Parliament Buildings at Ottawa an Empire Walnut Inlaid which is a beautiful instrument, together with a bench.

This is a nice sale and in such a prominent place as the reception room of the Press Gallery in the House of Commons is another token of the esteem in which the Heintzman & Co piano is held. It has been seen and admired by hundreds of visitors and will be a standing advertisement for many years to come.

Yours truly,
