..*SACRAMENT SERVICE.—The Sacrament of the Lord's Supper will be dispersed in the Presbyterian Church, Annandale at 11 a. m. on Sabbath morning. Preparatory service Friday night at 8 o'clock.

..*MEND THE ROADS.—It would be a good idea for the authorities to see that such dangerous holes such as the one which is opposite the Town Hall Bridge are filled up thus saving perhaps the life or limb of some unfortunate horse.—G.

..*A WELCOME VISITOR.—Rev. M. N. McLeod former pastor of Presbyterian Congregations, Dundas, assisted Rev. Wm. McLeod from 19th to 23rd in Sacramental Service. He preached to large audiences four sermons excellent indeed. Many welcomed their former minister in their midst. May his latter days be brightest of all.

CAME TO CANADA TO ENLIST

New YORK.—A boyish looking member of one of the Canadian Highlander companies, who arrived in this city and are quartered in the armory of the Seventy-First Regiment at Park avenue and Thirty Fourth street, is looking for some American relatives, who he believes are residents of this city. The young soldier's name is W. H. Collins, and he is a member of the 236th Battalion. His father is Dr. W. C. G. Collins, of the Gables, Brewham, England

The story of how Private Collins, who, judging from the way he rollls his "R's" is probably called "Wullie" by his father, came to enlist in Canada is a story of Scotch determination. About a year ago young Collins, enlisted in a company of Highlanders at Bath, England. He was considerably under eighteen years of age at that time, and his mother took steps to get him out of the British army. She was successful but that only made her son more determined to go to the front. He left home and worked his way to Canada, and immediately enlisted in the Canadian battalion, of which he is now a member. He hopes that he will be on his way to France before long, but before he leaves New York he is anxious to find his relatives.

COAL CITY MENACED

Haig's Forces Make Steady Progress Towards Lens

Haig is steadily driving towards the coal city. Large numbers of men and guns have been captured in the month's operations between Messines and Wytschaete Ridge. The foe's position at Lens grows daily more precarious. The mobilization of the human resources of Great Britain is proving superior to that of the enemy. There must be equal mobilization of Canadian resources. Every man and woman in the Dominion must be animated by the spirit of the soldiers in the firing line. The country must adopt the motto of the National Service Board—"Serve by giving." It must observe that motto by the immediate practise of thrift. It must abandon luxuries, eliminate waste, practise economy. And it must invest the money thus saved in War Savings Certificates. Every dollar the country can spare is needed for war purposes. Every man and woman in the country is faced with a direct war duty. Save your dollars and invest them in Government war bonds where they can be used for national purposes and employed to the best interest of the country. B.19.

"Direct Tailoring Service"

Your Clothier Tells You That You Are A "Standard 36"

AND then he tries to fit you with a "standard 36" coat. But take the various body dimensions of fifty men who are called "standard 36." You will find that not ten of them measure consistently the same on all of the important fit-deciding dimensions. It is "poor-fit" that sadden so many "Ready-Made" clothes buyers "Poor-fit" will vanish every virtue that can be stitched into a "Ready-Made" garment It will nullify the style and weaken the qualities. A single seam or section that pulls, binds, sags or bulges will often undermine the whole shape of the garment.

We hold that our Made-to-Measure Clothes are the best tailored and most staunchly constructed clothes in the Dominion. But we put our first emphasis on the fact that our Clothes are Made-to-Measure to the seventeen of the body dimensions a garment must fit; or we will not let you accept it.
