Minard's Liniment used by Physicians

Start Tomorrow and Keep it up Every Morning

GET INTO THE HABIT OF DRINKING A GLASS OF HOT WATER BEFORE BREAKFAST

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles according to hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infect the bowels, the quick result is poisons and toxins which are then absorbed into the blood, causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Popularity of New Dictionary Grows

Lawyer Praises Book — Money Well Spent He Declares.

Appreciation of the offer of The New Universities Dictionary being made by this paper to its readers is shown in the steady increase in the distribution. The popularity of the book has become more widespread, as those who were among the first to secure a copy have told their friends about the dictionary or have shown it to them. Each day the distributing clerks have been besieged by crowds of coupon-holders.

Many comment on the work in terms of highest praise. "I never spent ninety-eight cents to better purpose in my life," a well-known lawyer declared. "I have long been wanting just such a dictionary. It is thoroughly up to date, gives a simple, accurate definition of a lot of new words, and the illustrations are both interesting and instructive. Its convenient size and practical style of binding further recommend it."

The New Universities Dictionary was designed to serve as a guide to the correct use of today's English. It is accurate in its definitions and contains the latest and newest words whose general usage warrants their incorporation into a dictionary designed as this one was, primarily for everyday folks who want to speak and write the English language correctly and well.

One of the above claims to hail from Summerside, P. E. I., and stated he came to Moncton yesterday afternoon. About 2 o'clock this morning he accosted Officer Harris on Main Street, stating that he was looking for a room for the night. Just about that time Sergeant Collins appeared on the scene and his eyes caught sight of the rather bulky proportions of a large sized whiskey bottle looming up out of one pocket. This was sufficient to cause the P. E. Island wanderer of a night's lodging at headquarters, where he was escorted by the officers. The bottle contained a small quantity of liquor.

NASAL CATARRH

Though Very Common it is a Serious Disease—Worse at This Season.

It is an inflammation of the mucous membrane, causing a discharge, and is aggravated by colds and sudden changes of weather, but depends on an impure condition of the blood. When chronic it may develop into consumption by breaking down the delicate lung tissues and impairing the general health.

Begin treatment with Hood's Sarsaparilla at once. This medicine purifies the blood, removes the cause of the disease, and gives permanent relief. It has been entirely satisfactory to three generations.

If a cathartic is needed take Hood's Pills—they enliven the liver, regulate the bowels.

"MY HONOLULU GIRL"

There is just one beautiful thing of our another which is coming to the Prince Edward Theatre Monday and Tuesday, Oct. 27th and 28th. Matinee Tuesday. It's alluring appeal finds its origin in music, love, laughter, and beauty lover. It combines about everything to arouse public enthusiasm a pretty Hawaiian story, bewitching melodies from reamy Honolulu that will be long remembered, fantastically gowned beauties a troupe of native Hawaiians, and truly wonderful cast of musical comedy favorites.

Aside from the magnificent stage lectures is the wide variety of musical assembles and song numbers that are presented. Dreamy waltzes, lively one steps, tantalizing tangos, whirling eccentric dance tunes and modern ballads, all blend into a carefully arranged melange that pleases from start to finish.

"My Honolulu Girl" has a distinct Hawaiian atmosphere embellished with native Hawaiian, in native dances, songs and customs of beautiful Honolulu. An exact reproduction of the famous bathing beach at Waikiki, and a vivid production of the Volcano Glauca in eruption are big scenic surprises.

Among the big cast of musical comedy favorites will be found Eddie-Lew Craner, an eccentric comedian of the twenty-two carat variety; Madeleine McFere, a dainty, dashing comedienne; Sam Burton, Kathryn Purcell, and Miss Billie Emerson, a popular opera prima donna. A big chorus of Fifth Avenue beauties charmingly gowned adds to the magnificent production of "My Honolulu Girl." Seats on sale at the Box Office.
